The following description of the Marietta Health Care Physicians, Inc. 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering employee of Marietta Health Care Physicians, Inc. ("Plan Sponsor"). The Plan covers all employees upon date of hire, who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").
2. The Plan Sponsors may make discretionary contributions to the Plan. For the 2019 Plan year, the Plan Sponsors' made a discretionary matching contribution equal to 50% of the first 6% of compensation each eligible participant contributed to the Plan who was employed on the last day of the Plan year. Contributions are subject to certain limitations.
3. Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of a) the Plan Sponsor's contribution b) plan earnings and charged with an allocation of administrative expenses. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest are paid ratably through payroll deductions.
7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative U.S. GAAP.
2. Use of Estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
3. Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.
5. Payment of Benefits: Benefit payments are recorded when paid.
6. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair values of investments.
7. Recent Accounting Pronouncement: In August 2018, the FASB issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The Plan is currently evaluating the impact of this new standard on its financial statements. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.
8. Subsequent Events: The Plan has evaluated subsequent events through the date of the Independent Auditor's Report, which represents the date the financial statements were available to be issued (see Note K).

Note C - Information Certified by the Plan's Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide bank ("Nationwide"), the custodian of the Plan, has certified to the completeness and accuracy of all investments information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018, the Schedule of Assets (Held at End of Year) at December 31, 2019, and the related investment income information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019. The custodian did not certify notes receivable from participants and related activity.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued based at the subscription and redemption activity at a \$1 stable NAV. However, on a daily basis the funds are valued at their daily NAV calculated using the amortized cost of the securities held in the fund.

Notes to the Financial Statements (Continued)
December 31, 2019 and 2018

Note D - Fair Value Measurements (Continued)

Investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Since the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Plan Sponsors evaluate a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs, including credit worthiness of the issuer, Nationwide Life Insurance Company and the terms of the investment contract are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate). Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2019:

	Level 1	Level 2	Level 3	Total
Money market	\$ -	\$ 1,251,567	\$ -	\$ 1,251,567

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2018:

	Level 1	Level 2	Level 3	Total

The Plan's policy is to recognize transfers between levels as of the end of the reporting period. There were no significant transfers between levels during 2019 and 2018.

Note D - Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2019:

Balance, beginning of year	\$ 1,056,916
Contributions, net exchanges	270,998
Investment and interest income	42,556
Sales, repayments settlements net	<u>(105,309)</u>
Ending balance	<u><u>\$ 1,265,161</u></u>

Note E - Insurance Contracts

The Plan has entered into an investment contract with Nationwide, which maintains the investments in a general unallocated fixed account. This account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair market value as reported to the Plan by Nationwide. The contract is not considered to be benefit responsive as the contract restricts participant-directed exchanges. The contract's average yield was 2.00% and 1.44% for 2019 and 2018, respectively, and the crediting interest rate as of December 31, 2019 and 2018 was 2.00% and 1.44%, respectively. Crediting interest rates are determined daily by dividing earned income for the day by the new contract value.

Note F - Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

The Plan invests in mutual funds, money market fund and a guaranteed investment contracts managed by Nationwide. Nationwide is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note H - Tax Status

The Internal Revenue Service ("IRS") ruled on March 31, 2017 that the Volume Submitter Plan Document (the volume submitter of FIS Business Systems LLC, upon which the Plan is based), as then designed, was in compliance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements (Continued)

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Net assets available for benefits per the financial statements	\$ 41,712,269	\$ 32,775,658
Adjustment from fair value to contract value for guaranteed investment contract	<u>(20,267)</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 41,692,002</u>	<u>\$ 32,775,658</u>

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the Plan year ended December 31, 2019:

Net increase per the financial statements	\$ 8,806,055
Change in adjustment from fair value to contract value for guaranteed investment contract	<u>(20,267)</u>
Net income per the Form 5500	<u>\$ 8,785,788</u>

Note K - Subsequent Events

In March 2020, the World Health Organization declared the global novel coronavirus disease 2019 ("COVID-19") outbreak a pandemic. Further, the United States Centers for Disease Control and Prevention confirmed the spread of the disease throughout the United States. The COVID-19 outbreak has triggered volatility in financial markets and a significant negative impact on the global economy. The ultimate impact to the Plan and Plan Sponsor is not known at this point as the scale and severity of the outbreak, and resulting economic impact, is still largely unknown.
