NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Call Pro's Inc. 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a safe harbor defined contribution plan sponsored by Call Pro's Inc. covering all eligible employees who have reached 21 years of age, and have completed 500 hours of service within six months. The profit sharing portion covers all eligible employees who have reached 21 years of age and completed 2 years of service. Entry date is the first day of the month coincident with or next following after the date of eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions. Each year, participants may make pretax salary deferral contributions up to the maximum allowed under the Internal Revenue Code. Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions. The plan will make safe harbor basic matching contribution of 100% of the first 3% of eligible compensation the employee defers and 50% of the next 20% of deferred eligible compensation. The Employer may make discretionary profit sharing contributions. These contributions are allocated pro rata based on each participant's compensation as a percentage of total compensation for all qualifying participants.

Participant Accounts. The trustee maintains a separate account for each participant and each type of contribution. Each participant may select from a series of investment options designated by the trustee and Plan administrator for their individual contributions.

Vesting. Participants are fully vested in their own contributions. Participants are not vested in the Employer's Contribution until the Participant has two years of vesting service. At that point they vest 20% per year until fully vested after six years.

Participant Loans. Participants may borrow from their fund accounts up to a maximum of $50,000 or 50 percent of their account balance, whichever is less. The loans must be repaid within 5 years or 15 years if the loan proceeds will be used to purchase a primary residence. The loans are secured by the balance in the participant's account and bear an interest rate to be determined by the trustees. Principal and interest is paid ratably through payroll deductions. The loan will be deemed a distribution if the participant terminates employment with the Company prior to repaying the loan.

Payment of Benefits. Upon termination due to death, retirement, disability, or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a joint and survivor annuity, a life annuity if participant is not married, or installments over a period not longer than the participant's assumed life expectancy, or the purchase of a different form of annuity. For balances over $5,000 the

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

distribution can be made no sooner than thirty days following the receipt of the participant's election, and no later than one hundred eighty days following receipt of the election. A lump sum distribution will be made if the participant's vested benefit is under $1,000.

Forfeited Accounts. At December 31, 2019, there were no forfeited non-vested accounts. Forfeited accounts will be reallocated to participants in the same manner as Employer non-elective contributions.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the plan are reported on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustees. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participants may direct the investment of their 401(k) contributions into the Plan.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are collected through payroll withholding, or through final distribution from participant's balance after termination based upon the terms of the Plan. Notes receivable were $32,057 as of December 31. 2019.

Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

All administrative expenses may be paid out of the Plan unless paid by the Company. During the year ended December 31, 2019, expenses paid by the Plan amounted to $15,470 in administration fees.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

There are no reconciling differences, in the statement of net assets available for benefits and the statement of changes in net assets available for benefits, between the financial statements and the Form 5500.

NOTE 3. COMPLIANCE WITH ERISA

The Employee Retirement Income Security Act of 1974 (ERISA) required certain standards be incorporated into certain employee retirement plans. The Plan is based upon a Prototype Non-Standardized Profit Sharing Plan with CODA through Alerus Financial NA. The Prototype Plan has obtained an Internal Revenue Service determination letter dated March 31, 2014.

NOTE 4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as shown on the statements of net assets available for benefits as of December 31, 2019
- Net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019;
- Investment information included in the footnotes and supplemental schedule of assets (held for investment purposes at end of year) as of December 31, 2019

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurement and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices accessible in active markets for identical assets or liabilities at the measurement date.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets or inputs (other than quoted prices) that are observable or that are derived principally from or corroborated by observable market data through correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used for the year ended December 31, 2019. During the year ended December 31, 2019, there were no transfers of financial instruments into or out of Level 3.

Common stocks, preferred stocks and exchange traded funds: Value at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at closing price reported on the active market on which the individual funds are traded. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities & Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed activity traded. The Plan can redeem these investments daily, and there are currently no redemption restrictions on these investments.

The following tables summarized assets measured at fair value on a recurring basis as of December 31, 2018 and 2019

	December 31, 2018			
Assets	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$762,783	$ 0	$ 0	$ 762,783
	$762,783	$ 0	$ 0	$ 762,783

	December 31, 2019			
Assets	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	$950,169	$ 0	$ 0	$ 950,169
	$950,169	$ 0	$ 0	$ 950,169

See accompanying independent auditors' report.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6. INCOME TAX

The IRS has informed Alerus Financial, the prototype plan sponsor of the Plan, in an opinion letter dated March 31, 2014, that the form of the Plan is acceptable under the requirements of the Internal Receive Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Receive Code and the Plan continues to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examinations by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants account balances become 100% vested and non-forfeitable.

NOTE 8. SUBSEQUENT EVENTS

As a result of the spread of COVID-19 coronavirus, economic uncertainties have arisen which have resulted in significant volatility in the investment markets, resulting in a substantial decline in the value of the investments. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

The Plan Administrator has evaluated subsequent events through October 7, 2020, the date of this report, and has determined that there were no significant subsequent events to recognize or disclose in these financial statements.
