EMPLOYEES' 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Smith-Cooper International ("Company" or "Employer") Employees' 401(k) Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all full-time employees of the Company who are age 18 or older and who have completed 30 days of service. Participants may enter the Plan on the first day of the month coinciding with or following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation and after-tax annual compensation ("Roth contribution"), as defined in the Plan and subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The plan allows for Safe Harbor employer matching contributions at the rate of 100% of the first 3% and 50% of the next 2% of eligible compensation that a participant contributes to the Plan.

The Company may elect to make additional matching contributions, determined annually. Additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors. No additional employer matching or profit-sharing contributions were authorized for 2019. Contributions are subject to certain limitations. Plan participants direct the investment of their contributions, employer matching contributions and profit-sharing contributions into the various investment options offered by the Plan.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions, Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their contributions, Safe Harbor employer matching contributions, and profit-sharing contributions plus actual earnings thereon.

Payment of Benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, annual installments or annuity payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service distributions are permitted after attainment of age 59 ½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 2%. Principal and interest are paid through payroll deductions.

December 31, 2019 and 2018

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeitures: Forfeitures of employer matching contributions are used to offset administrative expenses of the plan and any remaining forfeitures will reduce future employer matching contributions.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's service fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments, are reported at fair value as further described in Note 5. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payment of Benefits: Benefit payments are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Trust Company, LLC and John Hancock Life Insurance Company (U.S.A.). The information has not been audited by independent accountants.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1 - Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2 - Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following describes the valuation methods and assumptions used by the Plan to estimate the fair values of investments held directly by the Plan.

Pooled Separate Accounts: The fair values of participation units held in separate accounts other than the stable value fund are based on the net asset values reported by John Hancock Life Insurance Company (U.S.A.). John Hancock Separate Accounts B are comprised of numerous sub-accounts which invest solely in shares of mutual funds which are segregated from other assets of the insurance company. The name of the underlying mutual fund is identified in the name of the separate account when the underlying mutual fund is managed by an entity other than an affiliate of the insurance company. The sub-accounts that invest in mutual funds sponsored by an affiliate of the insurance company generally reference the investment strategy of the underlying mutual fund in their names. Participants direct their investments to certain of the underlying sub-accounts of John Hancock Separate Account available to them under the Plan. Each sub-account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Stable Value Fund: The fair values of participant units held in the stable value fund are based on net asset values per unit as reported by the fund managers. John Hancock Stable Value Fund invests solely in shares of the John Hancock Stable Value Trust (the "Trust"), a trust managed by John Hancock Life Insurance Company (U.S.A.). The Trust seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals while maintaining a competitive rate of interest. The fund invests primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company (U.S.A.). The fund generally provides for daily redemptions by the Plan, with no advance notification requirements. The trustee of the underlying trust has the right to delay any participant-initiated withdrawal for up to 30 days if it determines that immediate withdrawal may have an adverse impact on the trust. In addition, the trust also has the right to delay for up to one month, any other withdrawal, including the withdrawal of all, or portion of the assets of an investor in the Trust.

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan held units of separate accounts managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) was a service provider of the Plan and, therefore, these transactions and the Plan's payment of service fees to John Hancock Life Insurance Company (U.S.A.) qualify as party-in-interest transactions. The Plan also paid service fees to the third-party administrator of the plan and participants were charged for redemption fees. Additionally, NFP Retirement, Inc. provided investment advisory services to the Plan and therefore, qualifies as a party-in-interest. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 7 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
