NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Bank of Stockton (the Company) 401(k) Plan and Trust (the Plan), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan covering all eligible employees of the Company at the time of employment. Employees may receive non-elective employer profit sharing contributions when eligibility requirements have been met – one year of service and at least 21 year of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Vanguard Fiduciary Trust Company (Vanguard) serves as the trustee of the Plan, processes and maintains the records of the participant data, and holds the Plan assets.

Contributions: Each year, participants may contribute up to the annual federal tax law limit of annual compensation, as defined in the Plan. Participants may elect to make both pre-tax deferrals and Roth 401(k) deferral contributions. Those who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The auto-enrollment deferral rate increases 1% periodically on April 1 as a percentage of compensation.

The Plan also provides for fixed quarterly employer contributions for regular salaried employees enrolled after one year of service. The contribution amount is aged based with a range of 3%-7% of compensation.

The Company made profit sharing contributions of $1,408,296 in the year ended December 31, 2019. Contributions are subject to certain IRS limitations.

Participant accounts: Each participant's account is credited with the participant's contribution, allocations of employer nonelective profit sharing contributions, and plan earnings. Allocation of plan earnings is based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in employer contributions is 100% after completion of three years of service.

Participants automatically become 100% vested upon attainment of age 65, disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants: Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 7.50%, which is based on prime per Reuters plus 2% on the date of origination. Only one loan may be outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of benefits: Upon retirement, termination, disability or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, participants my take in-service distributions upon reaching age 59½ . Upon termination, automatic distributions are required in a single lump-sum for balances of less than $5,000. If the account balance exceeds $5,000, the participant must consent to any distribution with the option of being paid in a single lump-sum or partial withdrawals. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeited accounts: Amounts that are forfeited due to a participant's termination of employment prior to vesting in Company contributions made on the participant's behalf are used to reduce the required Company contributions and expenses for current and subsequent periods. For 2019, $15,728 was used to pay administrative expenses. At December 31, 2019, forfeited nonvested accounts totaled $25,944. This amount will be used to reduce future employer contribution and plan expenses.

Administrative expenses: Administrative expenses recorded in the Plan represent custodial fees paid directly from the Plan to the service provider. The Company pays the administrative costs of the Plan associated with plan communication and recordkeeping, and third-party administration fees, as well as providing equipment, personnel, and supplies to administer the Plan (Note 5). Loan and distribution fees are deducted directly from the participants' accounts. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications: Certain items in the 2018 financial statements have been reclassified in order to conform to the 2019 presentation.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies of the Plan is presented to assist in understanding the plan's financial statements and supplemental schedules. The financial statements, notes, and supplemental schedules are representations of the plan's management who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements and supplemental schedule.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and investment income recognition: The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. Equities are valued at last quoted sales price as of the close of trading at year end; such securities not traded on the year-end date are valued at the last quoted bid prices.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes receivable from participants are measured at their unpaid principal balance, which approximates fair value.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid. The total vested benefits due to participants terminated but not paid at December 31, 2019 was $6,469,723.

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2: Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Security and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the daily closing price as reported by the fund.

The Vanguard brokerage option consist of equities, bonds, money market funds, and mutual funds. All of which are valued at the daily closing price as reported by the fund.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

Assets at Fair Value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 5,278,111	$ –	$ –	$ 5,278,111
Mutual funds	33,041,271	–	–	33,041,271
Vanguard brokerage option	2,422,450	–	–	2,422,450
	$ 40,741,832	$ –	$ –	$ 40,741,832

NOTE 4 – FAIR VALUE MEASUREMENTS (CONTINUED)

Assets at Fair Value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 4,165,737	$ –	$ –	$ 4,165,737
Mutual funds	27,323,467	–	–	27,323,467
Vanguard brokerage option	1,492,405	–	–	1,492,405
	$ 32,981,609	$ –	$ –	$ 32,981,609

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain plan investments are mutual funds managed by Vanguard Fiduciary Trust Company, the custodian of the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Certain administrative services were paid by the Plan. These transactions qualify as party-in-interest transactions. Direct fees paid by the Plan for contract administration, fiduciary services, and compliance reporting services, totaled $15,728 for the year ended December 31, 2019.

NOTE 6 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Plan obtained its latest determination letter on May 28, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken a significant uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's last three years remain open for examination by the Internal Revenue Service.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

The plan sponsor evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2020, which is the date the financial statements were available to be issued.

In January 2020, the World Health Organization (WHO) announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (COVID-19) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, plan management is unable to estimate the total impact the pandemic will have.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act). These recent laws mandate certain changes to the Plan including, among others, allowing certain eligible individuals to receive coronavirus-related relief for loan repayment, suspending required minimum distributions, and delaying the commencement date for required minimum distributions. Effective April 2, 2020, the Plan also adopted two optional provisions of the CARES Act. The first allows Plan participants who are affected individuals as defined by the CARES Act to take a COVID-19 related distribution up to $100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. The second allows the Plan to raise the loan limits for affected individuals to the lesser of $100,000 or 100% of the vested account balance when determining the available loan amount. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
