1. Plan Description

The McCain Foods USA, Inc. Retirement Plan (the "Plan"), a defined contribution plan, was established on January 1, 1991. The Plan's participants include employees of McCain Foods USA, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers all common law employees of the Company, as defined by the Plan document, commencing on the date of employment.

Temporary and seasonal employees are eligible to participate in the Plan once they have completed one year of eligibility service which is defined as at least 1,000 hours of service in a Plan year. There are no eligibility service requirements in the Plan for employees other than temporary or seasonal employees.

Effective July 1, 2018, employees of Infinity Foods, Inc. were transferred to the Plan and became eligible to participate in the Plan. Assets amounting to $1,360,417, were transferred into the Plan from the Infinity Foods Retirement Savings Plan as of July 2, 2018.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Investments
All investments under the Plan are participant directed. Upon enrollment in the Plan, a participant may direct both employee and employer contributions in 1% increments in any of the 28 investment options. Participants may change their investment allocations at any time.

Contributions
Full time employees are automatically enrolled in the Plan upon hire, at 3% of their compensation, but are provided the option to opt out of participating in the Plan. A participant may also elect to contribute up to 50% of their annual compensation, within certain limitations, to the Plan on a pretax or post tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Each participant's annual compensation is required to be reduced by 3%, which represents the Safe Harbor Nonelective Contribution ("Automatic Core Contribution"). Automatic Core Contributions are classified as employer contributions in the Statement of Changes in Net Assets Available for Benefits. In addition to the 3% Automatic Core employer contribution described above, the Company will make an Employer Core Contribution, matching the amount of Automatic Core Contribution, equal to 3% of each participant's annual compensation. The Employer will also make an Excess Employer Core Contribution equal to 3% of each participant's annual compensation in excess of the Social Security taxable wage base. Further, the Company may, in its discretion, make a Regular Matching Contribution to the Plan for each Plan year up to an additional 3%, which shall be determined by the Company for each Plan year. The discretionary Regular Matching Contribution was 3% for the year ended December 31, 2019 and totaled $6,577,771.

Participants can also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

Participant Accounts
Each participant's account is credited with the participant's contribution, employer contributions and an allocation of Plan earnings, losses and expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Each participant is fully vested in his or her Automatic Core Contributions, elective employee contributions, catch-up contributions and rollover contributions immediately. Each participant becomes fully vested in his or her Employer Core Contributions, Excess Employer Core Contributions and Regular Matching Contributions upon completion of three years of vesting service or upon reaching normal retirement age of 65, with no vesting during the first two years.

Benefits
On termination of service due to death, disability, retirement or otherwise leaving employment, the participant or beneficiary may elect to receive a lump sum amount equal to the value of the vested balance allocated to his account. If a participant's vested interest in his or her account does not exceed $1,000, an automatic distribution of such interest shall be made in a lump sum payment or through direct rollover. Participants may withdraw all or a portion of the balance of their accounts without penalty upon attainment of age 70-1/2.

Notes Receivable from Participants
Notes receivable from participants are permitted under the Plan and are subject to such conditions and limitations as the Retirement Plan Administrative Committee deems necessary for administrative convenience and to preserve the tax-qualified status of the Plan.

No loan to any participant or beneficiary may be made to the extent that such loan, when added to the outstanding balance of all other loans to the participant or beneficiary, would exceed the lesser of (a) $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one-year period ending on the day before the loan is made, or (b) one-half the current value of the nonforfeitable accrued benefit of the participant. The loan terms are generally between one and five years with a term of up to twenty years for the purchase of a primary residence.

Loans shall be made available to all participants and beneficiaries on a reasonably equivalent basis. Loans shall not be made available to highly compensated employees (as defined in Section 414(q) of the IRS Code) in an amount greater than the amount made available to other employees. Loans must be adequately secured using not more than 50% of the participant's vested account balance and bear a reasonable interest rate. Interest rates ranged from 4.25% - 9.25% at December 31, 2019 and 2018.

Forfeitures
When a participant terminates employment prior to vesting in all of his or her employer contributions, such employer contributions and the net investment income thereon are forfeited. Forfeitures are used to reduce future employer contributions under the Plan. During 2019, $801,853 of forfeitures were used to offset employer contributions. At December 31, 2019 and December 31, 2018 unallocated forfeitures totaled $663,781 and $515,435 respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The preparation of financial statements in conformity with GAAP in the United States of America requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net depreciation in the fair value of its investments which consists of the net realized gains and the net unrealized appreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Income from investments is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Risks and Uncertainties

The Plan provides for various investments in any combination of collective trusts and mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Delinquent Notes Receivable

Delinquent notes receivable from participants are classified as distributions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Administrative Expenses

Administrative expenses, such as legal, accounting, recordkeeping and trustee fees, are paid entirely by the Company. Loan processing fees and investment management fees are deducted from the participant's account balance.

Recent Accounting Pronouncements

In August, 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, which includes additions, modifications and eliminations to existing disclosure requirements for fair value measurement. The prospective application of this guidance is effective for annual periods beginning in 2020. Plan management does not believe the adoption of this guidance will have a material effect on the Plan's financial statements.

3. Plan Trustee Certification

As of December 31, 2019 and 2018 and for the year ended December 31, 2019, the Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Vanguard Fiduciary Trust Company has certified that the following data included in the financial statements, notes to the financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018.
- Interest and dividend income, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Interest on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Net appreciation in fair value of the investments, as shown in the Statement of Changes in Net Assets Available for Benefits.
- Investments detailed on Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2019.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

FASB ASC 820, Fair Value Measurement and Disclosures, provides the framework for measuring fair value. That framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measures level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at quoted market prices that represent the net asset value ("NAV") of the shares held by the plan at year end. The fair value of the mutual funds is classified as level 1.

Collective trusts:
Stable value
The stable value fund included in the common/collective trusts represents an investment in the Vanguard Retirement Savings Master Trust III. The trust fund is valued determined using NAV and is used for expedience purposes.

Core fund
The core fund included in common/collective trusts represents investment in various level I common stocks. The fair market value of the Plan's interest in the collective trust has been determined using NAV and is used for expedience purposes.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investment holdings at fair value were comprised of the following at December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 498,325,282	$-	$-	$ 498,325,282
Total assets at fair value	$ 498,325,282	$-	$-	498,325,282
Investments measured at NAV as a practical expedient (1)				63,878,600
Total assets				$ 562,203,882

(1) In accordance with ASC Update 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of investments, at fair value, included in the Statement of Net Assets Available for Benefits.

Investment holdings at fair value were comprised of the following at December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 399,998,736	$ -	$ -	$ 399,998,736
Total assets at fair value	$ 399,998,736	$ -	$ -	399,998,736
Investments measured at NAV as a practical expedient (1)				63,799,811
Total assets				$ 463,798,547

(1) In accordance with ASC Update 2015-07, investments that are measured at fair value using the NAV per share as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented are intended to permit reconciliation of fair value hierarchy to the total value of investments, at fair value, included in the Statement of Net Assets Available for Benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan does not hold any investments requiring level 3 measurements.

The following table summarizes the investments at fair value based on NAV per share as a practical expedient as of December 31, 2019 and 2018:

	As of December 31, 2019			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trusts -- Stable Value	$ 39,337,794	N/A	Daily	Yearly
Collective Trusts -- Core Fund	24,540,806	N/A	Daily	None required

	As of December 31, 2018			
	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective Trusts -- Stable Value	$ 42,322,848	N/A	Daily	Yearly
Collective Trusts -- Core Fund	21,476,963	N/A	Daily	None required

5. Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated July 8, 2014, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has subsequently been amended. The Company believes the Plan continues to be designed and operating in compliance with applicable requirements of the Internal Revenue Code.

The Company has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2016.

6. Plan Termination

While the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time. In the event the Plan is terminated, participants will become 100% vested in their accounts, and the assets would be distributed to participants in accordance with the terms set forth in the Plan.

7. Party-In-Interest Transactions

Certain investments of the Plan are shares of mutual funds and units of a collective trusts managed by the trustee. Transactions involving these investments, in addition to transactions involving notes receivable from participants are considered to be party-in-interest transactions.

8. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020 which is the date these financial statements were available for issuance.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets. As a result, the Plan's various investment securities have incurred significant declines in fair value since December 31, 2019. The impact of COVID-19 continues to evolve rapidly and the Company is not able at this time to estimate its full impact on the Plan's financial statements.

On March 27, 2020, the U.S. federal government enacted the Coronavirus Aid, Relief and Economic Security (“CARES”) Act. The Plan adopted several provisions permitted by the CARES ACT, including provisions permitting impacted participants to make withdrawals limited to $100,000 without penalty tax, the suspension of loan payments due for up to one year and provisions permitting individuals to stop receiving 2020 required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.
