NOTE A - DESCRIPTION OF PLAN

The following description of the Southern Glazer's Union 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Southern Glazer's Wine and Spirits, LLC (the "Company" and the "Plan Sponsor"). Employees eligible to participate include only those collective bargaining unit employees who are members of Union Local Numbers 135, 142, 326, 525, 688, 833, 955, 8526, and 2-D. In addition, the Plan consists of two parts, first employees are eligible to make elective deferral contributions to the Plan starting with their first employer paycheck; secondly, employees are eligible to receive employer matching contributions immediately following the date on which the employee completes one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

On various dates throughout 2019, the Plan Sponsor completed a transfer of assets from Southern Glazer's 401(k) Plan to the Plan for employees who were not union members who became union members during the year. Employees received credit for their service in the Company for purposes of eligibility and vesting under the Plan.

On November 18, 2019, the Plan was amended effective January 1, 2020 to allow for employees with at least 500 hours of service to be eligible for participation.

Contributions

Participants may elect to contribute between 2% and 100% of their annual pretax compensation, as defined in the Plan, subject to maximum dollar limitations established by the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). For the year ended December 31, 2019, the total maximum allowable tax deferred contribution to the Plan under the IRC from employee sources was \$19,000, plus catch-up contributions of \$6,000 for eligible employees.

The Plan provides that the Company may make matching contributions. The Company may make a matching contribution equal to a uniform percentage of employee salary deferrals. For the first 10 years of employee service, the Company will match 100% of employee contribution up to 2% of employee compensation. The Company increases the match to 200% of employee contribution up to 4% of employee compensation for employees with service years in excess of 10 years.

In 2019, the plan was amended to also allow for after-tax contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, if any, and investment earnings. Allocations are based on participant earnings or account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in employer matching contributions as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
One year	20%
Two years	40%
Three years	60%
Four years	80%
Five years or more	100%

Application of Forfeitures

Forfeitures of non-vested account balances of the Company's contributions are used by the Company to reduce the matching contribution and plan expenses for the Plan year in which the forfeiture occurs. During the year ended December 31, 2019, there were no forfeitures. There were no unallocated plan forfeitures as of December 31, 2019 and 2018.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions, plus actual earnings thereon, to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

Payment of Benefits

Upon termination of service, benefits relating to employee contributions and vested Company contributions are distributed or rolled over if the total investment amount is \$5,000 or less. If the investment amount is greater than \$5,000, a participant may elect to receive his or her vested account value in a lump-sum amount or installments. Upon termination of service, an automatic lump-sum distribution will be made for vested amounts less than \$1,000 unless otherwise directed by the participant. Automatic rollovers will be made from vested amounts between \$1,000 and \$5,000. Benefits are recorded as deductions from net assets available for benefits when paid.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years for all loans unless it is for the purchase of a primary residence in which case the loan repayment period may not extend beyond ten years from the date of the loan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Loan interest rates range from 5.25% to 7.50% and from 5.25% to 7.25% as of December 31, 2019 and 2018, respectively, and have maturity dates through January 2025. Each participant may have up to two loans outstanding at any one time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (see Note C). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation in Fair Value of Investments

Net realized and unrealized appreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the period.

Risks and Uncertainties

The Plan provides for investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Administration of the Plan

Certain administrative functions are performed by employees of the Company. No such officers or employees receive compensation from the Plan. Certain administration expenses, such as professional fees are paid directly by the Company. Expenses that are paid by the Company are excluded from these financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common/Collective Trust - The Plan holds an interest in a collective investment trust ("Putnam Stable Value Fund"), valued at NAV of units held, to maintain a portion of the Plan contributions in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed-income securities. The NAV is used as a practical expedient to estimate fair value. The account is credited with contributions and earnings on the underlying investments and charges for participant withdrawals and administrative expenses charged by the Trustee of the collective investment trust. Redemption can occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

NOTE D - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants are considered party-in-interest transactions because they are transacted with plan participants.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE F - TAX STATUS

The Plan operates under a volume submitter plan document sponsored by Thorson Barnett & McDonald PC. The volume submitter plan received an opinion letter dated March 31, 2014 from the Internal Revenue Service ("IRS") as to the volume submitter plan's qualified status. The Plan was created subsequent to receiving the opinion letter; however, the Plan administrator believes the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Southern Glazer's Union 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Bank, the Trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- a. Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- b. Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- c. Schedule H, Line 4i - Schedule of Assets (held at end of year), as of December 31, 2019.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the Trustee to the related information included in the financial statements and supplemental schedule.

NOTE H - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events of the Plan through October 14, 2020, the date the financial statements were issued.

On March 11, 2020, the World Health Organization declared the COVID-19 outbreak to be a global pandemic. In addition to the devastating effects on human life, the pandemic is having a negative ripple effect on the global economy, leading to disruptions and volatility in the global financial markets. There are no comparable events that provide guidance as to the effect the COVID-19 pandemic may have on the Plan's assets and operations and, as a result, the ultimate effect of the pandemic is highly uncertain and subject to change.

On March 27, 2020, the Coronavirus, Aid, Relief and Economic Security Act (the "CARES Act") was signed into law in an effort to provide economic assistance to workers, families and businesses. The CARES Act also includes relief provisions available to tax-qualified retirement plans and their participants. As of the date these financial statements were available to be issued, the Plan has not adopted the changes permitted by the CARES Act.
