For any Plan year that the Plan is determined to be top-heavy, the Company contributes to each participant in the Plan a guaranteed minimum contribution of 3% of participants' compensation. During 2019 and 2018, the guaranteed minimum contribution percentage was 3%. During 2019 and 2018, associates and trainees received a guaranteed minimum contribution percentage of 3% and 5%, respectively. The guaranteed minimum contribution can be reduced by the Company's contribution to the participants' account in the Crystal Clear Building Services, Inc. Defined Benefit Pension Plan maintained by the Company. Contributions are subject to certain limitations as prescribed by the Internal Revenue Code (IRC). Discretionary profit sharing contributions were \$50,142 and \$61,107 for the years ended December 31, 2019 and 2018, respectively. During 2019 and 2018, \$50,142 and \$16,492 of forfeitures was used to offset the discretionary profit sharing contributions, respectively.

FOR THE YEARS ENDED DECEMBER 31, 2019 AND 2018

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PARTICIPANT ACCOUNTS

Separate accounts are established with each participant account. All assets of the Plan shall be commingled for investment purposes and each participant shall have a ratable interest in all assets of the Plan. Participant accounts are credited with allocations of the Company's discretionary profit sharing contributions, if any, and investment earnings and losses, and charged with an allocation of administrative expenses. Allocations are based on participants' account balances or compensation, as provided by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

VESTING

Participants are vested in their accounts based on years of continuous service in which the participant worked at least 1,000 hours. Vesting in the Company's discretionary profit sharing contributions is based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 3 years	0%
3 years or more	100%

If an employee is still employed at their normal retirement date or they become deceased or permanently disabled they shall become 100% vested in their accrued benefit. As discussed in Note 6, due to the termination of the Plan effective September 30, 2020, all participants will become fully vested in their accrued benefit.

FORFEITURE ACCOUNTS

Forfeitures occur when participants terminate employment prior to becoming entitled to full benefits. At December 31, 2019 and 2018, forfeitures totaled \$0 and \$50,142, respectively. Forfeitures can be used by the Company to pay Plan expenses or reduce future Company contributions. In 2019 and 2018, the Company used \$50,142 and \$16,492 of the forfeiture balance to reduce Company contributions, respectively.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in either a lump-sum, or in monthly installment payments. On termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant's vested account balance is less than \$1,000 upon termination a voluntary cash out in the form of a lump-sum distribution can be made.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The accompanying financial statements have been prepared on the accrual basis of accounting (GAAP).

USE OF ESTIMATES

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors, third party administrator, record-keeper and custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains (losses) on the investments purchased and sold, as well as held, during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying Statements of Changes in Net Assets Available for Benefits. Plan expenses paid by the Company are excluded from Plan activity.

SUBSEQUENT EVENTS

The Plan evaluated subsequent events through October 14, 2020, the date these financial statements were available to be issued. Except as described below and in Notes 5 and 6, there were no other events identified that requires recognition or disclosure in these financial statements.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (Covid-19) as a pandemic which continues to spread throughout the United States and the World, triggering volatility in financial markets and a significant negative impact on the global economy. As of the date the financial statements were available to be issued, there was considerable uncertainty around the expected duration of this pandemic. The eventual financial impact to the Plan, participants, and the Company cannot be reasonably estimated at this time.

On August 5, 2020, the Plan was amended and effective September 30, 2020, the Plan is terminated. To the extent not previously forfeited, all accrued amounts under the Plan vested as of September 30, 2020 and the participants were automatically vested as of the date of the Plan termination. The custodian shall, at each participant's request, distribute such participant's accrued benefit to or on behalf of the participant. Upon such distribution, the Plan shall terminate (see Note 6).

NOTE 3 - FAIR VALUE MEASUREMENTS

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs used in valuation models (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets or quoted prices for identical or similar assets or liabilities in inactive markets. Level 2 inputs include those other than quoted prices that are observable for the asset or liability and that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2019 and December 31, 2018.

Pooled Separate Accounts – The fair value of the investments included in the underlying assets are used to determine the net asset value (NAV) of the account. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For these funds there are no unfunded commitments, redemption restrictions and participants can transact daily.

NOTE 4 - INFORMATION CERTIFIED BY THE CUSTODIAN

The investments and investment activity have been certified as complete and accurate by The Lincoln National Life Insurance Company, the custodian of the Plan, as of and for the years ended December 31, 2019 and 2018, and have not been audited by the independent auditors.

	<u>2019</u>	<u>2018</u>
Pooled Separate Accounts	<u>\$2,012,895</u>	<u>\$1,591,123</u>

During the years ended December 31, 2019 and 2018, the Plan's investments (including gains and losses on investments purchased and sold, as well as held during the year) appreciated (depreciated) in value by \$432,423 and \$(201,489), respectively.

NOTE 5 - TAX STATUS

The Plan adopted a prototype non-standardized defined contribution plan with a cash or deferral arrangement. The Plan received its latest favorable opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements for the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

On March 3, 2017, the IRS notified the Company that the Plan had been selected for a detailed examination. The IRS audit has requested certain Plan records for the year ended December 31, 2015. On August 8, 2019, the IRS notified the Company that they were increasing the scope of their detailed examination. The IRS audit has requested certain Plan records for the years ended December 31, 2012 through December 31, 2017. The Company has fully cooperated with all requests from the IRS. On August 10, 2020, the IRS provided the closing agreement which included terms of correction for the Plan. The agreement was signed by both parties and all required corrections and penalties were paid in a timely manner.

NOTE 5 - TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. As of December 31, 2019 and 2018, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 6 - PLAN TERMINATION

On August 5, 2020, the Plan Sponsor elected to terminate the Plan and the Plan was effectively terminated on September 30, 2020. Full liquidation of assets with vested balances through distributions are expected to occur prior to 2021.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are invested in funds issued and managed by The Lincoln National Life Insurance Company, the custodian of the Plan, and therefore these transactions are considered party-in-interest transactions.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
