1. Plan Description

The following description of the Sunshine Minting, Inc. Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for more complete information of the Plan's provisions.

General

The Plan is a participant directed, defined contribution plan covering substantially all employees of Sunshine Minting, Inc. and is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored by Sunshine Minting, Inc. and administered by an outside party.

Eligibility

Employees who have reached age 18 and completed three months of service, are eligible to participate in the Plan. The plan has monthly entry dates commencing January 1, 2018. Ineligible employees are: (1) employees whose employment is governed by the terms of a collective bargaining agreement; (2) employees who are nonresident aliens and do not receive any earned income from the employer that constitutes income from sources within the United States; and (3) leased employees.

Plan Amendment - Notes Receivable from Participants

In November 2019, the Plan was amended to allow for participant loans (notes receivable from participants). Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Notes are secured by the balance in the participants' account and bear a fixed rate of interest. The maximum note term is five years. The Plan permits principal residence loans with note terms up to 15 years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2019, the rate of interest on outstanding loans was 5.75%, with various maturities through December 2024.

Contributions

Participants may contribute up to 100% of qualified compensation, as defined by the Plan, up to a maximum amount allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers numerous registered investment companies, a collective investment trust and a money market fund as investment options for participants.

The Company may elect to make discretionary matching contributions, which are allocated to the participants' accounts based on a formula as determined by the Board of Directors. There were no matching contributions made during 2019. The Company may also make discretionary profit-sharing contributions. There were no profit-sharing contributions made to the Plan during 2019. An employee must be employed by the Company on the last day of the year in order to receive the Company's discretionary contributions.

Contributions are subject to regulatory regulations.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of any Company contributions, the participant's portion of earnings (losses), and charged with an allocation of administrative expenses. The Company's discretionary contributions are allocated to each participant's account in the same proportion that each participant's compensation bears to total compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant is 100% vested in his or her contributions and actual earnings thereon. Employer discretionary contributions are vested based on a 3-year vesting schedule. All employer contributions become 100% vested upon a participant's death or disability.

Forfeitures

The Plan provides for the use of forfeitures of participants' nonvested accounts to pay administrative expenses or reduce Company contributions under the Plan provisions. There were no forfeitures used to pay Plan expense during the year ended December 31, 2019. As of December 31, 2019 and 2018, unallocated forfeitures amounted to \$950 and \$303, respectively.

Payment of Benefits

Upon termination of service due to retirement, disability, death, termination or other reasons, a participant or their beneficiary may elect to receive a distribution equal to the vested balance in his or her account. Benefits are paid under various options as defined in the Plan document. Withdrawals due to "financial hardship" are permitted.

Plan Termination

Although it has not expressed intent to do so, the employer has the right at any time to terminate the Plan and discontinue its contributions, subject to provisions of ERISA. In the event of Plan termination, participant accounts become fully vested.

2. Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that may affect certain amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value, as certified by the Plan's custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction

between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments consists of both realized gains or losses and unrealized appreciation or depreciation of the investments held during the year.

Payment of Benefits

Benefits are recorded when paid.

Return of Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding adjustment to distributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019. There were no 2019 excess contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

3. Risks and Uncertainties

The Plan provides for investments in various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur near term and that such changes could materially affect a participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has the ability to access; |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets, inputs without quoted market prices that are observable for the assets or liability, and inputs that are derived from corroborated observable market data by correlation or other means. If the asset or liability has a specified (contractual) |

Sunshine Minting, Inc. Employees Savings Trust
Notes to Financial Statements

December 31, 2019 and 2018

term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies - Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end shares of registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

Money market fund - Valued at cost, which approximates fair value.

Collective investment trust - Valued using the NAV practical expedient as reported by the collective investment trust managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the collective investment trust, minus liability, and then divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value:

	As of December 31, 2019			Fair Value

5. Information Certified by the Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements and supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) was obtained from data that has been prepared and certified as complete and accurate by TD Ameritrade Trust Company, the Plan custodian from January 1, 2018 to December 2, 2019, and Matrix Trust Company, the Plan custodian from December 2, 2019 to December 31, 2019:

	2019	2018

Notes receivable from participants	\$ 8,234	n/a
Investment income -		
Net appreciation in fair value of investments	\$ 409,587	
Dividends	\$ 60,731	

6. Tax Status

The Plan document is a volume submitter profit sharing plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC and is, therefore, not subject to tax under present income tax law. The Plan has been amended since receiving the opinion letter. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

Certain Plan investments are managed by TD Ameritrade Trust Company and Matrix Trust Company, the custodians of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid to TD Ameritrade Trust Company, Matrix Trust Company, and other service providers totaled approximately \$21,126 for the year ended December 31, 2019. The Plan Sponsor pays directly any other fees related to the Plan's operations. During 2019, the Plan was amended to allow for notes receivable from participants, which are also party-in-interest transactions.

8. Reconciliation to Form 5500

The following is a reconciliation of the net assets available for benefits between the financial statements and the Form 5500 as of December 31:

	2019	2018
Net assets available for benefits, per the financial statements	\$ 2,314,345	\$ 1,925,869

The following is a reconciliation of the changes in net assets available for benefits between the financial statements and the Form 5500 during the year ended December 31, 2019:

Increase in net assets per the financial statements	\$ 388,476
Prior year other liabilities	1,847
Current year other liabilities	(1,049)
Increase in net assets per the Form 5500	<u>\$ 389,274</u>

9. Partial Plan Termination - 2017

During the year ended December 31, 2017, the Plan determined a partial plan termination occurred due to workforce reductions in 2017. Affected participants became 100 percent vested in their accounts. As of December 31, 2019 and 2018, approximately \$16,000 and \$18,000, respectively, remained payable to the affected participants.

10. Subsequent Events

In March 2020, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic has led to volatility in financial markets and is having significant effects on global markets, supply chains, businesses, and communities. As a result, the Plan's investment portfolio has incurred fluctuations in fair value since December 31, 2019. The values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 pandemic continues to evolve as of the date of this report.

Plan management has evaluated subsequent events through October 6, 2020, the date the financial statements were available to be issued, and concluded that no other events have arisen which require disclosure.
