1. Description of the Plan

Alixa Rx, LLC 401(k) Plan (the "Plan") is a defined contribution plan covering substantially all eligible employees of Alixa Rx, LLC and participating affiliate Alixa Rx Consulting LLC (collectively, the "Company" or "Plan Sponsor"). The Plan became effective January 1, 2014 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All Plan assets are held by Great-West Trust Company LLC ("Great-West"). Complete information regarding the Plan is included in the Plan Agreement. Significant Plan provisions are summarized below.

Eligibility

Employees of the Company are eligible to participate in the Plan upon the attainment of 18 years of age and completion of two months of service with the Company. Eligible participants are able to begin participating in the Plan on the first of the month next following the date on which they meet the Plan's eligibility requirements. Employees covered by a collective bargaining agreement and non-resident aliens are not eligible to participate in the Plan. Participants must be employed on the last day of the Plan year in order to be eligible for the Company's discretionary matching and discretionary nonelective contributions.

Contributions

Participants are allowed to make elective pre-tax or Roth contributions to the Plan of not less than 1% nor more than 50% of their annual eligible Plan compensation, as defined, subject to limitation under the Internal Revenue Code (IRC). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified retirement plans or individual retirement accounts.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they have an elective deferral agreement in place as of the date the automatic enrollment is effective or affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of annual eligible Plan compensation, as defined, and their contributions are invested in the Vanguard Target Date mutual funds, unless changed by the participant.

The Company may, in its sole discretion, contribute and allocate to each eligible participant's account a percentage of the participant's elective deferrals and discretionary nonelective contributions, up to the maximum amounts permitted by the IRC. Matching contributions, if any, shall be determined as of the end of the Plan year. No such discretionary matching or nonelective contributions were approved or made for the 2019 Plan year.

1. Description of the Plan (continued)

Participant Accounts

Participants direct the investment of their accounts among various investment options offered by the Plan. Participants may change their investment options daily.

Each participant's account is credited with (a) the participant's contributions, (b) an allocation of employer contributions, and (c) an allocation of investment earnings, and is charged with (a) withdrawals, (b) an allocation of investment losses, and (c) certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately and fully vested in their contributions, including rollover contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary nonelective contributions, plus actual earnings thereon, is based on years of credited service, as defined. A participant is 100% vested upon death, disability, or retirement. Company discretionary matching contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 1 year	0 %
1 year or more	100 %

Company discretionary nonelective contributions are subject to the following vesting schedule:

Years of Service	Vested Benefits
Less than 1 year	0 %
1 year	20 %
2 years	40 %
3 years	60 %
4 years	80 %

1. Description of the Plan (continued)

Forfeitures

Unvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. A forfeiture occurs in the Plan year in which the participant either receives a distribution of their vested account or has five consecutive one-year breaks in service, as defined by the Plan. Forfeitures are retained in the Plan and are used to reduce future employer contributions or to pay Plan administrative expenses. No forfeitures have been incurred to date as the Company has not approved or made any discretionary matching or nonelective contributions since the inception of the Plan.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 and up to a maximum of i) $50,000 reduced by the highest note receivable balance over the prior twelve months or ii) 50% of their vested account balance, whichever is less. Notes receivable from participants are secured by the vested balance in the participant's account and bear interest at the prime rate plus 1%. Participants may only have one note receivable outstanding at a time. Principal and interest are paid ratably through payroll deductions over a period generally not to exceed five years, unless the funds are used for purchase of a principal residence, in which case repayment terms may be extended.

Payment of Benefits

Upon termination of service due to death, disability, retirement upon or after reaching age 65, or termination of employment, a participant is entitled to receive an amount equal to the vested interest in his or her account, payable in the form of a lump-sum, installments, or ad-hoc distributions. A participant whose vested account balance is $5,000 or less upon termination will automatically receive an immediate lump-sum distribution equal to their vested account balance. Distributions are subject to the applicable provisions of the Plan Agreement.

In-service withdrawals of all or a portion of a participant's vested account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS). Effective January 1, 2019, in accordance with the Bipartisan Budget Act of 2018, the provisions specified in the Plan were modified to remove the six-month suspension on employee contributions after a hardship withdrawal and the requirement to obtain a loan prior to a hardship withdrawal.

1. Description of the Plan (continued)

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in various investment securities, which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and supplemental schedules.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies using information provided by the investment advisers and the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Significant Accounting Policies (continued)

Management fees and expenses charged to the Plan for investments in mutual fund accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. For participant loans that become delinquent, are not cured and result in default, the amount of the unpaid loan principal and interest due to the Plan will be treated as a deemed distribution. Deemed distributions are reported as a taxable distribution and remain part of the participant's account balance until a distributable event occurs.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of annual amounts allowed by the IRS are recorded as a liability with a corresponding decrease to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits

Benefits to participants are recorded by the Plan when actual payment is made.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses.

2. Significant Accounting Policies (continued)

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which eliminates, adds, and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. The guidance is effective for all entities for fiscal years beginning after December 15, 2019. Early adoption is permitted. The Plan Administrator is currently evaluating the effect of these provisions on the Plan's financial position and results of operations.

Subsequent Events

The Plan evaluated events occurring between the end of the most recent fiscal year and through the report date, October 14, 2020, the date the financial statements and supplemental schedules were available to be issued. See specific subsequent events disclosed in Note 10.

3. Fair Value Measurements

The guidance for fair value measurement establishes the authoritative definition of fair value, sets out a framework for measuring fair value, and outlines the required disclosures regarding fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. The Plan uses a three-tier fair value hierarchy based upon observable and unobservable inputs as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs developed using the Plan's estimates and assumptions which reflect those that market participants would use.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3. Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018:

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Stable value collective fund (Putnam Stable Value Fund)*: Valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of the fund. The underlying assets are valued based on the NAV, which is provided by the investment account manager as a practical expedient to estimate fair value. Redemption is generally permitted daily. Individual participant redemptions are generally permitted without restriction. There are no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments, at fair value, as of December 31, 2019 and 2018:

	December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 7,458,369**	**$ –**	**$ –**	**$ 7,458,369**
Total	**$ 7,458,369**	**$ –**	**$ –**	**$ 7,458,369**

	December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 5,672,875	$ –	$ –	$ 5,672,875
Total	$ 5,672,875	$ –	$ –	$ 5,672,875

Investments, at fair value, that are valued using NAV as a practical expedient totaling $310,766 and $169,713 have been excluded from the tables above as of December 31, 2019 and 2018, respectively.

3. Fair Value Measurements (continued)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no transfers in or out of Levels 1, 2 or 3.

4. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Total investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2019.

5. Related-Party and Party-in-Interest Transactions

Plan assets include notes receivable from participants, which qualify as party-in-interest transactions under ERISA. Great-West serves as the Plan's custodian and as such, any transactions with this entity qualify as party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the termination of the Plan, the individual accounts of all participants shall become fully vested. After deducting all charges and expenses, the balances of all individual accounts will be adjusted and the remaining assets distributed.

7. Income Tax Status

The Plan adopted a prototype basic plan document that received an opinion letter from the IRS on March 31, 2014. The opinion letter stated that the prototype basic plan document is designed in accordance with the applicable sections of the IRC. In accordance with Revenue Procedures 2020-4 and 2015-36, the Company has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. The Plan has adopted other required and discretionary amendments. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019 and 2018, and for the year ended December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, the Plan is not currently under audit with respect to any tax periods in progress.

During the year ended December 31, 2019, the Plan administrator determined that certain operational errors existed with respect to the Plan. The Plan Sponsor is in the process of quantifying and correcting these operational errors in accordance with applicable IRS guidelines in order to maintain the Plan's continued qualified status.

8. Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate employee contributions to the Plan from its general assets as soon as practicable, but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During 2018, the Company failed to remit to the Plan's trustee certain employee contributions totaling approximately $56,000 within the period prescribed by DOL regulations. Delays in remitting contributions to the trustee were due to administrative errors. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator took corrective action in 2019, including payment of lost interest and related taxes and penalties totaling approximately $80.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

	December 31, 2019	December 31, 2018
Net assets available for benefits per the financial statements	**$ 7,817,050**	$ 5,873,006
Plus: excess contributions payable recorded on the financial statements but not reflected on the Form 5500	**83,971**	79,527
Net assets available for benefits per the Form 5500	**$ 7,901,021**	$ 5,952,533

The following is a reconciliation of net loss per the financial statements to the Form 5500 for the year ended December 31, 2019:

Total increase in net assets available for benefits per the financial statements	**$ 1,944,044**
Less: amounts attributed to 2018 excess contributions payable recorded on the financial statements but not reflected on the Form 5500	**(79,527)**
Plus: amounts attributed to 2019 excess contributions payable recorded on the financial statements but not reflected on the Form 5500	**83,971**
Net income per the Form 5500	**$ 1,948,488**

10. Subsequent Events

On March 11, 2020, the World Health Organization declared a novel strain of coronavirus ("COVID-19") a "Public Health Emergency of International Concern" and characterized COVID-19 as a pandemic. This virus has resulted in worldwide government restrictions on the movement of people, goods, and services resulting in an economic downturn. As a result, the fair value of investments and the related net assets available for benefits have experienced increased levels of volatility. There is significant uncertainty around the duration and the overall impact on economic and market conditions. Due to this uncertainty, the impact of COVID-19 on the Plan's investment portfolio cannot reasonably be estimated; however, this disruption may have a significant impact on the Plan's financial position and results for 2020.

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") became law on March 27, 2020. The CARES Act includes several relief provisions available to qualified retirement plans and their participants including, among other things, penalty free hardship withdrawal, increase in loan limits, and up to one-year loan suspensions. As part of the CARES Act, a qualified participant may elect to take a penalty-free Coronavirus Related Distribution from 401(k) plans up to $100,000, not to exceed the participant's vested balance. Coronavirus Related Distributions are available from March 27, 2020 through December 31, 2020.

Optional features within the CARES Act have not been implemented to date. Written amendments to the Plan to enact optional provisions of the CARES Act will be adopted at a later date in accordance with applicable law and IRS guidance.
