Workplace Elements 401(k) Savings Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of Workplace Elements 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which was established effective January 1, 2009, and most recently amended and restated effective December 1, 2015, is a contributory defined contribution 401(k) plan available to qualifying employees of Workplace Elements, LLC (the "Company"). An employee may enter the Plan on the first day of the month after meeting the eligibility requirements of attaining age 21 and three months of consecutive service, as defined in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company is the plan administrator and is responsible for oversight of the Plan. Certain officers of the Company serve as trustees of the Plan. Principal Life Insurance Company serves as the custodian of the Plan's investments in common collective trusts and pooled separate accounts. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company serves as the custodian of the Plan's investments in mutual funds. (Principal Life Insurance Company and Principal Trust Company are collectively referred to as the "Custodians" or "Principal"). Principal holds all assets of the Plan in accordance with the provisions of custodial agreements and service provider contracts with the Plan. The plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Eligible participants may contribute, on a pretax basis or after-tax Roth basis, up to 100 percent of their qualifying annual compensation as elected in their salary deferral agreements. Participant contributions are subject to certain limits set forth by the Internal Revenue Service (IRS) (\$19,000 for 2019). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions (up to \$6,000 in 2019). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Company may make a Safe Harbor contribution to the Plan equal to 3% of annual compensation after 6 months of consecutive employment and required employment on the last day of the plan year, however no Safe Harbor contribution was made for the plan year ended December 31, 2019. The Company may also make discretionary matching contributions up to 4% of annual compensation after 6 months of consecutive employment. During the year ended December 31, 2019, the Company made discretionary matching contributions of \$241,649. Contributions are subject to certain IRS limitations.

Workplace Elements 401(k) Savings Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and allocations of investment earnings (losses) and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts, and a common collective trust (stable value fund) as investment options for participants. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their salary deferrals and rollovers, plus actual earnings thereon. Prior to April 26, 2018, Company nonelective and matching contributions, plus actual earnings thereon, vesting period was based on six years of continuous service. Effective as of April 26, 2018, Company nonelective and matching contributions, plus actual earnings thereon, vesting period is based on two years of continuous service. Participants are fully vested in the Company's contributions after two years of service. In the event of permanent disability or death, participants' accounts become 100% vested in Company contributions.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator. Interest rates are fixed for the term of the note. Interest rates on existing notes at December 31, 2019, ranged from 4.25% to 6.50%. The notes are repaid ratably through payroll deductions over a period of five years or less, unless the loan is for the purchase of a primary residence, in which case the loan term may be longer.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or for any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments.

Workplace Elements 401(k) Savings Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Payment of Benefits (Continued)

Hardship withdrawals are available if the participant meets certain criteria. Effective January 1, 2019, the Plan adopted the new hardship withdrawal provisions of the Bipartisan Budget Act of 2018 (the "Act"). The Act lifted several restrictions relating to hardship withdrawals, including the elimination of the suspension period for making contributions to the Plan after a hardship withdrawal was taken, elimination of the requirement to exhaust plan loans available before taking a hardship withdrawal, and the inclusion of earnings accrued on elective deferrals when determining the allowable amount of the hardship withdrawal. The Plan has been amended to adopt these changes.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$3,493 and \$739, respectively. These accounts will be used to reduce future Company contributions or to pay administrative expenses of the Plan in accordance with the plan document. During 2019, forfeitures of \$30 and \$570, were used to offset plan expenses and reduce Company contributions, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Workplace Elements 401(k) Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Certain investment-related expenses are paid through revenue sharing and are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated through October 12, 2020, which is the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure, except as disclosed in Note 9.

Note 3: Information Prepared and Certified by the Custodians (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, as custodians for the Plan, have certified that the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, and investment information included in the notes to the financial statements.
- Notes receivable from participants as of December 31, 2019 and 2018, and related interest income on notes receivable from participants in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019.
- The Schedule of Assets (Held at End of Year) included as supplemental information.

This information has not been audited by the Plan's independent auditors.

Workplace Elements 401(k) Savings Plan

Notes to Financial Statements

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2019 and 2018, as a result of a change in judgment.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Fund: The Plan invests in targeted retirement funds that are held in common collective trust funds, which consist of investments in mutual funds, collective trusts, and pooled separate accounts. These investments, Principal Life Time Hybrid Funds and Morley Financial Services - Principal Stable Value Z Fund held at December 31, 2019, and Principal Trust (SM) Targeted Funds held at December 31, 2018, are valued at their NAV per share as of the close of business on the valuation date as a practical expedient for the estimated fair value. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. As of December 31, 2019 and 2018, there were no unfunded commitments and the funds generally permit redemptions daily, with a one-day notification period. If the fund experiences periods of insufficient liquidity then the funds may defer honoring any payment request until liquidity is sufficient. The Plan is permitted to redeem investment units at NAV on the measurement date. The targeted retirement funds seek total return consisting of long-term growth of capital and current income consistent with the investment strategy of an investor who expects to retire in a specific year.

Pooled Separate Accounts: Each pooled separate account invests in assets solely in the shares or units of an underlying mutual fund, and the investment objective of each sub-account corresponds to the investment objective of the underlying fund. The value of each pooled separate account is determined using various inputs such as the NAV of the shares of the underlying mutual fund held at year-end, adjusted for administrative expenses and other charges.

Workplace Elements 401(k) Savings Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

Assets at Fair Value as of December 31, 2019				
	Level 1	Level 2	Level 3	Total
Investment Assets in the Fair Value Hierarchy:				
Mutual Funds	<u>\$ 527,232</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 527,232
Investment Assets Measured at NAV(a)				<u>5,039,696</u>
Total Investment Assets at Fair Value				<u>\$ 5,566,928</u>

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Investment Assets in the Fair Value Hierarchy:				
Mutual Funds	<u>\$ 490,644</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 490,644
Investment Assets Measured at NAV(a)				<u>3,504,630</u>
Total Investment Assets at Fair Value				<u>\$ 3,995,274</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers in and/or out of Levels 1, 2, or 3 for financial instruments measured at fair value on a recurring basis for the years ended December 31, 2019 and 2018. If the Plan were to recognize transfers, it would do so at the end of the reporting period.

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

Fair Value of Investments in Entities That Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2019 and 2018, respectively.

<i>December 31, 2019</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common Collective Trust Funds	\$ 4,591,202	N/A	Daily	1 Day
Pooled Separate Accounts	448,494	N/A	Daily	1 Day
	\$ 5,039,696			

<i>December 31, 2018</i>	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable Value Collective Trust Funds	\$ 3,152,269	N/A	Daily	1 Day
Pooled Separate Accounts	352,361	N/A	Daily	1 Day
	\$ 3,504,630			

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Principal and its affiliates, the custodians and recordkeeper of the Plan's assets. Transactions with Principal qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Administrative expenses totaling \$20,524 were paid to Principal for the year ended December 31, 2019. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund and are included in net appreciation in fair value of investments.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

There are two trustees who are plan participants, and the trustees each own more than 5% of the Company. The trustees make contributions and receive benefits in the same manner as all other participants of the Plan. There are five participants whom own more than 5% of the Company, including the two aforementioned trustees.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.

Workplace Elements 401(k) Savings Plan

Notes to Financial Statements

Note 7: Tax Status

The Plan adopted a nonstandard prototype document with an IRS notification letter, which states the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the notification letter; however, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9: Prohibited Transactions

Under DOL Reg. 2510.3-102(b), the Company is required to remit the employee contributions to the Plan at the earliest date such amounts can be reasonably segregated from the Company's general assets, but no later than the fifteenth business day of the month following the date that participant contributions are withheld by the Company. As reported on Schedule H, Line 4a – Schedule of Delinquent Participant Contributions, certain contributions for payrolls during the plan year ended December 31, 2019, totaling \$21,403, were remitted outside this requirement. These transactions constitute a prohibited transaction as defined by ERISA.

Note 10: Subsequent Events

Beginning in March 2020, the United States economy began suffering adverse effects from the Covid-19 Virus Crisis ("CV19 Crisis"). The Company's operations have not been significantly impacted by the CV19 Crisis; however, the Company continues to monitor the situation. Negative impact to the Company's results of operations, cash flows, and financial condition, and the ability for the Company to continue to make contributions to the Plan, cannot be reasonably estimated or determined at this time.

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that was signed into law on March 27, 2020, which were immediately available for coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that are due during 2020. The Plan intends to formally execute the required plan amendments for these provisions by the last day of the plan year, beginning on or after January 1, 2022, in accordance with the CARES Act provisions.
