Note A - Description of Plan

The following description of the Ross & Baruzzini, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which is available from the Plan Administrator.

General

The Plan is a defined contribution plan sponsored by Ross & Baruzzini, Inc. (the "Company") for the benefit of its full-time employees who have one hour of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute a percentage of annual compensation as pre-tax or Roth contributions, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan. The Company may make matching contributions, profit sharing contributions, and qualified nonelective contributions. The Company's matching and profit sharing contributions are discretionary amounts to be determined each year. For the year ended December 31, 2019, the Company contributed 50% of the participant's deferral, up to a maximum of 6% of each participant's eligible compensation. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. As of May 1, 2018, participants are auto enrolled into the Plan when eligible.

Participant Investment Account Options

Participants direct the investment of all contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Note A - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant is entitled to receive a lump sum amount equal to the value of the participant's vested interest in his or her account if the participant's vested account balance is \$5,000 or less. If the participant does not elect to receive the distribution, then the amount will be rolled into an Individual Retirement Account. If the participant's vested account balance is greater than \$5,000, the participant may elect to leave the account balance in the Plan or receive all or part of the vested account. The Plan also permits hardship withdrawals from employee deferrals.

Forfeited Accounts

At December 31, 2019 and 2018, there were no forfeited nonvested accounts. These accounts will be used to reduce future employer contributions. Also, for the year ended December 31, 2019 and 2018, employer contributions were reduced by \$43,261 and \$26,079 from forfeited nonvested accounts, respectively.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates in Financial Statement Preparation

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note B - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statements of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 13, 2020, the date the financial statements were available for issue.

Note C - Certification of Investment Information

The Plan's Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Matrix Trust Company (the "Custodian") that all of the information provided by the Trustee and included in the accompanying financial statements and supplemental schedule is complete and accurate. Information as to the investments in the account of the Trustee, investment income, and all investment related information appearing in the accompanying statements and supplemental schedule are presented in reliance solely upon that certification.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds and money market fund: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note D - Fair Value Measurements (Continued)

Exchange-traded funds: Traded on national securities exchanges (or reported on the NASDAQ national market). These investments are stated at the last reported sales price on the day of valuation.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Investments at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,020	\$ -	\$ -	\$ 3,020
Mutual funds	15,960,529	-	-	15,960,529
Exchange-traded funds	11,797,761	-	-	11,797,761
Total investments, at fair value	\$ 27,761,310	\$ -	\$ -	\$ 27,761,310

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 9,114			\$ 9,114
Mutual funds	12,187,821	\$ -	\$ -	12,187,821
Exchange-traded funds	7,543,481	-	-	7,543,481
Total investments, at fair value	\$ 19,740,416	\$ -	\$ -	\$ 19,740,416

Note E - Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive group annuity contract with CMFG Life Insurance Company ("CMFG"). CMFG maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2%. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

ROSS & BARUZZINI, INC. PROFIT SHARING PLAN

Notes to Financial Statements - Continued

December 31, 2019

(See Independent Auditor's Report)

Note E - Fully Benefit-Responsive Investment Contract (Continued)

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement for the guaranteed investment contract. Contract value, as reported to the Plan by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due to is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in rare circumstances, contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the Plan Sponsor to settle at an amount different than contract value paid either within 90 days or over time.

Note F - Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are group annuity contracts managed by CUNA Mutual Group ("CUNA"). CUNA is the record keeper as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

The Plan made direct payments to the third party administrator of \$53,222 and \$35,778 for the years ended December 31, 2019 and 2018, respectively, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note H - Income Tax

The Plan's document is a non-standardized prototype agreement that received a favorable tax opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014. Although the Plan has been amended since receiving the tax opinion letter, the Committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J - Plan Transfers

The Company merged the EDI, Ltd, Employee Savings Plan on May 1, 2019. Plan assets totaling \$2,185,837 were transferred from the EDI, Ltd, Employee Savings Plan to the Ross & Baruzzini, Inc. Profit Sharing Plan. This amount is shown as a Plan transfer in on the 2019 statement of changes in net assets available for benefits.

Note K - Subsequent Events

Effective January 20, 2020, the COMgroup 401(k) Plan merged into the Plan. As such, net assets of approximately \$500,000 were transferred to the Plan in February of 2020.
