BLACKHAWK BANK & TRUST
EMPLOYEES' PROFIT SHARING AND 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(1) Plan Description and Summary of Significant Accounting Policies

(a) Description of Plan

The following description of the Blackhawk Bank & Trust (the "Bank") Employees' Profit Sharing and 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 1966 (amended and restated January 1, 2016 and September 1, 2019) covering all employees of Blackhawk Bank & Trust with 1,000 hours of service. Employees are automatically enrolled in the Plan on the first day of the Plan year, after having satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Changes in the Plan

Effective September 1, 2019, the Plan was amended which changed the name to Blackhawk Bank & Trust Employees' Profit Sharing and 401(k) Plan, allows employee contributions (both pre-tax and after-tax) and modified the compensation factor used to allocate employer contributions.

The Plan also changed the custodial and administrative services provider in 2019 from Merrill Lynch to Principal Trust Company.

Contributions

Effective September 1, 2019, participants may contribute a percentage of pre-tax compensation (subject to federal limitations) in the form of a salary reduction or contribute a percentage of an after-tax contribution (subject to federal limitations) as a designated Roth contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). Participants may change or suspend the contribution rate throughout the year at times specified in the Plan. There are no employer matching contributions. Prior to September 1, 2019, the Plan did not allow employee contributions other than rollover contributions.

The Bank contributes 7.5% of its pre-tax income after stipulated adjustments as defined in the Plan document. The Plan provides for additional employer contributions (subject to federal limitations) at the discretion of the Bank.

Employer profit sharing contributions and employee contributions are invested in one or more investment fund options offered by the Plan as directed by the individual participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, if any, and allocations of (a) the Bank's profit sharing contribution, and (b) Plan earnings, and charged with the participant's withdrawals and allocations of administrative expenses. Allocations of employer contributions and forfeitures of terminated participant's nonvested accounts are based on participant years of service and compensation, as defined in the Plan. Investment earnings are allocated to participant's accounts based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeitures of nonvested participant accounts are reallocated to remaining participants accounts. Forfeitures included in net assets available for benefits as of December 31, 2019 and 2018 amounted to $46,096 and $51,500, respectively.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(a) Description of Plan, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Bank's contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100 percent vested after six years of credited service.

Payment of Benefits

A participant may elect to receive a distribution from his or her account upon retirement, termination of employment, total and permanent disability or death of the participant, whichever occurs earlier. Upon retirement, the vested accumulated funds are paid to the participant in a lump sum or at a later date selected by the participant.

Participant loans are not permitted.

(b) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held and administered by Principal Trust Company (September 1, 2019 through December 31, 2019) and Merrill Lynch prior to September 1, 2019 (the Custodians) who allocate Plan assets to the individual accounts of each participant as directed by the participant.

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract (Principal Guaranteed Option) which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in a transaction between market participants at the measurement date. The fair value of investments is based on quoted market prices of national securities exchanges. Where marketable securities are not listed on an exchange, price quotations are obtained from securities brokerage firms. Contract value represents contributions made under the contract plus earnings at the contract rate of 3.05% in 2019 less participant withdrawals and administrative expenses. The Plan sponsor and Plan administrator determined the Plan's valuation policies. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income reported in the financial statements includes realized and unrealized gains and losses on investment transactions, interest and dividends as reported by the Plan administrator.

(1) Plan Description and Summary of Significant Accounting Policies, continued

(b) Summary of Significant Accounting Policies, continued

Payments of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits. Administrative expenses are stated net of ERISA credit received from Merrill Lynch of $-0- in 2019 and $5,000 in 2018.

(2) Investments (Unaudited)

The following information has been certified by Principal Trust Company and Merrill Lynch (Custodians) as of December 31, 2019 and 2018 and for the years then ended.

	2019	2018
Investments, at fair value:		
Mutual funds	$13,918,009	22,291,672
Common Investment Trusts	1,657,080	2,316,378
Pooled Separate Accounts	8,150,077	-
Cash and cash equivalents	-	35
Total investments, at fair value	23,725,166	24,608,085
Investment contract, at contract value -		
Principal Guaranteed Option	5,870,489	-
	$29,595,655	24,608,085

	2019	2018
Investment income:		
Net appreciation (depreciation) in fair value of investments	$ 4,500,911	(3,885,476)
Interest and dividend income	340,831	2,410,708
Total income	$ 4,841,742	(1,474,768)

The Plan administrator decided to switch custodians from Merrill Lynch to Principal Trust Company effective September 1, 2019. As a result, all investments held by Merrill Lynch were liquidated as of September 1, 2019 and the net proceeds from the liquidation of $26,863,180 were remitted to Principal Trust Company. The amount received by Principal Trust Company was reinvested into various investment funds offered by the Plan as determined by the individual Plan participants.

The Principal Guaranteed Option is a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal) who maintains the contributions in a general account. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.19%. Such interest rates are reviewed on a quarterly basis for resetting.

(3) Fair Value Measurements (Unaudited)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair values of the Plan's investments have been determined by Principal Trust Company and Merrill Lynch and reported in the accompanying statement of net assets available for benefits as follows:

		Fair Value Measurements Using:	
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
December 31, 2019:			
Investments:			
Mutual funds	$13,918,009	13,918,009	-
Investment trusts	1,657,080	-	1,657,080
Pooled separate accounts	8,150,077	-	8,150,077
Total investments	$23,725,166	13,918,009	9,807,157
December 31, 2018:			
Investments:			
Mutual funds	$22,291,672	22,291,672	-
Common collective trust	2,316,378	-	2,316,378
Cash and cash equivalents	35	35	-
Total investments	$24,608,085	22,291,707	2,316,378

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices in active markets of similar assets for assets in non-active markets and Level 3 inputs consist of other valuation techniques which have the lowest priority. The Plan uses appropriate valuation techniques based on the availability of inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Plan investments requiring the use of Level 3 inputs in 2019 or 2018.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. These mutual funds are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The net asset value of these mutual funds is published daily and transacted at that price; and therefore, are considered actively traded.

(3) Fair Value Measurements (Unaudited), continued

Level 2 Fair Value Measurements

The Plan's investment in Invesco Stable Value Retirement Fund is a common collective trust which is not actively traded and is measured at net asset value. The underlying investments of the trust consist of various fixed income securities issued by governmental and corporate entities. The fair value of the fund was determined daily by Merrill Lynch based on quoted market prices of the underlying investments and transacted daily at that price. The fund was liquidated during 2019 and the funds were reinvested in the Principal Guaranteed Option.

The pooled separate accounts are maintained by Principal Life Insurance Company in which the underlying assets of the accounts are publicly traded open-end mutual funds registered with the U.S. Securities and Exchange Commission. The net asset value of these mutual funds is determined daily. Thus, the fair value of substantially all mutual fund investments is based on the quoted market prices of the investments within the pooled separate accounts.

(4) Federal Income Taxes

Effective September 1, 2019, the Plan uses a prototype plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter from the Internal Revenue Service ("IRS"), dated August 8, 2014, which states that the prototype document satisfies the applicable provisions of the provisions of the Internal Revenue Code ("IRC"). Prior to September 1, 2019, the Plan used a prototype plan document sponsored by CCH Incorporated. CCH Incorporated received an opinion letter from the IRS, dated March 16, 2010, which stated that the prototype document satisfied the applicable provisions of the IRC.

The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan evaluates the tax benefits of a tax position using the "more likely than not" threshold. As of December 31, 2019, management is not aware of any uncertain tax positions and related tax benefits which would be material to the Plan's financial statements. The Plan files annual information returns which for years subsequent to 2015 are subject to examination by taxing authorities.

(5) Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Related Party Transactions

Certain Plan investments are managed by Principal Trust Company and Merrill Lynch. Principal Trust Company and Merrill Lynch are the custodians and trustees as defined by the Plan, and therefore, transactions with them qualify as party-in-interest transactions.

Under the current contract with Principal Trust Company and Merrill Lynch, the Plan is only charged administrative fees for member requested services. Fees paid to Principal Life Insurance Company and Merrill Lynch amounted to $17,901 in 2019 and $25 in 2018.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Subsequent Events

In March 2020, the World Health Organization categorized Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency. The COVID-19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact brought by, and the duration of, COVID-19 is difficult to assess or predict. The impact of COVID-19 continues to evolve rapidly and the Plan sponsor is not able to estimate its full impact on the Plan's financial statements.
