NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Realty Center Management, Inc. 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees (the "Participants") of Realty Center Management, Inc. (the "Company" and "Plan Sponsor"). Employees become an active participant on day one of their service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The executive management of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company ("Fidelity") serves as the Trustee of the Plan's assets and provides recordkeeping and investment accounting services. CBIZ Financial Solutions, Inc. serves as advisor to the plan. There were no Plan amendments made in 2019. See Note 8 – Subsequent Events for amendments related to the CARES Act.

Employee Contributions – Each year, participants may contribute up to the maximum amount limited by the Internal Revenue Service ("IRS"). For the year ended December 31, 2019, employees can defer up to $19,000 (this amount will increase to $19,500 for the year ending December 31, 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit, defined contribution plans or individual retirement accounts. Employees may elect to make "after-tax" contributions to the plan. Such contributions totaled $53,703 during the year ended December 31, 2019.

Participants who are age 50 or older may make catch-up contributions to the Plan up to the maximum amount limited by the IRS. For the year ended December 31, 2019, this additional catch-up contribution is $6,000 (this amount will increase to $6,500 for the year ending December 31, 2020).

The Plan features an automatic enrollment provision which automatically enrolls all eligible employees and allocates 4% of each employee's eligible compensation as a pre-tax contribution to the plan. These contributions are invested by the Plan into a qualified default investment alternative consisting of various target date retirement funds corresponding with the age of each employee. Employees have the right to change their contribution percentage or change their investment allocation election at any time.

Employer Contributions – In 2019, the Company had a matching contribution of 100% of the first 4% of the employees' contribution. For the year ended December 31, 2019, the Company contributed $477,623. The Company does not provide any matching contributions on special catch-up contributions.

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions plus earnings thereon is based on years of continuous service. Vesting occurs ratably and a participant is 100 percent vested after five years of credited service. Additionally, a participant becomes 100 percent vested in the Company's contribution upon the occurrence of (1) death, (2) total and permanent disability, (3) attainment of age 65, and (4) termination of the Plan.

NOTE 1 – DESCRIPTION OF THE PLAN – (CONTINUED)

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions in any of the approximately 26 separate publicly traded mutual funds held by Fidelity Management Trust Company, the Trustee. The Plan also offers one stable value / managed income portfolio account, also offered by the Trustee. These investments are purchased at the direction of Participants through salary deferrals, company matching contribution and investment income reinvestments. Additionally, shares in these accounts are sold whenever a participant withdraws from the Plan or borrows from it. Participants may change their investment allocation at their discretion.

Participants' Loans – Participants may borrow from their fund accounts in an amount not to exceed the lesser of $50,000 or 50% of the vested amount. Loan terms are in general up to 5 years, or a reasonable time would be determined if the main purpose of loan is for the purchasing of the principal residence of the participant. As of December 31, 2019, participant loans have various maturities through the year 2025. The loans are secured by the balance in the participants' accounts, and the current loans bear interest from 4.25% - 6.50%. Principal and interest are paid through payroll deduction. Additionally, participants who apply for loans are charged a one-time $75 set-up fee and annual maintenance fee of $25. Fees charged to participant accounts for such services amounted to $2,650 for the year ended December 31, 2019.

Loans are segregated investments and to the extent a participant borrows, their account will not share in the earnings and gains in value attributable to other investments. The interest that participants pay on their loans will be directly credited to their account. If any losses are realized or expense incurred in the event of default, such losses and expense shall be allocated only to the participant's account. Unpaid principal balances on loans will be deemed a distribution if the participant terminates employment with the Company. A participant may only have one loan outstanding.

Payment of Benefits – Upon termination of employment due to retirement or death, a participant has options to receive either a single sum or installment payments of his or her vested account balance. A participant shall choose to be paid in a single sum of their vested account balance or to be rolled over to a qualified retirement plan if he or she ceases to be an employee for any other reason. The Plan had adopted an automatic distribution policy for terminated participants whose accounts are below $1,000. Hardship distribution is permitted; however, the Participant is suspended from contributing to the Plan for the succeeding six months.

Forfeited Accounts – The following is a summary of forfeiture activity during the year ended December 31, 2019:

Beginning of year	$	46,084
Forfeitures received		42,009
Earnings thereon		1,053
Application of forfeitures		(37,808)
Transfers and adjustments		167
End of year	$	51,505

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Contributions by participants are recognized in the period the participants' wages are earned, but withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to Internal Revenue Code ("IRC") provisions. Plan expenses are recorded when incurred.

Use of Estimates – The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Mutual fund values are based on the underlying investments. Mutual fund securities traded on security exchanges are valued daily at the latest quoted sales price. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year. The Plan's investments are stated at fair value except for the investment in the Fidelity Managed Income Portfolio Class I Fund ("MIP CL 1 Fund"). This investment is a common / collective trust that invests in invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. This investment is valued at their net asset values ("NAV") per share as of the close of business on the valuation date as a practical expedient for the estimated fair value.

Purchases and sales of the shares are recorded on a trade date basis. Net appreciation / depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividend income is recorded on the ex-dividend date and interest income is accrued as earned. Plan assets are concentrated in mutual funds primarily consisting of stocks and bonds. Realization of the Plan's net assets available for benefits is dependent on the results of these markets.

Notes Receivable from Participants – Notes receivable from participants represent loans that are recorded at their unpaid principal balance plus accrued but unpaid interest. Related fees are recorded as administrative expense and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2019 and 2018. Delinquent participant loans are classified as distributions based on the terms of the plan agreement.

Excess Contributions Payable – Amounts payable to participants totaled $19,800 and $9,680 at December 31, 2019 and 2018, respectively. Contributions in excess of amounts allowed by the IRS are recorded as liabilities, with a corresponding reduction to the respective year's contributions (comprising $19,800 of participant contribution refunds and $0 of excess employer match contributions). The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15 after year-end.

Plan Administrator Costs – The Company absorbs a portion of administration costs related to the Plan. Administrative expenses and fund fees incurred by the Plan for the year ended December 31, 2019 totaled $63,902.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Related Party Transactions – Certain Trustee, accounting, and administrative expenses relating to the maintenance of participant records and the Plan's administration are absorbed by the Company and certain administrative expenses are charged against Plan assets and allocated to Participants on a pro-rata basis. Certain Plan investments are held in shares of common collective trust accounts managed by Fidelity Management Trust Company. These transactions and participant loans qualify as party-in-interest transactions.

Plan Termination – Although it has not expressed any intention to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination of the Plan, the entire amount of each participant's account, with respect to the Plan, shall become 100% vested and non-forfeitable.

NOTE 3 – INCOME TAX STATUS

Tax Status – The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the form of the plan is qualified under Section 401 of the Internal Revenue Code ("the Code") and therefore, the related trust is tax-exempt. The plan administrator has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee as complete and accurate to the best of their knowledge, except for comparing such information certified by the trustee to information included in the Plan's financial statement and supplemental schedule.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE – (CONTINUED)

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. The Plan measures, monitors and discloses its assets on a fair value basis in accordance with ASC 820. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB 820 are described as follows:

- *Level 1*: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

- *Level 2*: Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets.
    - Quoted prices for identical or similar assets or liabilities in inactive markets.
    - Inputs other than quoted prices that are observable for the asset or liability.
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

    If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 5 – FAIR VALUE MEASUREMENTS

- *Level 3*: Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds – Valued at the net asset value of shares held by the Plan at year-end based on market prices of the underlying securities.

Stable value fund – This investment is presented at net asset value as a practical expedient.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as follows:

	Fair Value Hierarchy:			
	Level 1	Level 2	Level 3	Total
December 31, 2019				
Mutual funds	$ 10,069,719	$ -	$ -	$ 10,069,719
Stable value fund, presented at net asset value				428,569
Total				$ 10,498,288
December 31, 2018				
Mutual funds	$ 7,788,758	$ -	$ -	$ 7,788,758
Stable value fund, presented at net asset value				422,006
Total				$ 8,210,764

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended December 31, 2019. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2019, there were no unfunded commitments associated with any of these investments.

NOTE 6 – STABLE VALUE FUND

Fidelity Managed Income Portfolio Class 1 ("MIP CL 1") units are issued and redeemed daily at the MIP CL 1 Fund's constant net asset value of $1.00 per unit. The Fund's investment objective is stability of principal and high current income. The Fund pursues this investment objective by investing primarily in guaranteed investment contracts (GICs), including traditional GICs, Synthetic GICs and separate account GICs; money market mutual funds and other stable value products that can be carried at contract value. It is the policy of the MIP CL 1 Fund to use its best efforts to maintain a stable net asset value of $1.00 per unit; although there is no guarantee that the MIP CL 1 Fund will be able to maintain this value.

NOTE 6 – STABLE VALUE FUND – (CONTINUED)

Interest crediting rates are typically reset on a monthly or quarterly basis. Because changes in market interest rates affect the yield to maturity and the fair value of the underlying fixed-income securities, they can have a material impact on the interest crediting rate. In addition, withdrawals and transfers from the MIP CL 1 Fund are paid at contract value but may be funded through fair value liquidation of the underlying fixed-income securities, which could impact the crediting rate. All synthetic GICs provide for a minimum crediting rate of zero percent, which is intended to protect participants' principal and accrued interest. The total return for the MIP CL 1 Fund for the year ended December 31, 2019 was 1.92%.

The MIP CL 1 Fund's trust agreement provides that withdrawals for purposes other than normal benefit payments, participant loans, direct transfers or paying Trustee fees may require advance notice of up to twelve months. In certain circumstances, the amount withdrawn from the MIP CL 1 Fund would be payable at fair value rather than at contract value. These circumstances may include, but are not limited to, the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the MIP CL 1 Fund or the Plan.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Contributions received from participants for the year of 2019 include accrued salary deferrals and matching contributions at December 31, 2019 that have not yet been remitted to the Plan. These amounts are included in the Plan's statement of net assets available for benefits as contributions receivable. The amount of contributions also excludes excess employee contributions that will be refunded to participants subsequent to year-end to satisfy plan compliance testing.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 to the Form 5500:

Amount per financial statements	$ 10,750,518
Contributions receivable - employees	(25,209)
Contributions receivable - employer	(18,301)
Excess contribution payable	19,800
Amounts per Form 5500	$ 10,726,808

Benefits paid - Form 5500	$ 688,243

NOTE 8 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 13, 2020, the date the financial statements were available to be issue.

Global Pandemic – On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, 2020, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health and are expected to have material adverse impacts on domestic and foreign economies.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

Coronavirus-Related Distributions – On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, or CARES Act (the "Act"). The Act includes a number of tax provisions related to retirement plans noted in the following pages. The Plan administrator intends to adopt all of the provisions of the Act.

NOTE 8 – SUBSEQUENT EVENTS – (CONTINUED)

Coronavirus-Related Distribution from Certain Retirement Plans

A plan participant or IRA owner may take a coronavirus-related distribution from a 401(a), 401(k), 403(b) or governmental 457(b) plan, or from a traditional IRA beginning March 27, 2020 and before December 31, 2020 due to:

- that individual being diagnosed with the virus SARS-CoV-2 or with coronavirus disease 2019 (COVID-19) by a test approved by the Centers for Disease Control and Prevention;
- the individual's spouse or dependent being diagnosed with such virus or disease by such a test; or
- the individual experiencing adverse financial consequences as a result of:
    - being quarantined, furloughed or laid off or having work hours reduced due to such virus or disease;
    - being unable to work due to lack of child care due to such virus or disease, closing or reducing hours of a business owned or operated by the individual due to such virus or disease; or
    - meeting such other factors as may be issued in Treasury guidance.

Federal Income Tax Treatment of Coronavirus-Related Distribution

A coronavirus-related distribution is not subject to the mandatory federal 20% withholding or delivery and receipt of the Special Tax Notice. Fidelity will tax report the full distribution amount for tax year 2020.

Waiver of the IRS 10% Premature Distribution Penalty Tax

A plan participant or IRA owner who takes a coronavirus-related distribution up to an aggregate amount of $100,000 is not subject to the Internal Revenue Service (IRS) 10% premature distribution penalty tax. A plan sponsor's responsibility for monitoring the $100,000 aggregate distribution amount of a participant's coronavirus-related distribution is limited to only coronavirus-related distributions a participant takes from all plans of that employer (and any other plans that are part of that employer's controlled group).

Repayment of Coronavirus-Related Distribution

A coronavirus-related distribution may be repaid in one or more contributions to a 401(a), 401(k), 403(b) or governmental 457(b) plan, or to a traditional IRA over a 3-year period beginning on the date that the distribution was received if the recontribution is made to a 401(a), 401(k), 403(b), governmental 457(b) plan or traditional IRA. The coronavirus-related distribution is considered to be a rollover eligible distribution for recontribution purposes.

NOTE 8 – SUBSEQUENT EVENTS – (CONTINUED)

Plan Loan Relief – Coronavirus-Related Loans

A participant who satisfies the eligibility requirements for a coronavirus-related distribution:

- may take a loan from a 401(a), 401(k), 403(b) or governmental 457(b) plan during the 180-day period beginning on March 27, 2020 of up to the lesser of $100,000 (taking into account the outstanding balance of all other loans taken from plans of the employer) or 100% of the nonforfeitable value of the participant's account under the plan (not existing outstanding loan amounts and number of loans permitted under the plan will serve to decrease the amount available).
- Fidelity will rely on a participant's certification that the participant satisfies the eligibility conditions for taking a loan under this provision.

Plan Loan Repayment Relief

A participant who satisfies the eligibility requirements for a coronavirus-related loan:

- may delay repayment of a new or existing loan from a 401(a), 401(k), 403(b) or governmental 457(b) plan for a period of one year for loan repayments outstanding on March 27, 2020 through December 31, 2020. The delay of the loan repayment will not cause the loan to fail to meet the Internal Revenue Code requirements for the maximum five-year loan term for nonresidential loans or substantially level re-amortized payment schedule. Once repayments recommence, the loan will be adjusted to reflect the delay, including accrued interest.
- Fidelity will rely on a participant's certification that the participant satisfies the eligibility conditions for delaying loan repayments.

Waiver of Required Minimum Distribution (RMD) from Certain Defined Contribution Plans and Traditional IRAs for 2020 Calendar Year

RMD's are waived for all participants and beneficiaries in 2020 from accounts within a defined contribution 401(a) or 401(k) plan, defined contribution 403(b) plan or a defined contribution governmental 457(b) plan, or a traditional IRA. Fidelity will automatically cease processing of single payment RMD's for 2020 unless otherwise directed. Fidelity will continue to distribute all participant-elected installments, including recurring RMD payments. Participants may modify any such elections by following existing plan provisions.
