NOTE 1 – DESCRIPTION OF PLAN

The following description of the Elite Lighting 401(k) Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2018 to qualify as a defined contribution retirement plan covering all permanent, full-time employees of Elite Lighting Corporation (the "Company"), and Orange Luxury Investments, LLC, an affiliate. The Plan is intended to satisfy the provisions of Section 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility

Employees are eligible to enter the Plan on the first day of the month coinciding with or immediately following the completion of 60 days of service.

Plan Administration

The Company is the Plan's sponsor and administrator, and is responsible for the day-to-day administration and operation of the Plan. Principal Life Insurance Company is the Plan's custodian (the "Custodian"), and is responsible for maintaining the individual participant account balances. The Plan's trustee is Bob Rashidi.

Participant Contributions

Each participant may elect to contribute a prescribed percentage or dollar amount of his or her compensation to the Plan, subject to certain IRC limitations, up to a maximum amount of $19,000 for the 2019 plan year. All or part of the contribution may be designated by the participant as a Roth (after-tax) contribution. Eligible employees who are age 50 or older before the end of the Plan year are eligible to make catch-up contributions in accordance with Section 414(v) of the IRC. For 2019, the limit on the catch-up contribution was $6,000. Participants may also rollover amounts representing distributions from other qualified plans. Participants can only change the amount of their contributions semi-annually.

Employer Contributions

The Company may make discretionary matching contributions as determined each year by the Company's management. For the year ended December 31, 2019, the Company did not make any discretionary matching contributions.

NOTE 1 – DESCRIPTION OF PLAN, continued

The Plan also provides for qualified non-elective employer contributions. During the year ended December 31, 2019, there were no such contributions made to the Plan.

Participants' Accounts

Individual accounts are maintained for each of the Plan's participants to reflect each participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of Plan income and expenses are based on the proportion that each participant's account balance has to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions into any of the various investment options offered by the Plan. Participants may change their investment options at any time during the Plan year.

Vesting

Participants are 100% vested at all times in their voluntary contributions and the earnings thereon. Vesting in employer contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Amounts

Forfeitures of employer contributions can occur if a participant terminates employment before becoming fully vested in such contributions, or to the extent that matching contributions relate to excess 401(k) elective deferrals; such contributions shall be subject to forfeiture even if they are otherwise vested. Forfeited balances of terminated participants' non-vested accounts are used, at the discretion of the Company, to reduce future employer contributions and to pay Plan expenses.

NOTE 1 – DESCRIPTION OF PLAN, continued

For the year ended December 31, 2019, there were no forfeited non-vested amounts used to reduce Company contributions or pay Plan expenses. At December 31, 2019, there were no forfeited non-vested amounts held by the Plan.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain specific reasons as defined in the Plan document. There was one hardship withdrawal totaling $1,460 during the year ended December 31, 2019.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant will receive a single lump-sum cash payment equal to the value of the participant's vested interest in his or her account. These payments may be paid in a lump sum payment or paid in installments over time. Any withdrawals made prior to the participant attaining age 59½ for any reason other than for death or disability is subject to a 10% federal excise tax.

Participant Loans

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates. Loans must be repaid within five years, unless the loan was for the purchase of a principal residence; in this case, the repayment period may be extended.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants will become fully vested in their account balances.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Net appreciation or depreciation in fair value of investments for the period is reflected in the accompanying statement of changes in net assets available for benefits. Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2019, there were no amounts allocated to participants who elected to withdraw from the Plan that had not yet been paid.

Promissory Notes from Participants

Promissory notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make promissory note repayments and the plan administrator deems the participant promissory note to be in default, the participant promissory note balance is reduced and a benefit payment is recorded, as a deemed distribution. During the year ended December 31, 2019, there were no loans that became deemed taxable distributions.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain expenses are paid by the Company for the administration of the Plan and are excluded from these financial statements. Fees related to the administration of promissory notes from participants are charged directly to the participant's account and are included in administrative fees. Investment-related expenses are included in net appreciation or depreciation in fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures fair value of its investments in accordance with Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"). ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or in the absence of a principal market, the most advantageous market for the asset or liability, in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The guidance describes three levels of inputs in priority that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities;

Level 2 - Observable inputs other than quoted prices included within Level 1, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (such as interest rates and yield curves, credit risks, and default rates) or other inputs that are principally derived from or corroborated by observable market data by correlation or by other means; and

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Pooled Separate Accounts

Pooled separate accounts are valued at the net asset value ("NAV") of units as reported by the Custodian. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. While the underlying asset values are based on quoted prices, the NAV of the separate accounts are not publicly quoted. Were the Plan to initiate a full redemption of the pooled separate accounts, the Custodian reserves the right to temporarily delay withdrawal from the Plan in order to ensure that securities liquidations will be carried out in an orderly business manner. The investments have no unfunded commitments and can be redeemed daily with a one-day notice period. At December 31, 2019, the Plan classified its investments in pooled separate accounts within Level 1 of the valuation hierarchy as it concluded the investments have readily determinable fair values.

NOTE 3 – FAIR VALUE MEASUREMENTS, continued

Common/Collective Trusts

The common/collective trusts are valued at the NAV of the units as provided by the Custodian. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. Participant transactions (purchases and sales) may occur daily. Certain events would limit the ability of the Plan and the trust to transact at fair value. Were the Plan to initiate a full redemption of the common/collective trusts, the Custodian reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner. The investments have no unfunded commitments and can be redeemed daily with a one-day notice period. At December 31, 2019, the Plan classified its investments in common/collective trusts within Level 1 of the valuation hierarchy as it concluded the investments have readily determinable fair values.

As of December 31, 2019, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Assets:				
Common collective trust	$ 129,900	$ -	$ -	$ 129,900
Pooled separate accounts	9,960	-	-	9,960
	$ 139,860	$ -	$ -	$ 139,860

As of December 31, 2018, the Plan's investments measured at fair value on a recurring basis are as follows:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Assets:				
Common collective trust	$ 44,207	$ -	$ -	$ 44,207
Pooled separate accounts	4,131	-	-	4,131
	$ 48,338	$ -	$ -	$ 48,338

NOTE 4 – TAX STATUS

The Plan has adopted a prototype 401(k) profit sharing plan. The Internal Revenue Service ("IRS") issued an opinion letter dated March 31, 2014 stating that the prototype plan was designed in accordance with applicable requirements of the IRC as of that date. The plan administrator believes that the Plan is currently designed and being operated in all material respects in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes the Plan is qualified and the related trust is tax exempt. Continued qualification is dependent on the Plan's future operations.

In accordance with U.S. GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that is more-likely-than not to be sustained upon audit by the IRS.

An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements. The plan administrator does not foresee material changes to the gross uncertain income tax position liability (or asset) of the Plan within the next twelve months.

The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data in the accompanying financial statements and the supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- The fair value of the Plan's investments as of December 31, 2019 and 2018, included in Note 3; and
- Investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019; and
- Schedule I: Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2019, except for promissory notes from participants of $1,002.

NOTE 6 – RELATED PARTY TRANSACTIONS

Plan assets are in investment funds managed by an affiliate of the Custodian. Administrative fees paid to an affiliate of the Custodian amounted to $1,243 for the year ended December 31, 2019. The Custodian and the participants are considered parties-in-interest under ERISA. All of these transactions are considered exempt party-in-interest transactions under ERISA.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for investment in any combination of investment funds with different investment strategies. These investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – SUBSEQUENT EVENTS

In December 2019, a novel strain of coronavirus disease ("COVID-19") was first reported in Wuhan, China. Less than four months later, on March 11, 2020, the World Health Organization declared COVID-19 a global pandemic. The extent of COVID-19's effect on the Plan's performance will depend on future developments, including the duration, spread, intensity of the pandemic and the potential further financial market instability, all of which are uncertain and difficult to predict considering the rapidly evolving landscape. The Plan is currently analyzing the potential impacts on its investments and overall performance. At this time, it is not possible to determine the magnitude of the overall impact of COVID-19 on the Plan. However, it could have a material adverse effect on the Plan and the Company.

On March 27, 2020, Congress passed the Coronavirus, Aid, Relief, and Economic Security ("CARES") Act which is intended to provide economic relief to retirement plan sponsors and participants in the midst of the global COVID-10 pandemic. Under the CARES Act, changes were made impacting certain provisions of qualified retirement plans, including participant loans and distributions. In 2020, the Plan adopted certain provisions of the CARES Act, which extended loan repayment terms and waived penalties for certain early withdrawals.

The Plan has evaluated subsequent events after the date of the statement of net assets available for benefits and through October 14, 2020, the date of issuance of these financial statements. Based on its evaluation, Plan management has determined that no subsequent events have occurred that would require recognition in the accompanying financial statements or disclosure in the notes hereto, except as discussed above.
