Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Milestone Technologies, Inc. 401(k) Profit Sharing Plan (Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter - Supplemental Schedule

The supplemental schedule of assets (held at year end) as of and for the year ended December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter - 2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 4, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2019

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

1. PLAN DESCRIPTION

The following description of the Milestone Technologies, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete discussion of the Plan's provisions.

General and Plan Administration - The Plan is a defined contribution plan covering all eligible employees of Milestone Technologies, Inc. (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code (IRC). The Company has contracted with Fidelity Management Trust Company to act as the trustee, custodian, and recordkeeper.

Eligibility - All regular employees of the Company who have attained the age of 21 are eligible to participate, except for any employee covered by a collective bargaining agreement and leased employees.

Contributions - Participants may elect to contribute deferrals at the lesser of 90% of compensation or up to \$19,000 and \$18,500 of their eligible pay, as defined under the Plan for 2019 and 2018, respectively. Participants are eligible to make additional catch-up contributions of \$6,000 once they reach the age of 50 for 2019 and 2018. Effective April 1, 2019, participants are allowed to designate all or a portion of their contributions as Roth Contributions.

The Company matches each participant contribution equal to 25 percent of the participant's deferrals, up to a maximum of 5 percent of compensation and limited to \$2,500 per year.

Participant accounts and allocations - The Plan maintains individual accounts for participants. Each participant's account is credited with the participant's contributions, allocations of (a) the Company's contribution and (b) plan earnings and losses. Allocations are based on participant earnings or account balances as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings (losses) thereon. Company contributions vest at a rate of 25 percent per year of service with full vesting after four years of service.

Loans to participants - Participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the vested balance in the participant's account and bear interest at a rate established by the Plan administrator. At December 31, 2019 and 2018, interest rates on outstanding loans were 4.25%-6.50%. Principal and interest are repaid by payroll deductions.

Benefits and withdrawals - Upon termination of service due to death, disability, retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A participant's nonvested balance will immediately become vested when the termination is due to death.

The plan allows for in-service distributions upon a participant's attainment of age 59 1/2. In addition, a participant may apply for a hardship withdrawal from their deferral contributions, if he or she is experiencing an immediate and heavy financial need as defined by the specific criteria in the Plan document.

Administrative expenses - Certain expenses of maintaining the Plan are paid by the Plan Sponsor. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

SHARING PLAN**

Notes to Financial Statements

1. PLAN DESCRIPTION (CONTINUED)

Forfeited accounts - At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$241,430 and \$151,321, respectively. Forfeitures of employer match amounts are used to offset certain plan expenses or reduce future employer match contributions. In 2019 expenses were reduced by \$15,511.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from such estimates.

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Payment of benefits - Benefits are recorded when paid.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the net asset value (NAV) of shares, based on quoted market prices, held by the Plan at year-end.

Stable Value fund: Valued of participation units held is based on the NAV of shares or units held by the Plan at year end. The stable value fund provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. The fund invests in public bonds, commercial mortgages, and private placement bonds in order to produce a desirable balance between interest crediting rate responsiveness and stability.

The stable value fund intends to hold only assets whose fair market value is the contract value of the investment. While offering low-risk and competitive yields, the fund guarantees a return in principal and accumulated interest that is directly proportionate to the investor's capital preservation objective. The fund seeks to achieve this objective by investing primarily in a variety of high quality Stable Value Investment Contracts (the performance of which may be predicted on underlying fixed income securities), as well as cash and cash equivalents. Redemption is generally permitted daily. Individual participant redemptions for benefit payments and redemptions by participants to reinvest in options that do not compete with the stable value fund are generally permitted without restriction. Were the Plan to initiate a full redemption of the stable value fund, a twelve-month advance written notice is required. The redemption price is based upon the closing value per the unit of the fund, which is determined daily following the close of regular trading on the New York Stock Exchange.

Notes to Financial Statements

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company as defined by the Plan. Accordingly, these transactions qualify as party-in-interest transactions. Plan management believes that transactions related to such investments during the normal course of business qualify as exempt party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

6. TAX STATUS

Effective July 1, 2017, the Plan adopted the Fidelity Management Trust Company Volume Submitter Profit Sharing Plan, which has obtained an opinion letter dated March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Though the Plan has been amended, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Notes to Financial Statements

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. The Plan administrator will facilitate the distribution of account balances in a single lump sum payments to each participant in accordance with the Plan provisions until all assets have been distributed by the trustee.

8. CORRECTIVE DISTRIBUTIONS PAYABLE

In order to pass the Actual Deferral Percentage (ADP) Test, the Plan's management elected to refund excess elective deferrals and earnings thereon to certain highly-compensated employees. The calculated amount for 2019 was \$27,318. These amounts have been included as corrective distributions payable in the accompanying statements of net assets available for benefits at December 31, 2019.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. SUBSEQUENT EVENTS

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted in the risk and uncertainties note, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan's management has reviewed the results of operations for the period of time from its year ended December 31, 2019 through September 29, 2020, the date the financial statements were available to be issued, and has determined that no additional adjustments are necessary to the amounts reported in the accompanying financial statements nor subsequent events have occurred, the nature of which would require disclosure.
