NOTE 1. DESCRIPTION OF PLAN

The following description of the Ippolito International 401(k) Plan (the "Plan") provides only general information. Interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

Organization – Ippolito International 401(k) Plan was established effective January 1, 2006 to provide a tax deferred savings plan for employees of the employer who become participants of the Plan.

General – The Plan is a defined contribution plan covering all non-union employees who are employed by Ippolito International and Queen Victoria Farms, LP (the employers). The Plan allows participants to begin contributing to the Plan upon employment and reaching an Entry Date, which is defined as the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and to certain sections of the Internal Revenue Code (IRC).

Contributions – Employees who elect to participate in the Plan may contribute a portion (up to 100%) of their eligible compensation up to the limits imposed by Sections 401(k), 402(g), and 415 of the IRC. Participants who have attained age 50 before the end of the Plan years are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Company elected to adopt safe-harbor provisions and matches 100% of the participant deferral contributions up to a maximum of 4% of compensation. For the year ended December 31, 2019, the employer safe-harbor contribution was $180,790.

Participant Accounts – Each participant's account is credited or debited with (1) the participant's contributions by payroll deduction, (2) the participant's portion of employer contributions, (3) an allocation of Plan earnings or losses, (4) rollovers from other qualified plans, and (5) an allocation of Plan expenses. Plan earnings or losses are allocated based upon each participant's account balance.

Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting – Participant contributions, safe harbor contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Payments of Benefits – Upon termination of service for any reason, a participant's account is generally distributed in a single lump sum payment. Withdrawals of a participant's account during the participant's employment are limited to elective contributions upon reaching normal retirement age (65 years).

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant Investment Options – Participants are allowed to invest in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Notes Receivable from Participants – Loans are available to all participants as described in the Plan's loan policy. Participants may apply to borrow from the Plan a minimum amount of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan funds may be repaid over any reasonable period, not to exceed the fifth anniversary of the date the funds were borrowed, with the exception of loans used for the purchase of a principal residence, which can be repaid over a longer period. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus two percent. The interest rates in effect for the year ended December 31, 2019 ranged from 5.25% to 7.50%. Principal and interest are paid ratably through payroll deductions.

Forfeitures – When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures attributable to nonelective profit sharing and matching contributions may be used to reduce the Plan's administrative expenses or employer contributions during the Plan years in which forfeitures occur. At December 31, 2019, forfeited non-vested accounts totaled $ –0– . For the Plan year ended December 31, 2019, the employer did not utilize any forfeitures to reduce the Plan's administrative expenses or employer's contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as it is earned and dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the years.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits – Benefit payments are recorded when paid.

Plan Expenses – Expenses to administer the Plan, if not paid by the Sponsor, may be paid by the Plan, and certain fees are allocated to the individual participant accounts.

Accounting Standards Updates Issued but Not Yet Adopted – In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurements (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement*. This standard removes, modifies, and adds certain disclosure requirements of ASC Topic 820. The ASU is effective for all entities for annual reporting periods beginning after December 15, 2019. Early adoption is permitted upon issuance of this Update. The Plan is currently evaluating the impact that the adoption of this standard will have on its financial statements.

Subsequent Events – The Plan Administrator has evaluated subsequent events through October 9, 2020, the date the financial statements were available to be issued.

Subsequent to year-end, on January 30, 2020, the World Health Organization declared the coronavirus outbreak ("COVID-19") a "Public Health Emergency of International Concern" and on March 11, 2020, declared it to be a pandemic. The pandemic in the United States and throughout the world has resulted in substantial volatility in financial markets, which could have a significant adverse impact on the Plan's investments.

NOTE 3. CERTIFIED INFORMATION

The Plan funds are held by Voya Retirement Insurance and Annuity Company, the custodian of the Plan. All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and interest, dividends, and net appreciation of fair value of investments for the year then ended, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Plan custodian.

NOTE 3. CERTIFIED INFORMATION (Continued)

The following table is a summary of the Plan's asset information as certified by the Plan custodian at December 31.

	2019 (Audited)	2018 (Compiled)
Investments at fair value – Pooled separate accounts	$ 3,598,750	$ 2,955,940
Investments at contract value – Guaranteed investment contract	372,344	392,144
Total investments	3,971,094	3,348,084
Notes receivable from participants	50,758	38,493
Total certified assets	$ 4,021,852	$ 3,386,577

The Plan custodian also certified to the completeness and accuracy of $704,911 of net appreciation in the fair value of investments and $10,559 of interest and dividends related to the aforementioned investments for the year ended December 31, 2019.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Pooled separate accounts: Valued at fair value based on the Net Assets Value (NAV) of the underlying funds.

The methods described in this note may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2019 (Audited)			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ –	$ 3,598,750	$ –	$ 3,598,750
Total investments at fair value	$ –	$ 3,598,750	$ –	$ 3,598,750

	Assets at Fair Value as of December 31, 2018 (Compiled)			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ –	$ 2,955,940	$ –	$ 2,955,940
Total investments at fair value	$ –	$ 2,955,940	$ –	$ 2,955,940

NOTE 5. INSURANCE CONTRACT WITH INSURANCE COMPANY

The Voya Fixed Account (the Insurance Contract) consists of a fully benefit-responsive insurance contract. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

NOTE 5. INSURANCE CONTRACT WITH INSURANCE COMPANY (Continued)

The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Insurance Contract is a fully benefit-responsive fund, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Insurance Contract. Contract value, as reported to the Plan by Voya, represents contributions made under the Insurance Contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

As of December 31, 2019, there were no reserves against the contract value for credit risks of the issuer. The interest rates are based upon a formula agreed with the issuer with the requirement that interest rates may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6. RELATED–PARTY TRANSACTIONS AND PARTY–IN–INTEREST–TRANSACTIONS

Plan investments are invested in funds held by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, and therefore, certain transactions qualify as party-in-interest transactions. Fees paid to Quintes Administrative and Insurance Services, Inc., the third-party administrator, also qualify as party-in-interest transactions. Fees paid by the Plan to parties-in-interest for investment and administrative services amount to $3,283 for the year ended December 31, 2019.

NOTE 7. INCOME TAX STATUS

The Plan has adopted a volume submitter plan sponsored by Quintes Administrative and Insurance Services, Inc. The volume submitter plan provider has received an advisory letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan has been amended since the Plan received the advisory letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 7. INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2016.

NOTE 8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan document to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant, retired participant, former participant, and beneficiary shall be entitled to receive any amount credited to that person's account.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
