Note 1. Description of the Plan

The following description of the Western Pacific Distributing, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2002 to qualify as a defined contribution retirement plan by Western Pacific Distributing, LLC (the "Company" or "Employer"). The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and an employer matching contribution under 401(m) of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Eligibility

The Plan covers substantially all of the Company's employees. The Company's employees are eligible to participate in the Plan after the completion of one year of service and upon attaining the age of 18. Eligible employees may enter the Plan on the first day of the Plan year quarter coinciding with or next following the date the eligibility requirements are satisfied.

Contributions

The Company's eligible employees may contribute from 1% up to 100% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

For the year ended December 31, 2019, the Company made a "safe harbor" contribution of 3% of each participant's compensation. The Company may also make discretionary profit sharing contributions as determined annually by management. To be eligible to share in the profit sharing contribution, participants must work at least 1,000 hours during the Plan year. For the year ended December 31, 2019, the Company made a profit sharing contribution of 4.5% of the eligible participants' compensation. Total Employer "safe harbor" and profit sharing contributions for 2019 were approximately $304,000 and $455,000, respectively.

Participants direct the investment of all contributions to their accounts into various investment options offered by the Plan.

Note 1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, and (b) Plan earnings less an allocation of investment and operating expenses charged to the Plan. Allocations of Company discretionary profit sharing contributions are allocated to participants who completed a year of service during the Plan year. Company discretionary profit sharing contributions are based upon the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Safe Harbor Election

The Plan elected has to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and investing schedules and meet the applicable "Safe Harbor" requirements. If the Plan meets the "safe harbor" requirements it is not subject to the ADP or ACP discrimination tests required by the IRC.

Vesting

Participants are 100% vested in their deferral contributions and Company safe harbor contributions and earnings on those contributions.

Company profit-sharing contributions, plus actual earnings thereon, are subject to a five year cliff vesting schedule by which participants only become 100% vested after five years of service.

Years of Vested Service	Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

One year of service is defined as completion of at least 1,000 hours of service in a consecutive 12 month period.

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their Company contributions and earnings on those contributions may be used to pay Plan level administrative expenses or to reduce Company contributions. During the year ended December 31, 2019, the Plan used approximately $10 to reduce administrative expenses. As of December 31, 2019 and 2018, there were approximately $2,700 and $2,600 of forfeitures available, respectively.

Note 1. Description of the Plan (continued)

Benefit Payments

If a participant's employment ceases as a result of normal retirement, death or disability, the participant or the participant's beneficiaries are automatically 100% vested and are entitled to receive the entire contents of the account. If a participant terminates for any other reason, the participant is entitled to receive only the vested percentage of the account. Upon termination of service for any reason other than death, a participant may elect to either receive a lump sum distribution equal to their vested interest in the account or roll over the distribution to an individual retirement account ("IRA") or another qualified plan. A participant's total vested benefit of less than $5,000 is subject to an involuntary cash-out distribution even if the participant does not consent to a distribution. A participant's total vested interest between $1,000 and $5,000 will be automatically rolled over to an IRA selected by the Company if the participant does not consent to a cash distribution and has not elected to have the balance rolled over into an IRA of their choosing. Any account balance not exceeding $1,000 may be immediately distributed in a lump sum payment. The account balance of a participant who has passed away will be distributed to the participant's beneficiaries. In service distributions are also permitted to participants who are over the age of 59½, subject to certain restrictions.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan. Fees related to the administration of notes receivable from participants and certain fees related to distributions are charged directly to participant's accounts and are included in administration expense. Additionally, plan recordkeeping fees and investment consulting fees that are not paid by forfeitures are charged directly to participant accounts. Investment related expenses are included in net appreciation of fair value measurements.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is determined by the Plan to be the prime rate plus 1%. The Plan allows one loan outstanding for every participant at any time. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest are paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Note 1. Description of the Plan (continued)

Contribution Funding

The Company funds its participant contributions on a semi-monthly and weekly basis concurrent with each pay period and funds its Employer contributions on a yearly basis.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets. Except for forfeitures (see Note 1), the net assets of the Plan are allocated entirely to individual participants' accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

All investments are carried at fair value except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan before the Plan's year end, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Subsequent Events

The Company has evaluated all events subsequent to December 31, 2019, the date of the statement of net assets available for benefits, through the date of the Independent Auditor's Report, the date which the financial statements were available to be issued and noted the following event occurring subsequent to year end:

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security ("CARES") Act was enacted and signed into law. Certain provisions of the CARES Act allows qualified retirement plans to adopt specific provisions of the CARES Act to provide relief to certain participants. Any provisions adopted will require subsequent amendment of the plan document. As of the date of the Independent Auditor's Report, the Plan has not applied any of the provisions of the CARES Act to the administration of the Plan.

Note 3. Guaranteed Interest Account

The Plan has an investment in the Massachusetts Mutual Life Insurance Company ("MassMutual") SF Guaranteed Interest Account ("SFGIA") Fund which is part of the general assets of MassMutual. The SFGIA Fund is a fully benefit-responsive group annuity contract with a general investment account guarantee that provides a stated rate of return and insulates participants' accounts from daily fluctuations in the market. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Under the terms of the SFGIA group annuity contract, participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their balance in the SFGIA investment option at contract value. Contract value represents contributions plus credited interest rate less participant withdrawals and fees. Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) the complete or partial termination of the Plan; (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs.

The interest crediting rate is reset on a quarterly basis and cannot be lower than zero percent. The average yields earned by the Plan for the years ended December 31, 2019 and 2018, were 2.27% and 2.33%, respectively.

Note 4. Information Certified by an Investment Contract Issuer and the Investment Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Massachusetts Mutual Life Insurance Company ("MassMutual"), an investment contract issuer and Reliance Trust Company, the investment custodian, as complete and accurate, except for comparing such information certified by an investment contract issuer and the investment custodian to information included in the Plan's financial statements and supplemental schedule:

d) Supplemental Schedule:
Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) *

**Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the investment custodian, and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.*

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018.

Mutual funds: These investments are valued at the closing quoted market price reported on the active market on which the public investment securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (continued)

The following tables set forth by level within the fair value hierarchy the investments held by the Plan as of December 31, 2019 and 2018:

	Fair Value Measurements Using Input Type			
December 31, 2019	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 13,767,484	$ ---	$ ---	$ 13,767,484
Total investments, at fair value	$ 13,767,484	$ ---	$ ---	$ 13,767,484

	Fair Value Measurements Using Input Type			
December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 11,171,033	$ ---	$ ---	$ 11,171,033
Total investments, at fair value	$ 11,171,033	$ ---	$ ---	$ 11,171,033

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall be fully vested and non-forfeitable at the time of termination.

Note 8. Tax Status

The Plan has adopted a volume submitter plan and trust which received a favorable opinion letter on March 31, 2014 from the Internal Revenue Service stating that the volume submitter plan document as then designed was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended and restated since receiving the advisory letter.

Note 8. Tax Status (continued)

However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's tax returns generally remain open for Federal tax audits for three years from the filing date.

Note 9. Party-In-Interest Transactions

The Plan has an investment in a guaranteed interest account which is part of the general assets of Massachusetts Mutual Life Insurance Company ("MassMutual"). In addition, the Plan has investments in mutual funds which are managed by an affiliate of MassMutual. MassMutual is an investment contract issuer which holds some of the Plan's investment contracts. MassMutual is also the Plan's record-keeper.

Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to MassMutual, other investment custodians and investment advisors.

Additionally as noted in Note 1, certain administrative expenses related to participant related activities are paid directly to MassMutual and affiliates. In addition, certain plan recordkeeping fees may be paid by the Plan. All fees paid directly by the Plan to MassMutual and affiliates are included in administration expense.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

These transactions qualify as party-in-interest transactions for which there are statutory exemptions.
