NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following description of Gas Transmission Systems, Inc. 401(k) Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, established on January 1, 2004, covering the employees of Gas Transmission Systems, Inc. (the “Company” or “Plan sponsor”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and subsequent amendments. The Company serves as the plan administrator and is responsible for oversight of the Plan as well as determining the appropriateness of the Plan’s investment offerings and monitoring of investment performance. The Plan’s record-keeper is John Hancock Retirement Plan Services and the custodian is John Hancock Trust Company (“Trustee”).

Eligibility

Each employee is eligible to participate in elective deferrals and matching contributions immediately after the attainment of age 21 and the completion of three consecutive months of service. Participants are eligible to receive discretionary profit sharing contributions after completing one year of service. Eligible participants who are employed on the last day of the Plan year and satisfy 500 hours of service during the Plan year are eligible to share in the discretionary contribution. Non-resident aliens and employees covered by a collective bargaining agreement are not eligible to participate. The Plan entry dates are the first day of the month following attainment of the age and service requirements.

Contributions

Eligible employees may elect to make pre-tax deferrals and/or Roth after-tax deferrals. Employees may contribute, on a pre-tax basis and/or on an after-tax basis, from 0% to 75% of their eligible compensation through payroll deductions subject to the limitations established by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing rollover distributions from other qualified plans. Additionally, participants who are age 50 or older by the end of the calendar year are also allowed to make additional catch-up contributions.

The Company makes safe harbor matching contributions equal to 100% of the participant’s contributions up to 3% of a participant’s eligible compensation, plus 50% of participant’s contributions that exceed 3% of eligible compensation but do not exceed 5% of eligible compensation. The Company may also make a discretionary profit sharing contribution. For the year ended December 31, 2019, the Company made safe harbor matching contributions of \$465,817. The Company did not elect to contribute a discretionary profit sharing contribution for the year ended December 31, 2019.

In addition, the Company may make qualified non-elective contributions (“QNEC”). A QNEC is a discretionary, fully vested contribution. The Company may direct that QNECs be allocated specifically to designated non-highly compensated employees in varying percentages of compensation as permitted by law.

GAS TRANSMISSION SYSTEMS, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are vested immediately in their elective contributions, rollover contributions, and in any employer contributions, plus actual earnings thereon.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior twelve month period or 50% of their vested account balance. The maximum number of outstanding loans during any point in time is one. Loan terms shall not exceed five years, unless the loan is for the purchase of a primary residence, in which case the plan administrator may permit a longer repayment term. The loans are secured by the balance in the participant's account. Each loan bears a commercially reasonable rate of interest rate as set by the plan administrator. Principal and interest are required to be paid at least quarterly under a level amortization schedule and are typically paid ratably through biweekly payroll deductions. Loans outstanding at December 31, 2019 bore interest at rates between 5.00% and 6.50% and mature through February 2028. Loans outstanding at December 31, 2018 bore interest at rates between 4.25% and 6.25%.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum or partial payment amount equal to the value of the vested interest in the participant's account or a distribution under a systematic withdrawal plan not to exceed the assumed life expectancy of the participant and beneficiary. Vested account balances that do not exceed \$1,000 may only be distributed in a single lump-sum payment. In-service distributions from an individual's account, including elective deferrals and employer contributions, are also permitted for those who have attained the age of 59 ½.

GAS TRANSMISSION SYSTEMS, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Hardship withdrawals

A participant may be permitted to withdraw a portion or all of the balances of their individual account that is attributable to the participant's tax-deferred compensation (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service ("IRS").

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

GAS TRANSMISSION SYSTEMS, INC. 401(k) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Plan expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees related to the administration of the Plan and certain requested transactions from participants are charged and allocated directly to the participant's account. Certain administrative expenses of maintaining the Plan may be paid directly by the Company, a party-in-interest. These expenses would not be reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - INVESTMENTS

The Plan assets were held by the Trustee, pursuant to the agreement which provides that all funds received by the Trustee shall be held, administered, invested and distributed by the Trustee, and that no part of the corpus or income shall be used for, or directed to, purposes other than for the exclusive benefit of participants or their beneficiaries. In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation in the fair value of investments of \$2,532,440, which consists of realized gains or losses and unrealized market value changes of investments.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following unaudited information in the financial statements was certified to be complete and accurate by the Trustee of the Plan's assets, within the meaning of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for reporting and disclosure under ERISA:

- All amounts included as investments and notes receivable from participants in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Net appreciation in fair value of investments, dividends and interest for the year ended December 31, 2019 included in the Statement of Changes in Net Assets Available for Benefits; and
- All information in the Supplemental Schedule of Assets (held at end of year) as of December 31, 2019.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - TAX STATUS

The Plan document is a prototype non-standardized profit sharing plan that received a favorable opinion letter from the IRS on May 18, 2015, which stated that the Plan was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Some administrative expenses of the Plan may be paid directly by the Company. The administrative fees paid by the Plan include account fees which are charged to participants and third-party fees for Plan administration. Investment management fees and expenses paid to parties-in-interest are reflected as a reduction in the investment returns of the individual investments held by the Plan and reflect party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 9 - PLAN TERMINATION

Although it is currently the intent of the Company to continue the Plan, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

NOTE 10 - SUBSEQUENT EVENTS

On March 11, 2020, the World Health Organization recognized the spread of the coronavirus disease 2019 (COVID-19) as a pandemic. The impacts of the COVID-19 pandemic have been pervasive across the economy and created substantial volatility in financial markets. The situation continues to develop rapidly and considerable uncertainty remains with respect to potential outcomes.

NOTE 10 - SUBSEQUENT EVENTS (Continued)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act became law. The CARES Act contains various provisions impacting qualified retirement plans and their participants. Plans are permitted to implement these provisions immediately provided the plan document is retroactively amended on or before December 31, 2022. During 2020, the Plan implemented the following provisions, as summarized, under the CARES Act:

- Required minimum distributions provision - This provision allows for the waiver and suspension of the required minimum distributions that were to be made to qualified Plan participants during the year ended December 31, 2020.
- Temporary loan repayment deferral provision - This provision allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Subsequent events have been evaluated by the Plan through September 4, 2020, which is the date the financial statements were available to be issued.
