The Plan Committee is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan was restated effective September 20, 2006 to adopt the Volume Submitter Agreement of Paychex Retirement Services.

The Plan was amended effective January 1, 2014 to comply with current IRS and ERISA regulations.

Plan Year
The Plan year begins January 1 and ends December 31.

Eligibility
Employees who are at least 21 years of age are eligible to enter the Plan.

Contributions
The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). Employees may voluntarily contribute up to 75% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Internal Revenue Code. Roth 401(k) contributions are allowed in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan contains an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate for automatically enrolled participants is increased 1 percent per year until the participant reaches 15 percent of eligible compensation.

- *Employer Matching Contributions*
  The Plan Sponsor may make discretionary matching contributions to the Plan. In order to be eligible for the matching contribution, an employee must have completed at least one year of service with at least 1,000 hours of service, and be employed on the last day of the Plan year. The Plan Sponsor elected to make matching contributions of 25% of employee deferrals in 2019 and 2018.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

- *Employee Rollover Contributions from Another Qualified Plan*
  Participants may make rollover contributions from another qualified plan.

- *Employer Profit Sharing Contributions*
  The Plan Sponsor may make an additional profit sharing contribution at management's discretion. In order to be eligible for the profit sharing contribution, an employee must have completed at least one year of service with at least 1,000 hours of service, and be employed on the last day of the Plan year. There were no employer profit sharing contributions in 2019 or 2018.

Allocations
The Plan provides various investment fund options and allows participants to direct their investments. Investment earnings and losses are allocated to participants' accounts based on the earnings or losses of the investments selected. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Discretionary employer contributions credited thereon vest over a six-year period as follows:

Less than 2 years credited service	0%
2 years credited service	20%
3 years credited service	40%
4 years credited service	60%
5 years credited service	80%
6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Retirement
Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) hardship withdrawal; or 4) death of the participant. The form of benefit payments may be in a single lump sum or in periodic installments over a period of time.

Notes Receivable from Participants
The Plan allows participants to borrow from their accounts up to $50,000 or 50% of their vested account balance, whichever is less. Borrowings bear interest and payments are withheld from the participants' payroll until paid. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Forfeited Accounts
For the years ended December 31, 2019 and 2018, forfeited nonvested accounts totaled $8,096 and $3,130, respectively. Forfeitures are used to reduce the employer's match and pay registered investment advisor fees. In 2019 and 2018, employer contributions were reduced by $4,649 and $2,724, respectively from forfeited nonvested accounts.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The financial statements of the Plan are maintained on the accrual basis of accounting.

Estimates and Assumptions
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions Receivable
Contributions receivable are recorded in the financial statements for amounts contributed but not received as of year-end.

Payment of Benefits
Benefits to participants are recorded when paid.

Income Taxes
The Plan obtained its latest determination letter on November 26, 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The federal income tax returns of The Plan for December 31, 2019, 2018, and 2017 are subject to examination by the IRS, generally for three years after they were filed.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Date of Management's Review
Subsequent events were evaluated through October 13, 2020 which is the date the financial statements were available to be issued.

NOTE 3: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 4: **INFORMATION CERTIFIED BY THE TRUSTEE**

The following amounts are included in these financial statements and were taken directly from statements provided, and certified as complete and accurate, by Counsel Trust Company, doing business as Mid Atlantic Trust Company, the Trustee as of December 31, 2019 and 2018.

	2019	2018
Investments in money market and mutual funds	$ 12,826,629	$ 10,455,325
Net appreciation (depreciation) in fair value of investments	$ 2,086,917	$ (870,648)
Interest and dividend income	$ 234,662	$ 214,152

NOTE 5: **FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority for unobservable inputs (Level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurements level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 5: **FAIR VALUE MEASUREMENTS (Continued)**

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Fair Value
Money market funds and mutual funds	$ 12,826,629	$ -	$ -	$ 12,826,629

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Fair Value
Money market funds and mutual funds	$ 10,455,325	$ -	$ -	$ 10,455,325

NOTE 6: **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7: **RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS**

Fees paid by the plan for investment management services were included as a reduction of the return earned on each fund. Fees for certain administrative services were paid to Counsel Trust Company, doing business as Mid Atlantic Trust Company, the record keepers, and Paychex, the third-party administrator of the Plan. Notes receivable from participants are considered party-in-interest transactions. These transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 8: **SUBSEQUENT EVENTS**

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which will potentially have a negative impact on financial operations. The potential impact of these uncertainties is unknown at this time.
