Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Charles Schwab Bank, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the financial statements referred to in the first paragraph.

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4(i)- Schedule of Assets (Held at End of Year), for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter—2018 Financial Statements

The financial statements of the Plan as of December 31, 2018, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by ABC Bank, the trustee of the Plan. Their report, dated October 8, 2019, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note A. Description of the Plan

The following description of Affinity Development Group 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan. Employees are eligible at the date of hire and provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute a certain dollar amount of their eligible earnings on a pre-tax basis as allowed by the Internal Revenue Code ("IRC"). Participants may contribute 100% of their pretax annual wages up to $19,000 and $18,500 to the Plan for the years ended December 31, 2019 and 2018, respectively. In addition, employees who are age 50 or older can elect to defer an additional $6,000 (called "catch-up contributions") to the Plan up to maximum contributions allowed by the IRC of $25,000 and $24,500 for the Plan years ended December 31, 2019 and 2018, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 23 mutual funds and one stable value fund as investment options for participants. Participants may also contribute amounts representing rollover distributions from other qualified plans. Employees are always fully vested in their contributions and earnings on investments.

The Company may also contribute to the Plan through discretionary matching contributions, and discretionary profit-sharing contributions. If the Company elects to satisfy the safe harbor provision, it will contribute to the "safe harbor 401(k) plan" contribution. All Company contributions are in cash. Contributions are subject to certain limitations.

Participant-Directed Investments

The Plan offers a Participant-directed brokerage account as an investment option. If elected, a Participant-directed brokerage account, which is administered by the Trustee, allows a Participant to direct the investment of the Participant's contributions to the Plan among various investments offered by the Trustee, including options that are not otherwise offered under the Plan. Participant-directed brokerage accounts are not monitored or managed by the Company or the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocation of (a) the Plan Sponsor's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants and company are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions portion of their accounts is

immediate.

Rollovers

Participants may at any time elect to rollover amounts from other qualified plans or individual retirement accounts into the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of 50% of their vested interest in the Plan, but not to exceed $50,000. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Notes Fund. Loan terms range from one to five years or the Administrator may approve a longer term for purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% and 6.50%. Participant loans outstanding were approximately $93,342 and $118,621 at December 31, 2019 and 2018, respectively. Principal and interest are paid via payroll deductions according to the amortization schedule prepared by the Plan Administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any percentage to any of the investment funds offered by TRI-AD Capital Management, Inc. 401(k) Services. Participants may change their investment options at their discretion.

Payment of Benefits

Upon termination, death, disability, retirement or certain hardship cases, a participant will receive a lump-sum amount equal to the value of the participant's vested interest. Distributions will be made in cash or property. For termination of service due to other reasons, participant may elect to receive the value of the participant's vested interest in his or her account as a lump-sum distribution. If the value of vested benefits upon termination is less than $1,000 a lump-sum distribution is mandatory.

Expenses

Certain expenses such as loan fees and transaction costs are paid directly out of individual participant funds. All other expenses including administrative fees and audit fees are paid by the Company. Administrative expenses charged to the Plan are reflected in the accompanying Statements of Changes in Net Assets Available for Plan Benefits.

Forfeitures

Forfeitures on non-vested Company contributions may be used to reduce the contribution of the Employer or be used to pay any administrative expenses of the Plan; however, employer matching contributions have historically been fully vested at the time of contribution. There were no forfeitures for the years ended December 31, 2019 and 2018.

Note B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the Unites States of America ("GAAP"). The financial statements of the Plan are prepared using the accrual method of accounting. Under this method, revenue (i.e., interest, contributions, and appreciation on investments) is recognized when earned and certain expenses (i.e.,

depreciation on investments) are recognized when incurred. Benefits paid to the participants are recognized in the period in which they are paid.

Notes Receivable from Participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document and are reported as taxable income to the participant regardless of whether the loan amount was provided from pre-tax or after-tax accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires administrators to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. During the years ended December 31, 2019 and 2018, the Plan administrator did not perform significant estimates.

Payment of Benefits

Benefits are recorded when paid. There are no outstanding payments allocated to the accounts of persons who have elected to withdraw from the Plan as of December 31, 2019 and 2018.

Investment Valuation and Income Recognition

The investments in all of the funds are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2019 and 2018. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting Changes

In August 2018, the FASB issued ASU 2018-13, "Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement." ASU 2018-13 modifies the disclosure requirements on fair value measurements in Topic 820. The amendments in this update remove disclosures that no longer are considered cost beneficial, modify and/or clarify the specific requirements of certain disclosures and add disclosure requirements identified as relevant. ASU 2018-13 is effective for annual and interim periods beginning after December 15, 2019, with early adoption permitted. The Plan adopted ASU 2018-13 on January 1, 2019. ASU 2018-13 did not have a material impact on our financial statements.

Note C. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and all amounts credited to the accounts will continue to be 100% vested. Distributions will occur in a manner permitted by the Plan as soon as practicable.

Note D. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

Note E. Related Party Transactions

Certain Plan Investments are shares of mutual funds managed by Charles Schwab (the "Trustee"). Charles Schwab is the Trustee as defined by the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services amounted to $13,995 and $2,091 for the years ended December 31, 2019 and 2018, respectively.

Note F. Information Certified by the Plan's Trustee (Unaudited)

The Plan Administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

- Investments reflected in the statements of net assets available for benefits as of December 31, 2019 and 2018;
- Investment activity reflected in the statements of changes in the net assets available for benefits for the years ended December 31, 2019 and 2018;
- Investments as of December 31, 2019 as listed in the accompanying Schedule of Assets Held for Investment Purposes (Held at End of Year).

The Plan Administrator instructed the independent auditors not to perform auditing procedures with respect to this information except for comparing such information to the related information in the financial statements and supplemental schedules.

Note G. Tax Status

The Plan, as designed, is in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note H. Fair Value Measurements

FASB ASC 820, Fair value measurement and disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- *Quoted prices for similar assets or liabilities in active markets;*
- *Quoted prices for identical assets or liabilities in inactive markets;*
- *Inputs other than quoted prices that are observable for the assets or liability; and*
- *Inputs that are derived principally from or corroborated by observable market data by correlation or other means.*

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

- *Common stocks and other opened market instruments:* Valued at the closing price reported on the active market on which the individual securities are traded.
- *Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year-end.
- *Stable Value Fund*: Investments in collective investment trusts are valued at the fair value per share (unit) as determined by using estimated fair value of the underlying assets held in the fund as reported by the investment manager of the trust. The Plan considers the fair value per share (unit) to be a readily determinable fair value which is disclosed and used as the basis for current transactions.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	December 31, 2019			
	Carrying value (Fair Value)	Quoted prices in active markets (Level 1)	Significant other observable inputs (Level 2)	Significant unobserable inputs (Level 3)

Note I. Reconciliation of Financial Statement to Form 5500

There are no material reconciling items between the financial statements and the Form 5500 as of December 31, 2019 and 2018 and for the years then ended.

Note J. Subsequent Events

The Plan administrator has reviewed and evaluated the effect of events that have occurred subsequent to December 31, 2019 through October 14, 2020, the issuance date of these financial statements.

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. The COVID-19 pandemic and resulting global disruptions have caused significant economic uncertainty and volatility in financial markets, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. The extent of the impact of the COVID-19 outbreak on the Plan's investments and the amounts reported in the 2019 financial statements cannot be predicted at this time.

Additionally, as a result of the COVID-19 outbreak, on March 27, 2020, U.S. Congress passed the Coronavirus, Aid, Relief, and Economic Security Act ("CARES Act"), which is intended to provide economic relief to retirement plan sponsors and participants in the midst of the global COVID-19 pandemic. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. The relief provisions made available to Participants include:

- Participants are allowed to withdraw "coronavirus-related distributions" of up to $100,000 without penalty throughout the remainder of the 2020 calendar year. Such distributions may be repayable to the Plan within three years.
- Repayments by certain COVID-19 affected Participants on preexisting Participants loans with payment dates between March 27, 2020 and December 31, 2020 may be suspended until December 31, 2020. Following the period of suspension, loans with suspended payments will be re-amortized and payments will recommence.
- Required minimum distributions for Participants are waived for the 2020 calendar year.
