RESOURCING EDGE I, LLC 401(K) PLAN

Notes to Financial Statements

A. Description of Plan

The following description of the Resourcing Edge I, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

1. General. The Plan is a defined contribution plan covering all employees of Resourcing Edge I, LLC and Dave Watson & associates, LLC (hereafter, collectively, referred to as the “Company”), with the exception of Union and Non-Resident Alien employees. Entry dates are the first of each month. The Plan was established on January 1, 2017 and is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). During 2019, all Plan contributions were suspended, and all Participant accounts were transferred to the Resourcing Edge Retirement Savings Plan.
2. Contributions. Each year, participants may contribute pre-tax deferrals or Roth (after-tax) deferrals as a percent of annual compensation as defined in the Plan to the maximum allowed by the Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan does not include an auto-enrollment provision. Eligible employees must enroll if they wish to participate in the Plan.

During 2018, the Company provided a safe harbor contribution equal to 100% of the first 3% of a participant’s deferrals and 50% of the next 2% of a participant’s deferrals. The safe harbor contributions are invested as directed by the participant.

During 2019, all Plan contributions were suspended, and all Participant accounts were transferred to the Resourcing Edge Retirement Savings Plan.

Notes to Financial Statements

A. Description of Plan (continued...)

3. Participant accounts. Each participant's account is credited with the participant's contributions and the Company's safe harbor and discretionary contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting. Participants are vested immediately in their contributions and the Company's safe harbor contributions plus actual earnings on the contributions. Vesting in the Company's discretionary contributions portion of their accounts, if any, is based on years of continuous service. Participants become 100 percent vested in the Company's discretionary contributions after 6 years of credited service.
5. Notes receivable from participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.
6. Payment of benefits. Participants may elect to receive a distribution up to an amount equal to the value of the participant's vested interest in his or her account due to termination of service, death, disability, or retirement. A participant may receive an in-service withdrawal after attaining age 59-1/2.

In the event of a participant's death, the participant's designated beneficiary may request a distribution of the participant's account.

Withdrawals may also be made in conjunction with IRS hardship distribution regulations.

7. Forfeited accounts. In the event that funds are forfeited, those forfeitures may be used to pay plan administrative expenses and/or used to reduce the Company's contributions. Forfeited account balances were \$3,313 and \$3,433 as of December 31, 2019 and 2018, respectively.

B. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding increase to corrective distributions.

RESOURCING EDGE I, LLC 401(K) PLAN

Notes to Financial Statements

B. Summary of Accounting Policies (continued...)

Payment of Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

In March 2020, the World Health Organization categorized the Coronavirus Disease 2019 ("COVID-19") as a pandemic, and the President of the United States declared the COVID-19 outbreak a national emergency.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus related distributions or relief for loan repayment or the delay of required minimum distributions. The optional features within these acts are currently being assessed by Plan management. Written amendments to the Plan to reflect these operational changes will be adopted in accordance with applicable laws and IRS guidance.

No other subsequent events were identified through October 12, 2020, the date these financial statements were issued.

C. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
---------	--

Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as: a. Quoted prices for similar assets or liabilities in active markets b. Quoted prices for identical or similar assets or liabilities in inactive markets c. Inputs other than quoted prices that are observable for the asset or liability d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

RESOURCING EDGE I, LLC 401(K) PLAN

Notes to Financial Statements

C. Fair Value Measurements (continued...)

Mutual funds, collective trusts and pooled separate accounts. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Transamerica Stable Value Core Option. Transamerica's Stable Value Option investment choices in the Group Annuity Contract comply with the Financial Accounting Standards Board's (FASB's) fully benefit-responsive requirements, and thus are reportable at contract value in the defined contribution plan's financial statements.

In accordance with FAS 107 (#12) and SOP 94-4-1, this type of investment is considered a deposit liability with no defined maturities and is fairly valued at contract value. That is, the contract value listed on the Employer Plan Statement is also the fair value. Since contract value is fair value according to FASB standards, the average yield earned by the plan is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to plan participants.

Prior to January 1st and July 1st, the effective annual rate of interest is established for the corresponding six month period. Interest is credited, based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six month period. There is no stated minimum or maximum interest rate for the Stable Value Option investment choices.

The Transamerica Stable Value Option investment choices are backed by the general account of TLIC or TFLIC. While TLIC or TFLIC declare rates periodically and back the principal and interest of these investment choices, any guarantees are subject to the claims paying ability of the insurance company.

C. Fair Value Measurements (continued...)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>12/31/2019</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accts	-			-

Investments measured at net asset value*				8,880
Investments at fair value	-	2,162,307	-	2,171,187

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Transfers between Levels

For years ended December 31, 2019 and 2018, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3 and no changes in Fair Value of Level 3 Assets and Related Gains and Losses.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

RESOURCING EDGE I, LLC 401(K) PLAN

Notes to Financial Statements

D. Fully Benefit-Responsive Investment Contracts

The Plan did not hold any investments recorded at contract value as of December 31, 2019 and 2018. In accordance with FAS 107 (#12) and SOP 94-4-1, the Transamerica Stable Value Core Option is considered a deposit liability with no defined maturities and is fairly valued at contract value. That is, the contract value listed on the Employer Plan Statement is also the fair value. Since contract value is fair value according to FASB standards, the average yield earned by the plan is equal to the average yield earned by the plan adjusted to reflect the actual interest rate credited to plan participants.

E. Rollover Contributions

Rollovers may be accepted from all Participants who are Employees. Distributions may be made at any time from a participant's rollover account.

F. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by various mutual fund companies. Fees incurred within these mutual funds are included in net appreciation in fair value of investments.

During 2019, fees were paid to Transamerica Financial Life Insurance Company, the custodian as defined by the Plan, for their advisory and administrative services to the Plan. These fees included investment fees, third party administrative fees, and other professional service fees, and are based on customary charges as agreed upon by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

Certain administrative functions are performed by officers or employees of the Plan's sponsor. No such officer or employee receives compensation from the Plan.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the plan may be allocated to participant accounts or distributed in such a manner as the Company may determine.

During 2019, all Plan contributions were suspended, and all Participant accounts were transferred to the Resourcing Edge Retirement Savings Plan.

RESOURCING EDGE I, LLC 401(K) PLAN

Notes to Financial Statements

H. Tax Status

Although the Plan has not received a determination letter from the Internal Revenue Service, it has adopted a pre-approved Prototype Plan. The Plan has been amended and the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believes that the Plan is qualified and that the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS/DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The COVID-19 pandemic could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Company, its performance, and its financial results. The COVID 19 pandemic has led to volatility in financial markets and has affected, and may continue to affect, the market price of the Plan's investments. The potential economic impact and the duration of COVID 19 is difficult to assess or predict.

J. Reconciliation of Financial Statements to Form 5500

Certain differences may exist between the recording of accruals for financial reporting purposes and IRS/Department of Labor's (DOL) Form 5500 purposes. There were no such differences as of and for the years ended December 31, 2019 and 2018.

K. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018 and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company, the custodian.
