Vixxo Corporation 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Vixxo Corporation 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified or provided by PNC Bank, National Association, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2019, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With the DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Vixxo Corporation 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Vixxo Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in January 2001 and has been amended several times since that date.

General: The sponsor of the Plan is Vixxo Corporation (the Company or Plan Sponsor). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was created for the benefit of all eligible employees of the Company. The trustees are responsible for oversight of the Plan, as well as determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

In March 2019, a transfer of assets was approved by the Plan Sponsor to spin out the account balance of one participant from the Plan to American Manufacturing Corporation (AMC). AMC is a related employer of the Plan Sponsor, as part of the investment portfolio of Wind River Holdings. The transfer of assets of \$85,509 was completed in April 2019.

Eligibility: Employees who have attained the age of 18 are eligible to participate in the Plan. Ineligible employees are: (1) nonresident aliens with no earned income from sources in the United States; (2) leased employees; (3) residents of Puerto Rico; and (4) employees who are considered to be independent contractors.

The Plan was amended effective on August 1, 2019, employees must complete 30 days of service before becoming eligible for employee deferral contributions and will be automatically enrolled immediately upon satisfying the eligibility requirements. Employees must complete 30 days of service before becoming eligible for discretionary employer matching contributions. After one year of service, participants become eligible for the employer nonelective contribution provisions of the Plan. In addition, participants must be employed on the last day of the Plan year to be eligible for the employer discretionary matching and nonelective contributions. For employer matching contributions and nonelective contributions, employees may enter the Plan on the first day of the Plan quarter coinciding with or next following satisfaction of the eligibility requirements.

Prior to the Plan Amendment on August 1, 2019, employees were to complete 60 days of service before becoming eligible for employee deferral contributions and were to be automatically enrolled immediately upon satisfying the eligibility requirements. Employees were to complete three months of service before becoming eligible for discretionary employer matching contributions. All remaining eligibility provisions above remained consistent with the Plan Amendment.

Participant contributions: The participants may elect to defer up to current statutory limits determined annually and prescribed by the Internal Revenue Service (IRS). An employee who has satisfied the eligibility requirements will be automatically enrolled in the Plan with 2% of their eligible pretax compensation deferred, unless they request an amount other than 2%. Automatically enrolled participants have their contributions invested in the designated default fund until changed by the participant. The Plan also allows participants to make contributions to a Roth 401(k). The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans. Contributions are subject to certain limitations.

Employer contributions: All employer contributions are at the employer's discretion. The Plan Sponsor's Board of Directors determines the contribution amount, if any. Contributions are subject to statutory limitations. For the year ended December 31, 2019, the Plan Sponsor elected to contribute to the Plan matching contributions of 50% of the participant's deferral, up to 3% of eligible compensation. There were no nonelective employer contributions for the year ended December 31, 2019.

Vixxo Corporation 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participant accounts: Each participant's account is credited with the participant's contributions, actual earnings thereon and allocations of the employer's contributions (if any) and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their elective deferral and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's discretionary matching and nonelective contribution portion of the participant's accounts, plus actual earnings thereon, is based on years of credited service. Participants vest at 25% annually, beginning with the completion of their first year and are fully vested after four years of elapsed time or upon the normal retirement date. Under the elapsed-time method, the Plan defines a period of service on a basis that 365 days equals one year. Only whole years of service will be counted for vesting purposes. Upon death or total disability of a participant prior to retirement, the participant's account balance shall become fully vested.

Notes receivable from participants: Participants may borrow from the Plan. Notes receivable from participants cannot exceed 50% of the vested portion of the participant's account, up to \$50,000, and must be a minimum of \$1,000. The notes receivable from participants must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the notes receivable from participants may be repaid over a 30-year period. All notes receivable from participants will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator, on the date of the notes receivable from participants. Principal and interest is paid ratably through payroll deductions. The participant's individual account serves as collateral for the notes receivable from participants and, in the event of default, death, disability or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the note receivable from participants in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid notes receivable from participants will be treated as taxable distributions from the Plan. At December 31, 2019, interest rates range from 4.25% to 6.50% and mature at various dates through January 2045.

Investment options: The Plan is intended to comply with Section 404(c) of ERISA. Accordingly, the participants, rather than the Plan Administrator, are responsible for making investment decisions for their accounts. Participants direct the investment of their account balances into various investment options offered by the Plan. Upon enrollment in the Plan, a participant may direct contributions in any increments into any of several investment options. All of the accounts are in the custody of the third-party administrator. Participants may change their investment options inside the platform at any time.

Payment of benefits: On termination of service due to death, disability, retirement or other reasons, a participant whose vested account balance does not exceed \$5,000 and is greater than \$1,000 will have the balance distributed into an Individual Retirement Account or Annuity. Participant account balances in excess of \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his/her account. Participants with account balances less than \$1,000 must take a lump-sum distribution as soon as practicable following termination.

Participants who are at least 59 1/2 years of age may take an in-service distribution of their vested account balance.

Vixxo Corporation 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Hardship withdrawals: If approved by the Plan Administrator, a participant may withdraw the vested portion of his/her elective deferral account balance to satisfy any of the following immediate and heavy financial needs: unreimbursed medical expenses for qualified persons, purchase of a principal residence, to prevent eviction from or foreclosure on a principal residence, to pay expenses for the repair of certain damages to a principal residence, to pay for post-secondary education expenses for qualified persons, funeral expenses, or for expenses that qualify as a casualty deduction under the Internal Revenue Code (IRC). The Plan was amended and effective as of November 1, 2019, that a participant may withdraw the vested portion of elective deferrals, as well from any vested employer contribution accounts. Prior to receiving a hardship withdrawal, a participant must first exhaust all other options, including a loan from the Plan. The participant will be unable to contribute to the Plan for six months following receipt of a hardship withdrawal.

Forfeitures: Effective January 1, 2019, the Plan may use forfeitures to reduce employer contributions. Prior to January 1, 2019, forfeitures were first used to pay plan expense and then reallocated as an additional employer contribution. At December 31, 2019 and 2018, there were approximately \$48,000 of nonvested amounts to be used in future periods. During the year ended December 31, 2019, approximately \$48,000 of forfeitures were used to reduce employer contributions, and there were participant forfeitures of approximately \$48,000.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee and custodian. See Note 4 for discussion of the fair value measurements.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded to administrative expenses as incurred. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Contributions: Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. Employer matching and employer nonelective contributions (if any) are recognized upon authorization and recorded in the year in which the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payments of benefits: Benefits paid to participants are recorded when paid.

Vixxo Corporation 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account, and certain record-keeping fees paid by the Plan, and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Pending accounting pronouncement: In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the coronavirus outbreak to be a worldwide pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, and quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate the spread are expected to continue to have an adverse impact on the economies and financial markets of many countries. This has resulted in substantial volatility in investment markets and in some cases, significant decreases in investment values since December 31, 2019. The duration of these uncertainties and the ultimate financial effects on the Plan cannot be reasonably estimated.

Additionally, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted to amongst other provisions, provide emergency assistance for individuals, families and businesses affected by the coronavirus pandemic. The CARES Act also provides for certain optional relief measures that can be adopted by qualified retirement plans, including increased levels of participant loans for affected individuals for a limited time, and distributions with special tax treatment for affected individuals. Plans must also allow participants who are affected by the coronavirus to suspend loan payments through December 31, 2020, and required minimum distributions for participants over 70 1/2 can be omitted for 2020.

Note 3. Tax Status

The Plan Sponsor adopted a volume submitter plan sponsored by PNC Bank, National Association (PNC), which obtained an opinion letter dated September 21, 2017, from the Internal Revenue Service (IRS) stating that the volume submitter plan was in compliance with the applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified status and the Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, it believes that the Plan was qualified and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4. Fair Value Measurements

The FASB issued guidance on Fair Value Measurement and Disclosures, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 or 2018.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 5. Information Certified and Provided by the Plan Trustee

The following is a summary of the Plan's asset information as of December 31, 2019 and 2018, and for the year ended December 31, 2019, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by PNC, the trustee, and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the assets below is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the assets below:

Description of Assets	2019	2018
Registered investment companies	\$ 19,270,729	\$ 14,900,432
Notes receivable from participants	549,599	409,765

The trustee also certified to the completeness and accuracy of \$3,095,830 of net appreciation in fair value of investments, \$363,953 of interest and dividend income, and \$25,489 of interest income on notes receivable from participants related to the aforementioned Plan assets for the year ended December 31, 2019.

Note 6. Party-in-Interest Transactions

Certain Plan investments were managed by PNC. Fees paid by the Plan to PNC totaled \$44,221 for the year ended December 31, 2019. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee received compensation from the Plan.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities that are exposed to risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
