Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2019 and 2018, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes (Held at End of Year) as of December 31, 2019 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1: DESCRIPTION OF PLAN

The following brief description of the TimeClock Plus, LLC 401(K) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General – The Plan is a profit sharing and savings plan sponsored by TimeClock Plus, LLC (the Company or the Employer) to provide participants with the opportunity to save for retirement on a tax-advantaged basis. The Plan originated as the Data Management, Inc. 401(K) Profit Sharing Plan on January 1, 2000. The Plan was amended as of January 1, 2009 to comply with the Economic Growth and Tax Relief Reconciliation Act of 2001. The Plan was amended, again, as of April 22, 2013 to adopt a change in entry date, and eligibility conditions. In September 2019, the Plan was amended to adopt the name change to TimeClock Plus, LLC 401(K) PSP. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration – Charles Schwab Trust Company (Schwab) is the trustee of the Plan, and Pentec Pension Management Group, Inc. (Pentec) performs recordkeeping services.

Investment Options – Upon enrollment in the Plan, a participant may direct employee contributions into any of the 27 investment options as follows:

Participation, Contributions, Allocations, and Withdrawals – Effective April 22, 2013, employees of the Company became eligible to join the Plan on the first day of the quarter after completing nine months of employment, 1,000 hours of service, and reaching 18 years of age.

The Plan allows participants to contribute up to 50% of their defined annual compensation, up to a maximum of $19,000 and $18,500 in 2019 and 2018 respectively. Catch-up contributions of $6,000 in 2019 and 2018 are allowed for participants age 50 or older. Those contributions are made on a before-tax basis under the section 401(K) provisions of the Internal Revenue Code.

The Company makes discretionary matching contributions to the Plan, an amount equal to a uniform percentage of the participant's salary deferral. The Company did not participate in matching contributions for the years ended December 31, 2019 and 2018.

The Company makes additional discretionary profit sharing contributions to the Plan to be allocated dependent upon the classification of the participant. The Company did not participate in profit sharing contributions for the years ended December 31, 2019 and 2018.

The net investment gain or loss, after adjustment for applicable expenses, if any, of each investment fund is allocated to each participant's account based on the ratio of the participant's account balance to the total of all participants' account balances.

Vesting, Distributions, and Forfeitures – The participants' employee contribution accounts and rollover contributions are fully vested and nonforfeitable at all times. The participants' Company matching and profit sharing contributions become 20% vested after two years of service, 40% vested after three years of service, and 100% vested after four years of service. A participant also becomes fully vested in his Company retirement contribution account upon (a) retirement at or after age 65; (b) total and permanent disability; (c) death; or (d) termination of the Plan.

On termination of service due to death, total and permanent disability, or retirement, a participant may elect to receive either a lump-sum amount in cash or in property equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan uses the accrual method as the basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments – Investments are stated at fair market value. Quoted market prices are used to value investments, and investments are recorded in the Plan's accounts at market value. Gains and losses on security transactions are recognized on the trade date. Dividends are recognized as income on the ex-dividend date, and interest is accrued as earned.

The following investments exceed 5% of the Plan's net assets available for plan benefits as of December 31, 2019 and 2018:

	2019	2018
Investments, at fair value:		
Clearbridge Large Cap	$ 529,493	$ 449,627
Columbia Mid Cap Index	493,293	
Doubleline Total Return		528,084
Hartford Midcap A	486,750	
Invesco Growth & Income	456,469	383,562
Lord Abbett Ultra Short	390,773	673,791
Schwab S&P 500 Index Fund	673,205	607,753
Schwab Small Cap Index	455,475	
Schwab Value Advantage	1,999,179	1,909,339
Wells Fargo C&B Mid Cap	504,482	
Western Asset Core Bond Fund	724,874	

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis, while dividends are recorded on the ex-dividend date.

Realized and Unrealized Gains and Losses – During the years ended December 31, 2019 and 2018, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated and depreciated by $983,506 and $(382,958), respectively.

Realized and unrealized gains and losses are computed based on the market value of those assets at the beginning of the plan year or from the time of purchase for the assets purchased during the plan year.

Purchases and sales of securities are reflected on a trade-date basis. Brokerage commissions and all other expenses incurred in the sale and purchase of securities are included in the cost or subtracted from the gross proceeds of the assets of the respective funds as appropriate.

Tax Status – The Plan obtained an approval letter for the master plan they adopted dated March 31, 2008, in which the Internal Revenue Service stated that the Plan form, as then designed, is acceptable under the requirements of the Internal Revenue Code. The Plan has not obtained a separate determination letter for the years ended December 31, 2019 and 2018.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the

plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plam is generally no longer subject to examination by the Internal Revenue Service for years before 2016.

Expenses – At the discretion of the Company, the Plan's administrative expenses are paid by the Company or from Plan assets. During the years ended December 31, 2019 and 2018, certain administrative expenses, including audit fees, investment advisory fees, recordkeeping fees, and legal fees totaling $68,432 and $65,281, respectively, were paid by the Company. The Plan will not be required to reimburse the Company for the administrative expenses paid on its behalf. During the years ended December 31, 2019 and 2018, the Plan paid $-0- and $-0-, respectively, in administrative expenses which are included in the accompanying Statements of Changes in Net Assets Available for Plan Benefits as administrative fees.

Payment of Benefits – Benefits are recorded upon distribution.

NOTE 3: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for plan benefits per the financial statements to Form 5500:

	Year Ended December 31, 2019	Year Ended December 31, 2018
Net Assets Available for Plan Benefits per the Financial Statements	$ 7,568,915	$ 6,614,962
Difference	-0-	-0-
Net Assets Available for Plan Benefits per Form 5500	$ 7,568,915	$ 6,614,962

NOTE 4: RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Charles Schwab, the Plan's trustee. These transactions qualify as party-in-interest transactions.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to amend or terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts. The Plan administrator will facilitate the distribution of account balances under the provisions of the Plan until all assets have been distributed.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 7: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs provide less reliability than Level 1 inputs, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following table sets forth by level, within the fair value hierarchy, the Company's assets at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Cash and Cash Equivalents	$ 2,064,069	$ -0-	$ -0-	$ 2,064,069
Mutual Funds	5,504,846	-0-	-0-	5,504,846
	$ 7,568,915	$ -0-	$ -0-	$ 7,568,915

The following table sets forth by level, within the fair value hierarchy, the Company's assets at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Cash and Cash Equivalents	$ 2,179,650	$ -0-	$ -0-	$ 2,179,650
Mutual Funds	4,435,312	-0-	-0-	4,435,312
	$ 6,614,962	$ -0-	$ -0-	$ 6,614,962

Level 1 Fair Value Measurements – The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements – If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Fair Value Measurements – Inputs to the valuation methodology are unobservable and significant to the fair value measurement

NOTE 8: SUBSEQUENT EVENT

In January 2020, the World Health Organization declared the outbreak of the novel coronavirus ("COVID-19") as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Plan, its performance, and its financial results.

NOTE 9: DATE OF MANAGEMENT'S REVIEW

Subsequent events were evaluated through October 12, 2020, the financial statement issuance date.
