NOTE A – SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of NatureSweet 401(k) Plan (the "Plan") are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Recognition of Income: The basis of investments measured at fair value and held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on these investments are computed using adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments: Investments in mutual funds (registered investment companies) are carried at fair market value (net asset value), as determined by quoted prices in an active market. Dividends are considered in the fair market value determination. Gains and losses (realized and unrealized) included in changes in net assets are reported in net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

The stable value fund (a common collective trust) is carried at contract value. The contract is fully benefit-responsive.

Participants' Notes Receivable: Participants' notes receivables are stated at their unpaid principal balance plus any accrued interest. An allowance was not considered necessary at year end. Interest on participants' notes receivable are recorded on the accrual basis. If a participant ceases to make a loan payment and the Plan Administrator deems the participant note to be in default, the loan balance is reduced and a benefit payment to the participant is recorded.

Payment of Benefits: Benefits are recorded when paid.

Subsequent Events: Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

New Accounting Pronouncements: The Financial Accounting Standards Board issued Accounting Standards Update 2018-13 which modifies the required fair value measurement disclosures. Management has determined this standard will not have an effect on the financial statements.

Use of Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Concentration of Credit Risks: Concentration of credit risk with respect to mutual funds are reduced as a result of the diversity of the underlying investments.

NOTE B – DESCRIPTION OF PLAN

The following description of the NatureSweet 401(k) Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and covers substantially all full-time employees of NS Brands, LTD and NatureSweet USA, LLC who are age twenty-one or older and have three months of service. The Plan is for the exclusive benefit of its participants and their beneficiaries.

Contributions: Participants may contribute to the Plan as allowed by the Internal Revenue Code and the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Plan Sponsor matches 100% of the first 3% of compensation (as defined by the Plan) that the participant contributes to the Plan and 50% of the next 2% of compensation. The maximum match for each participant is 4% of total compensation. Contributions are subject to certain limitations.

Participant Accounts: Each participant's account is credited with his or her contributions as well as allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and (c) charged with an allocation of administrative expenses. The Plan Sponsor generally pays all administrative expenses directly or from participant forfeitures. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are 100% vested in all contributions.

Forfeitures: Forfeitures are retained in the Plan and may be used to pay for administrative expenses, allocated to the remaining participants or considered as employer contributions. Forfeited non-vested accounts totaled $47,155 at December 31, 2019 and $40,403 at December 31, 2018.

Participants' Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: Upon death, disability, termination, or retirement of a participant, vested benefits are paid to the participant or his/her designated beneficiary. Benefits are payable in the form of cash or annuities, as outlined in the Plan agreement. Hardship withdrawals are available subject to certain limitations.

Expenses of the Plan: The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

Plan Termination: Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments and participants' notes receivable at December 31, 2019 and 2018 and the related investment earnings and interest on participants' notes for the years then ended, were certified and held by the Plan Trustee, and were not audited by the independent auditor.

NOTE D – FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in methodologies used to determine fair value. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

For the years ended December 31, 2019 and 2018, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

NOTE D – FAIR VALUE MEASUREMENTS - continued

The following table sets forth by level, within the fair value hierarchy, investments measured at fair value:

	Fair Value Measurements Using			
December 31, 2019:	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 8,494,531	$ -	$ -	$ 8,494,531
Total investments at fair value	$ 8,494,531	$ -	$ -	$ 8,494,531
December 31, 2018:				
Mutual funds	$ 6,530,058	$ -	$ -	$ 6,530,058
Total investments at fair value	$ 6,530,058	$ -	$ -	$ 6,530,058

NOTE E – STABLE VALUE FUND

The Plan has a fully benefit-responsive stable value fund with a balance of $285,831 at December 31, 2019 and $236,932 at December 31, 2018. The stable value fund is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the stable value fund is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) full or partial Plan termination and (2) insolvency of the Plan Sponsor. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. Termination of this agreement by either party is effective 30 days following receipt of the termination notice, unless the parties agree to another date.

NOTE F – INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(k) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law. Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal income tax returns for the last four years remain subject to examination.

NOTE G – TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan includes certain investments managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company LLC. Accordingly, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

NOTE H – SUBSEQUENT EVENTS

Due to the spread of the COVID-19 coronavirus, economic uncertainties have arisen which have triggered volatility in the financial markets and a significant decline in the global economy. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report.

The Plan has operationally implemented certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
