NOTE 1 - DESCRIPTION OF PLAN

The George Industries, LLC Retirement Savings Plan (the Plan) is a defined contribution pension plan for two commonly owned corporations:

George Industries, LLC
Numerical Precision, LLC

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all full-time employees of George Industries, LLC and Numerical Precision, LLC (the Companies) who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may defer up to 50% of their eligible compensation but are limited to the annual threshold set by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions, subject to IRS limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Companies match 50% of each participant's deferral, up to a maximum of 6% of compensation. In addition, annual profit sharing contributions are made to the Plan at the discretion of the employer.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. The Plan is a participant-directed Plan.

Vesting - Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's matching and discretionary contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after four years of service.

Payment of Benefits - On termination of service due to death disability, or retirement, a participant may elect to receive a lump-sum amount, annual installments, or partial withdrawals. For termination of service due to other reasons, a participant may receive a lump-sum amount. If the value of the participant's vested interest is $5,000 or less, the value is automatically distributed to the participant in a lump-sum amount. A financial hardship withdrawal provision is available, enabling a participant to withdraw an amount to cover an immediate and heavy financial need, in accordance with IRS regulations.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by up to 50% of vested Plan account balance and bear interest equal to the prime rate plus one percent, as defined, at the inception of the loan. Principal and interest is paid ratably through regular payroll deductions.

Forfeited Accounts – At December 31, 2019, forfeited non-vested accounts totaled $6,444. These accounts will be used to pay for Plan expenses or allocated to eligible participants. Forfeitures allocated to participant accounts during 2019 totaled $1,144.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payments of Benefits - Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Unpaid participant loans are reclassified as distributions upon termination based on the terms of the Plan document.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - The Companies absorb a portion of the operating expenses relating to the Plan. Fees related to participant distributions and the administration of the notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events - The Plan's trustees have evaluated events and transactions that occurred during the period from January 1, 2020 through September 28, 2020, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

Subsequent to December 31, 2019, the worldwide pandemic, Coronavirus disease (COVID-19), began significantly impacting the United States. COVID-19 is causing significant disruptions in all aspects caused by required government closures of business and decreased demand for certain products and services. Additionally, there have been material retractions in economic demand causing a severe macroeconomic downturn in both financial markets as well as business operations in general. While the full economic impacts of COVID-19 are unknown as of September 28, 2020, it is at least reasonably possible that the Plan may experience material impacts caused by this global crisis on its operations during the next operating cycle.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustees for the years ended December 31, 2019 and 2018, respectively.

	2019	2018
Investments	$ 5,127,254	$ 4,226,424
Notes Receivable from Participants	282,472	315,552
Total of Certified Assets	**$ 5,409,726**	**$ 4,541,976**
Investment Income	**$ 795,471**	

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

December 31, 2019	Total	Assets at Fair Value (Level 1)
Mutual Funds	$ 2,390,960	$ 2,390,960
Investments Measured at Net Asset Value *	2,736,294	-
Total Investments at Fair Value	**$ 5,127,254**	**$ 2,390,960**

December 31, 2018	Total	(Level 1)
Mutual Funds	$ 1,793,644	$ 1,793,644
Investments Measured at Net Asset Value *	2,432,780	-
Total Investments at Fair Value	**$ 4,226,424**	**$ 1,793,644**

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented on the statements of net assets available for benefits.

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 unobservable inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Level 2 or Level 3 inputs.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds – Valued at NAV of units of a bank common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant restrictions for these investments; the redemption notice period is for the plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
December 31, 2019				
Common/Collective Trust Funds -				
Federated Capital Preservation Fund	$ 1,434,668	n/a	Daily	30 Days
State St S&P 500 Idx Sec Lending VIII	1,301,626	n/a	Daily	30 Days
December 31, 2018				
Common/Collective Trust Funds -				
Federated Capital Preservation Fund	$ 1,354,354	n/a	Daily	30 Days
State St S&P 500 Idx Sec Lending VIII	1,078,426	n/a	Daily	30 Days

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Administrative expenses and custodian fees are rendered by parties-in-interest. These fees and expenses are paid by both Plan participants and the Plan sponsor.

NOTE 7 - TAX STATUS

The Plan uses a prototype plan sponsored by Automatic Data Processing. The Internal Revenue Service approved the prototype plans under their prototype program. The Plan administrator believes the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code. The Plan is subject to routine audits by the Internal Revenue Service and the Department of Labor; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with these investments, and the level of uncertainty related to the changes in the value of these investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of investments at fair value per the financial statements to Schedule H of Form 5500:
