Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Premium Oilfield Technologies Management LLC 401k Plan, which comprise the statement of net assets available for benefits in liquidation as of December 31, 2019, and the related statement of changes in net assets available for benefits in liquidation for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility on the 2019 Financial Statements

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2019 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in *Note 4*, which was certified by American United Life Insurance Company® (AUL), a OneAmerica company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provide d to the plan administrator by the custodian is complete and accurate.

Re: Independent Auditors' Report

Disclaimer of Opinion on the 2019 Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2019 financial statements. Accordingly, we do not express an opinion on the 2019 financial statements referred to in the first paragraph.

Other Matter – Supplemental Schedules

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on the 2019 Financial Statements paragraph, we do not express an opinion on the supplemental schedules referred to above.

Other Matter – 2018 Financial Statement

The statement of net assets available for benefits as of December 31, 2018 was compiled by us. We did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations 2019

The form and content of the information included in the 2019 financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

Premium Oilfield Technologies Management LLC 401k Plan (the Plan) was a defined contribution plan adopted by Premium Oilfield Technologies Management LLC that provided employees with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective January 1, 2013, and was amended effective February 28, 2019.

The Plan covered eligible predecessor employers of Premium Oilfield Technologies Management LLC; Premium Oilfield Products, Ltd.; Premium Pump Parts, Inc.; Supreme Manufacturing Co., Inc.; Cutter Drilling Systems, LLC; Premium Oilfield Services, LLC; and SMDI d/b/a Double Life Screens (collectively, the Company). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and was administered by the Company.

Effective, September 30, 2019, the Company elected to terminate the Plan and to merge into the Insperity 401(k) Plan. All employee contributions ceased into the Plan as of the effective date. Plan assets were transferred to the Insperity 401(k) Plan on January 10, 2020. Once all participant balances are transferred, the Plan will file a final Form 5500 and the reporting requirements of the Plan will terminate.

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the legal plan document and trust agreement for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company were eligible to participate in the Plan. The Plan's entry date was the employee's date of employment; thus the employee was eligible immediately upon date of hire with the Company.

Contributions – Participants were able to contribute a portion of their compensation as a pre-tax deferral or as a Roth deferral into the Plan, not to exceed the dollar limit set by law. If a participant was at least age 50 or attained age 50 before the end of a calendar year, then the participant was able to defer additional amounts as catch-up contributions. Participants could have revoked their salary deferral election at any time during the Plan year and was able to make any other modification on the first day of each calendar month.

The Company could have made a discretionary employer or matching contribution equal to a uniform percentage of participants' salary deferrals. Each year, the Company determined the amount of the discretionary percentage. In 2019, the Company did not make any discretionary employer or matching contributions.

Participants were permitted to deposit into the Plan distributions they had received from other retirement plans and certain IRAs, as rollover contributions.

Participant Accounts – Each participant's account was credited with the participant's contributions, rollover contributions, employer contributions, and an allocation of Plan earnings and losses. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant was entitled was the benefit that could have been provided from the participant's vested account.

Investment Options – Participants were able to direct the investment of at least a portion of their interest in the Plan. The Plan offered various pooled separate accounts and a guaranteed investment contract as investment options for participants. The value of participant accounts were updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

Vesting – Participants were always 100% vested in their salary deferrals including pre-tax, Roth, catch-up, and rollover contributions. Vesting in Company employer and matching contributions, plus any earnings thereon, were based on vesting years of service. Participants became 100% vested in Company employer and matching contributions after three years of service.

Payment of Benefits – If a participant's vested account balance did not exceed $5,000, then their vested account balance could have been distributed in a single lump-sum payment. If a participant's vested account balance exceeded $5,000, the participant could have elected to receive a distribution of their vested account balance in a single lump-sum payment or in installments. If the participant's vested account balance exceeded $5,000, they must have consented to any distribution before it had been made.

Participants who attained age 59½ received an in-service distribution from certain accounts. Hardship distributions could have also been made to satisfy certain immediate and heavy financial needs that a participant had.

Forfeitures – If a participant terminated employment before being fully vested, then the non-vested portion of the terminated participant's account balance remained in the Plan and was called a forfeiture. At December 31, 2019 and 2018, forfeited non-vested accounts totaled $-0-. The Company could have used forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During 2019, the Plan did not use any forfeitures to offset Plan expenses or Company contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan were prepared on the liquidation basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) required the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments were reported at fair value (except for the fully benefit-responsive investment contract, which was reported at contract value). Fair value was the price that would have been required to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements. Purchases and sales of securities were recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) were recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2019 excess contributions to the applicable participants prior to March 15, 2020.

Payment of Benefits – Benefits were recorded when paid.

Administrative Expenses – The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses were paid using the Plan's assets, then the expenses would have generally been allocated among the accounts of all participants in the Plan. These expenses would have been allocated either proportionately based on the value of the account balances or as an equal dollar amount based on the number of participants in the Plan.

Subsequent Events – The Plan evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued (*see Note 12*).

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provided a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 were described as follows:

- **Level 1 –** Inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan had the ability to access.

- **Level 2 –** Inputs to the valuation methodology included quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that were observable for the asset or liability; and inputs that were derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must have been observable for substantially the full term of the asset or liability.

- **Level 3 –** Inputs to the valuation methodology were unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following was a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Pooled Separate Accounts – Valued at the daily unit value as reported by the custodian. The unit value was based on the underlying investments held by the pooled separate account less its liabilities. The unit value of the pooled separate account was considered readily determinable and published by the custodian. The unit value was also the basis for current participant transactions (purchases and sales).

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	**$ -**	**$ 662,127**	**$ -**	**$ 662,127**
Investments at fair value	**$ -**	**$ 662,127**	**$ -**	**$ 662,127**

	2018			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 453,777	$ -	$ 453,777
Investments at fair value	$ -	$ 453,777	$ -	$ 453,777

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Company elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company® (AUL), a OneAmerica company, the custodian of the Plan, had certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits in liquidation as of December 31, 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits in liquidation for the year ended December 31, 2019. Accordingly, as permitted under such election, the Company had instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedules.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT

The Plan held a fully-benefit responsive guaranteed investment contract, the AUL Fixed Interest Account (the Fund). The investment was an interest-earning investment option, backed by AUL's general assets. AUL maintained the contributions in a general account. The account was credited or debited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. AUL was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting.

This contract met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, reported to the Plan by AUL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on AUL's ability to meet its financial obligations. AUL's ability to meet its contractual obligations may have been affected by future economic and regulatory developments.

Certain events may have limited the ability of the Plan to transact at contract value with AUL. Such events included a full or partial Plan termination, the insolvency of the Company, or aggregate terminations in any contract year exceeding 20% of the full contract value was determined on the first day of that contract year. Under those unlikely events, a surrender charge may have applied. The Company believes there were no events that were probable of occurring that might limit the ability of the Plan to transact at contract value with AUL and that would also have limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed AUL to terminate the contract with the Plan and settle at an amount different from contract value. Such events included an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, a material misrepresentation, or a material amendment to the agreement without the consent of AUL. This was a contingent event, and the Company believed that any events allowing AUL to terminate the contract and settle at a different amount were probable of not occurring.

NOTE 6 – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments were managed by AUL. AUL was the custodian and recordkeeper for the Plan and, therefore, these transactions qualified as party in interest transactions. Such transactions were permitted under the provisions of the Plan and were exempt from the prohibited transactions rules under ERISA.

NOTE 7 – PLAN TERMINATION

The Company reserved the right to terminate the Plan at any time. Upon termination, no further contributions were made to the Plan and all amounts credited to participants' accounts became 100% vested. The Company directed the distribution of accounts in a manner permitted by the Plan as soon as practicable. See *Note 12* for further discussion of plan termination.

NOTE 8 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Malcolm Thompson and Associates, Inc. The volume submitter plan obtained its latest opinion letter on September 30, 2014, in which the IRS stated that the volume submitter plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan did not request its own opinion letter from the IRS. Although the Plan was amended since receiving the opinion letter, the Company believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income tax was included in the Plan's financial statements.

U.S. GAAP required the Company to evaluate tax positions taken by the Plan and recognized a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan was subject to routine audits by taxing jurisdictions; however, there were no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invested in various investment securities. Investment securities were exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the value of investment securities would occur in the near term and those changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following was a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to the Form 5500:

	2019	2018
Net assets available for benefits per the financial statements	**$ 651,592**	$ 460,734
Excess participant contributions payable	**14,514**	-
Net assets available for benefits per the Form 5500	**$ 666,106**	$ 460,734

The following was a reconciliation of participants' contributions per the financial statements for the year ended December 31, 2019, to the Form 5500:

Participants contributions per the financial statements	$ 129,824
Add: excess participant contributions payable at December 31, 2019	14,514
Participants contributions per the Form 5500	$ 144,338

NOTE 11 – PROHIBITED TRANSACTIONS

During 2019, the Company failed to remit to the custodian certain participant contributions totaling $5,114, within the period prescribed by the DOL regulations. Delays in remitting contributions to the custodian were due to unintentional administrative errors. As of December 31, 2019, the participant contributions were remitted to the Plan, and the Company intended to calculate lost earnings related to the participant contributions and remit to the Plan. These contributions were considered nonexempt party in interest transactions. Management believed these nonexempt transactions did not affect the tax status determination of the Plan.

NOTE 12 – SUBSEQUENT EVENTS

Effective, September 30, 2019, the Company elected to terminate the Plan and to merge into the Insperity 401(k) Plan. All employee contributions ceased into the Plan as of the effective date. Plan assets were transferred to the Insperity 401(k) Plan on January 10, 2020. Once all participant balances have been transferred, the Plan will file a final Form 5500 and the reporting requirements of the Plan will terminate.

Subsequent to year-end, many countries around the world, including the United States of America, were impacted by the coronavirus (the "virus" or COVID-19) outbreak. While the virus is continuing to evolve, its implications could involve interruptions to production and supply chains, unavailability of personnel, and reductions in sales, earnings or productivity. In addition, the Plan sponsor may be impacted by the broader effects of COVID-19 as a result of the negative impact the virus has had on the global economy and major financial markets. At this time, the Company is not aware of any material risk to the Plan's financial statements and cannot quantify the extent the virus may have on the Plan's financial information.
