To the Plan Administrator, Management and the 401(k) Committee
Dana Innovations, Inc. 401(k) Plan
San Clemente, CA

In planning and performing our audit of the financial statements of Dana Innovations, Inc. 401(k) Plan (the Plan) as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Certain deficiencies in internal control that have been previously communicated to you, in writing, by us or by others within your organization are not repeated herein.

Following are descriptions of other identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

Improper Contributions to the Plan

Observation
We noted during our audit procedures that for certain pay checks that were paid to employees and then later reversed, the withholdings were still remitted to the Plan. For one of the two participants noted, the error was automatically corrected as the participant had already contributed the maximum employee contributions for the year. For the second participant, the additional contributions made by the Plan Sponsor are required to be forfeited from the participant's account.

Recommendation
We recommend that the Plan's management establish procedures to ensure that similar issues do not occur in the future or that amounts are forfeited timely if an error occurs. We further recommend that, for the second participant discussed above, that the contributions are forfeited from the participant's account.

Failure to Consistently Apply Participant Withholding Elections

Observation
We noted during our audit procedures that for one (1) out of nineteen (19) participants tested, the participant's contribution percentage was changed in payroll without the participant electing to change their rate which resulted in one pay period being withheld at the wrong rate.

Recommendation
We recommend the Plan's management review policies and procedures for implementing deferral changes in the payroll system and implement additional procedures requiring review of the processing of the changes received from Principal. A Plan sponsor's fiduciary responsibility includes acting solely in the interest of the plan participants and their beneficiaries with the exclusive purpose of providing benefits to them, carrying out their duties prudently, and following the plan documents. Therefore, properly processing plan transactions on behalf of participants, including those outsourced to third parties, is critical.

Reconciliation of Payroll Reports to Principal Remittance Schedule

Observation
During our testing, we noted that for several participants, the payroll report was not reconciled with the remittance schedule before remitting funds to the Plan, which resulted in several participants' funds not being remitted to the Plan.

Recommendation
We recommend that Plan management implement procedures to ensure that the payroll reports tie to the remittance schedule before funds are remitted. Further, we recommend that all funds that were withheld be remitted to the Plan with lost earnings or properly refunded to the employee, as necessary.

Delinquent Contributions

Observation
The timely remittance of deferral contributions by the plan sponsor has become an area of increased focus and scrutiny by the Department of Labor (DOL) and a target of increased monitoring. We noted that the Plan generally demonstrated the ability to remit its contributions within five (5) business days after the date the payroll is paid. However, during our testing of 2019 contributions, we noted four (4) instances where the contributions were remitted between six (6) and twelve (12) business days after the pay date. We also noted two participants had deferral contributions withheld from pay checks during two payroll periods (one payroll period each) in 2019 totaling approximately $224, which have not been remitted to the plan as of the date of this letter. The general rule for deposits of contributions request that the plan sponsor remit withheld employee deferrals to the plan as soon as administratively feasibly, in no event later than fifteen (15) business days after the end of the month in which the contributions are withheld.

However, we understand that in some investigations, the DOL has actually reviewed the history of a plan sponsor's deposits, taking the deposit with the shortest elapsed time between the withheld date and the remit date and applying that time period as the standard that such deposits should meet. For example, in situations where historically a plan sponsor's deposits occurred anywhere from two (2) to twelve (12) days after the pay date, the DOL has ruled that the 2-day deposit should be the standard timing for the plan sponsor's deposits, and that all deposits made beyond two days were considered delinquent contributions. The DOL as also ruled that the plan sponsor should pay interest on the funds remitted beyond the standard timeframe allowed.

Further, our understanding is that the DOL is not concerned with materiality related to the lost earnings due to participants as a result of late contributions. Rather, they interpret the delinquency as a measure of compliance or non-compliance. Therefore, the fact that a delinquent contribution may not result in a significant amount of lost earnings to the participant, is not relevant.

Failure to remit deferral contributions in accordance with DOL requirements could be interpreted by the DOL as a prohibited transaction, fiduciary breach, or both, and may result in significant sanctions and/or penalties. In addition, the Plan would be required to remediate and make all participants whole by refunding them lost earnings. The DOL could also open up an investigation of all deposits going back a period of six (6) years.

Recommendation
We recommend that the Plan's administration review the procedures involved to remit participant contributions to the Plan to ensure that all deferral contributions are deposited into the Plan as soon as possible as prescribed by the DOL. This includes consideration of back-up procedures to apply in the event of the absence of the individual(s) routinely charged with the responsibility to process the remittances.

We also recommend that you consult with the custodian and inform them that you would like to apply for relief under the DOL's Voluntary Fiduciary Correction Program by paying the lost earnings on the late remittances of deferral contributions.

401(k) Committee
Dana Innovations, Inc. 401(k) Plan
San Clemente, California

Attention: Gigi Dryer, VP of Human Resources and Plan Administrator

This letter is to inform the Board of Trustees of Dana Innovations, Inc. 401(k) Plan (the "Plan") about significant matters related to the conduct of our audit as of and for the year ended December 31, 2019, so that it can appropriately discharge its oversight responsibility and we comply with our professional responsibilities.

The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

The Respective Responsibilities of the Auditor and Management
Our responsibility under auditing standards generally accepted in the United States of America has been described to you in our arrangement letter dated May 20, 2020. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

Overview of the Planned Scope and Timing of the Financial Statement Audit
We have issued a separate communication dated May 20, 2020 regarding the planned scope and timing of our audit and have discussed with you our identification of significant risks of material misstatement.

Significant Accounting Practices, Including Policies, Estimates and Disclosures
In our meeting with you, we will discuss our views about the qualitative aspects of the Plan's significant accounting practices, including accounting policies, accounting estimates and financial statement disclosures. The following is a list of the matters that will be discussed, including the significant estimates, which you may wish to monitor for your oversight responsibilities of the financial reporting process:

- Valuation of investments

Uncorrected Misstatements
We identified the following uncorrected misstatements that management has concluded are not, individually or in the aggregate, material to the financial statements. We agree with management's conclusion in that regard.

	Effect – Debit (Credit)				
Description	**Assets**	**Liabilities**	**Net Assets**	**Additions**	**Deductions**
To record receivable into the Plan for late entrances in 2017, 2018, and 2019.	$ 15,766	$ -	$ (10,822)	$ (4,944)	$ -
Total effect			(4,944)	**$ (4,944)**	**$ -**
Net asset effect	**$ 15,766**	**$ -**	**$ (15,766)**		

Other Information in Documents Containing Audited Financial Statements
Our responsibility for other information in documents containing the Plan's audited financial statements is to read the information and consider whether its content or manner of its presentation is materially inconsistent with the financial information covered by our auditor's report or whether it contains a material misstatement of fact. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We have provided our comments to management. We are not aware of other documents that contain the audited financial statements. We did not identify material inconsistencies with the audited financial statements.

Supplemental Schedules
With respect to the supplemental schedules accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the method of preparing it had not changed from the prior period, and the information is appropriate and complete in relation to the financial statements as a whole. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements, or to the financial statements themselves.

Consultation with Other Accountants
We are not aware of any consultations management had with other accountants about accounting or auditing matters.

Management Representations
Attached is a copy of the management representation letter.

Closing

We will be pleased to respond to any questions you have about the foregoing. We appreciate the opportunity to continue to be of service to the Plan.

This report is intended solely for the information and use of the 401(k) Committee and is not intended to be, and should not be, used by anyone other than this specified party.

SONANCE

October 14, 2020

SingerLewak LLP
2050 Main Street, 7th Floor
Irvine, CA 92614

This representation letter is provided in connection with your audits of the financial statements of Dana Innovations, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018; the related statement of changes in net assets available for benefits for the year ended December 31, 2019; and the related notes to the financial statements.

We have determined that the Plan custodian, Principle Trust Company, qualifies to issue a certification of the Plan's asset activity under Section 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations. Therefore, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have instructed you not to perform any auditing procedures with respect to asset information certified or provided by Principle Trust Company, the custodian, other than comparing that information with the related information included in the financial statements and supplemental schedules. Because of the significance of the information that you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules as a whole.

We confirm, to the best of our knowledge and belief, that as of October 14, 2020:

Financial Statements

1. We have fulfilled our responsibilities, as set out in the terms of the audit arrangement letter dated May 20, 2020, for the preparation and fair presentation of the financial statements referred to above in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

4. We are responsible for making the accounting estimates included in the financial statements. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable and reflect our judgment based on our knowledge and experience about past and current events, and our assumptions about conditions we expect to exist and courses of action we expect to take.

DocuSign Envelope ID: C5E4D9D8-1D6A-4217-B26C-1E8B8D13C278

5. In that regard, we are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. The methods and significant assumptions used to determine fair values of the financial instruments are as follows:

   Registered investment companies: valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transfer at that price. The registered investment companies held by the Plan are deemed to be actively traded.

   Common collective trusts: the common collective investment trusts (flexPath Index CITs) represent the Plan's investments that are held in common collective trust funds, which invest primarily in a variety of common collective trusts. The fair values of all of these investments are used in determining the NAV, as provided by flexPath Strategies, of the collective investment trusts, which are not publicly quoted. The NAV is used as a practical expedient to estimate fair value. Each flexPath strategy, offered through flexPath Strategies, LLC, seeks to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each fund. The funds are designed to reduce exposure to risk over time by shifting gradually from a focus on capital appreciation to one of capital preservation, while maintaining some exposure to capital appreciation asset classes. The common collective investment trusts have daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

   Stable value fund: The Principal Stable Value Fund, held in a collective trust fund, invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the stable value fund is to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets. The investments are valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

   Pooled separate accounts: pooled separate accounts contain observable quoted pricing inputs or quoted prices for similar assets in active or non-active markets. While the underlying assets of pooled separate accounts may have publicly quoted pricing inputs, the account values of separate accounts are not classified in the fair value hierarchy as NAV is being used as a practical expedient. These pooled separate accounts are not publicly quoted, and the investments may be redeemed at their NAV as of the measurement date. The NAV is based on the value of the underlying assets owed by the pooled separate account, minus any liabilities, and then divided by the number of shares outstanding. The pooled separate accounts have daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

   Self-directed brokerage accounts: all holdings in the Principal self-directed brokerage accounts are publicly traded securities for which holding detail and pricing are publicly available.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,213,279	$ -	$ -	$ 1,213,279

Total investments in the fair value hierarchy	**$ 3,238,657**	**$ -**	**$ -**	3,238,657
Common collective trusts measured at NAV (a)				7,104,573
Pooled separate accounts measured at NAV (a)				2,980,001
Stable value account measured at NAV (a)				754,430
Total				**$ 14,077,661**

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 952,148	$ -	$ -	$ 952,148
Self-directed brokerage accounts	1,642,570	-	-	1,642,570
Total investments in the fair value hierarchy	**$ 2,594,718**	**$ -**	**$ -**	2,594,718
Common investment trusts measured at NAV (a)				5,133,858
Pooled separate accounts measured at NAV (a)				2,210,564

Total				**$ 10,334,663**

DocuSign Envelope ID: C5E4D9D8-1D6A-4217-B26C-1E8B8D13C278

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Our valuation methodologies have been consistently applied from period to period. The methods and assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes.

6. All significant estimates and material concentrations known to management that are required to be disclosed in accordance with the Risks and Uncertainties Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) have been properly recorded and/or disclosed in the financial statements. Significant estimates are estimates at the statement of net assets available for benefits date that could change materially within the next year. Concentrations refer to the nature and type of investments held by the Plan, or markets in which events could occur that would significantly disrupt normal finances within the next year.

7. Related-party relationships and transactions have been appropriately accounted for and disclosed in accordance with the requirements of U.S. GAAP.

8. Transactions with parties in interest, as defined in ERISA Section 3(14) and regulations thereunder, including sales, purchases, loans, transfers, leasing arrangements and guarantees, and amounts receivable from or payable to related parties have been appropriately accounted for and disclosed.

9. All events subsequent to the date of the financial statements, and for which U.S. GAAP requires adjustment or disclosure, have been adjusted or disclosed.

10. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with U.S. GAAP.

11. We have no intention to terminate the Plan.

12. We have properly reported and disclosed amendments to the Plan instrument, if any.

13. With respect to financial statement services performed in the course of the audit:

    a. We have made all management decisions and performed all management functions;

    b. We assigned an appropriate individual to oversee the services;

    c. We evaluated the adequacy and results of the services performed, and made an informed judgment on the results of the services performed;

    d. We have accepted responsibility for the results of the services; and

    e. We have accepted responsibility for all significant judgments and decisions that were made.

DocuSign Envelope ID: C5E4D9D8-1D6A-4217-B26C-1E8B8D13C278

14. As of and for the year ended December 31, 2019, we believe that the effects of the uncorrected misstatements aggregated by you and summarized below are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. For purposes of this representation, we consider items to be material, regardless of their size, if they involve the misstatement or omission of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

	Effect – Debit (Credit)				
Description	**Assets**	**Liabilities**	**Net Assets**	**Additions**	**Deductions**
To record receivable into the Plan for late entrances in 2017, 2018, and 2019.	$ 15,766	$ -	$ (10,822)	$ (4,944)	$ -
Total effect			(4,944)	$ (4,944)	$ -
Net asset effect	$ 15,766	$ -	$ (15,766)		

15. The disruption resulting from the COVID-19 pandemic is currently expected to be temporary, but there is considerable uncertainty around the duration and the Plan expects this matter to negatively impact its operating results. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

16. The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons along with loans up to $100,000 or 100% of the participant's vested balance and have repayment dates be delayed for up to 1 year. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. Although we have not officially amended the Plan, the above-mentioned changes were made to the Plan effective April 7, 2020, to be in line with the CARES Act and the Plan will be amended before December 31, 2020.

Supplementary Information

17. With respect to supplemental schedules:

    a. We acknowledge our responsibility for the presentation of such information.

    b. We believe such information, including its form and content, is fairly presented in accordance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

    c. The methods of measurement or presentation have not changed from those used in the prior period.

    d. The following are underlying significant assumptions or interpretations regarding the measurement or presentation of such information:

    Delinquent Participant Contributions
    The number of days used in determining late deposits on the schedule of delinquent participant contributions was any deposits made after a period of five (5) business days past the pay date are considered to be late.

DocuSign Envelope ID: C5E4D9D8-1D6A-4217-B26C-1E8B8D13C278

e. We will only present the supplemental schedules together with the audited financial statements and auditor's report thereon and will not separate the supplementary information from the audited financial statements and auditor's report thereon in any document that contains such information.

Information Provided

18. We have provided you with:

    a. Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters;

    b. Additional information that you have requested from us for the purpose of the audits;

    c. Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence;

    d. The currently effective version of the Plan document, including the prototype plan document and adoption agreement, the trust agreement or insurance contracts, and all related amendments. The Plan was most recently amended on October 18, 2019, and effective as of October 18, 2019;

    e. All correspondence, filings, reports and determinations with the Internal Revenue Service (IRS) and the DOL relating to the Plan's compliance with ERISA and the maintenance of its tax-exempt status;

    f. All Plan financial records and related data. In that regard, the payroll information we provided you covered all employees that were eligible to participate in the Plan; and

    g. All minutes of the meetings of the Plan's Committee, or summaries of actions of recent meetings for which minutes have not yet been prepared.

19. All transactions have been recorded in the accounting records and are reflected in the financial statements. The Plan Sponsor's management designated an individual with sufficient skills, knowledge and experience to oversee the financial statement preparation process and take responsibility for the results of the financial statement preparation services. This individual performed a detailed review of the financial statements, consisting of the following procedures:

    a. Reconciliation of the trust activity and participant statements to the financial statements.

    b. Review and approval of all journal entries proposed by you, including the review of supporting documentation and explanations.

    c. Review of the adequacy of financial statement disclosures by review and approval of the disclosure checklist completed by you.

    d. Review and approval of schedules and calculations supporting the amounts included in the notes to the financial statements.

    e. Applying analytical procedures to financial statements.

20. We have disclosed to you the results of our assessment of risk that the financial statements may be materially misstated as a result of fraud.

21. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan involving:

    a. Management.

DocuSign Envelope ID: C5E4D9D8-1D6A-4217-B26C-1E8B8D13C278

b. Employees who have significant roles in internal control.

c. Others where the fraud could have a material effect on the financial statements.

22. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan received in communications from employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators or others.

23. We are not aware of any pending or threatened litigation and claims whose effects should be considered when preparing the financial statements, and neither we nor the Plan Sponsor, or others acting on behalf of the Plan, have consulted a lawyer concerning litigation and claims or other matters affecting the Plan.

24. We have disclosed to you the identity of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions of which we are aware.

25. We are aware of no significant deficiencies, including material weaknesses, in the design or operation of internal controls that could adversely affect the Plan's ability to record, process, summarize and report financial data.

26. We have no plans or intentions that may materially affect the carrying value or classification of assets or liabilities.

27. The Plan has satisfactory title to all owned assets that are recorded at fair value, and all liens, encumbrances or security interests have been properly disclosed.

28. We have answered your questions about the Plan's tax compliance to the best of our knowledge and belief.

29. There have been no communications, whether written or oral, from regulatory agencies concerning noncompliance or deficiencies in the operation of the Plan.

30. We have complied with (a) all aspects of debt and other contractual agreements, including provisions of the Plan, that would have a material effect on the financial statements in the event of noncompliance, (b) the fidelity bonding requirements of ERISA, (c) all participant eligibility and coverage requirements of the Plan, ERISA and the Internal Revenue Code (IRC), and (d) the filing requirements of appropriate agencies.

31. We have complied with the DOL's regulations concerning the timely remittance of participants' contributions to trusts containing assets for the Plan, except as follows:

    During the plan year ended December 31, 2013, we inadvertently failed to remit certain participant contributions totaling $110 of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL"). We have yet to make corrections for the $110 of late remittances as of issuance.

    During the plan year ended December 31, 2017, we inadvertently failed to remit certain participant contributions totaling $657 of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL"). In March 2017, we paid lost earnings on $165 of the $657 of late participant deferrals outside of the DOL's Voluntary Fiduciary Correction Program, which were paid from the Employer's assets and not from assets of the Plan. We have yet to make corrections for the remaining $492 of late remittances as of issuance.

    During the plan year ended December 31, 2018, we inadvertently failed to remit certain participant contributions totaling $4,972 of participant deferrals within the required timeframe as stated by the DOL. In December 2018, we paid lost earnings on $970 of the $4,972 of late participant deferrals outside of the DOL's

Voluntary Fiduciary Correction Program, which were paid from the Employer's assets and not from assets of the Plan. We have yet to make corrections for the remaining $4,002 of late remittances as of issuance.

During the plan year ended December 31, 2019, we inadvertently failed to remit certain participant contributions totaling $1,267 of participant deferrals within the required timeframe as stated by the DOL. We have yet to make corrections for the $1,267 of late remittances as of issuance.

32. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations.

33. The Plan has adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan provider has received an opinion letter from the IRS as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan has been amended since the prototype plan received the opinion letter. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

34. We have reviewed the complementary user entity control considerations of the Service Organization Controls (SOC 1) Report for Paylocity Corporation HR & Payroll System dated November 14, 2019, for the period ended August 31, 2019, and we believe all applicable controls are properly designed and implemented and operating effectively.

35. We have reviewed the complementary user entity control considerations of the Service Organization Controls (SOC 1) Report for Paychex Payroll Processing System dated December 13, 2019, for the period ended September 30, 2019, and we believe all applicable controls are properly designed and implemented and operating effectively.

36. We have reviewed the complementary user entity control considerations of the Service Organization Controls (SOC 1) Report for Paychex Information Technology Services System dated December 13, 2019, for the period ended September 30, 2019, and we believe all applicable controls are properly designed and implemented and operating effectively.

37. We have reviewed the complementary user entity control considerations of the Service Organization Controls (SOC 1) Report for Principal Life Insurance Company dated November 22, 2019 for the period ended September 30, 2019, and we believe all applicable controls are properly designed and implemented and operating effectively.

38. There are no:

    a. Non-exempt (prohibited) party-in-interest transactions that were not disclosed in the financial statements or supplemental schedules.

    b. Notes receivable from participants or other receivables or investments in default or considered to be uncollectible that were not disclosed in the financial statements or supplemental schedules.

    c. Reportable transactions that were not disclosed in the supplemental schedules.

39. All meeting minutes available were provided, however, we do not maintain signed copies.

40. During the course of your audits, you may have accumulated records containing data that should be reflected in our books and records. All such data have been so reflected. Accordingly, copies of such records in your possession are no longer needed by us.

INDEPENDENT AUDITOR'S REPORT

401(k) Committee
Dana Innovations, Inc. 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Dana Innovations, Inc. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Principal Trust Company, the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedules: Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purposes of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of Dana Innovations, Inc. 401(k) Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established under the provisions of Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all employees of Dana Innovations, Inc., William R. Valentine, LLC, Strut, LLC, and Strut Marine, LLC (collectively, the "Sponsor"). The Plan is administered by management of the Sponsor and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Principal Trust Company, custodian and recordkeeper, is responsible for the custody and management of the Plan's assets. NFP Corporation is used by the Plan as an investment advisor.

Eligibility

An employee is eligible for participation in the Plan upon hire with entrance into the Plan occurring on the first of every month. The Plan was amended effective October 18, 2019, to amend eligibility to be 30 days after hire with entrance into the Plan occurring on the first of every month.

Contributions

Unless an eligible employee elects otherwise, employee's compensation will be reduced by 6% (automatic enrollment rate) for employee contributions to the Plan. At any time, participants may elect to contribute, on a tax-deferred or Roth basis, up to 100% of their eligible compensation, in an amount not in excess of the maximum allowed by the IRC. Participants who have attained the age of fifty (50) before the end of the Plan year are eligible to make catch-up contributions ($6,000 for 2019). In 2019, the Sponsor's discretionary match was calculated based on 50% of each participant's deferral contribution of the first 6% of active participant's eligible compensation (up to $280,000 of a participant's salary). All Sponsor contributions are invested in the manner in which a participant directs his or her investments. Rollover contributions representing qualified Plan distributions and individual retirement accounts are permitted.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions, rollovers from qualified plans of the participants' previous employers, rollovers from individual retirement accounts, allocation of the Sponsor's contributions, and allocations of the Plan's earnings, losses, and administrative expenses. Each participant's account is credited with the participant's contribution and the Sponsor's matching contribution. Allocations of earnings, losses and expenses are based on participant earnings or account balances, as defined.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Employee contributions, rollovers, and actual earnings on all such contributions are fully vested at all times. Vesting of Sponsor match and actual earnings thereon are based upon the participant's continuous years of service with the Sponsor as follows:

Years of Service	Percentage Vested
Less than 1	0%
1	33%
2	66%
3	100%

Investment Options

The investments of the Plan are self-directed by the participants into various investment options offered by the Plan. Investment elections may be changed online or through telephone access on a daily basis.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to pay administrative expenses or applied against future Sponsor contributions. For the year ended December 31, 2019, forfeitures applied to Plan expenses were $1,431. As of December 31, 2019 and December 31, 2018, there were $4,532 and $0 forfeitures available to be used, respectively.

Benefit Payments

Upon normal retirement, retirement due to permanent disability, death, termination, or hardship, the participant or the participants' beneficiaries are eligible to receive their vested interest in funds in a lump-sum payment. The Plan can distribute all participant balances under $5,000 without the request of the participant.

Notes from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance (not to exceed $50,000 less the highest outstanding note balance during the prior twelve-month period). Participants may only have two (2) notes outstanding at any time. All notes shall bear a reasonable rate of interest as determined by the Plan Administrator. Notes must be paid back within five (5) years of the date of issuance in accordance with terms established by the Plan Administrator. However, if the note is for the purchase of a principal residence, the Plan Administrator may permit a longer repayment term. The notes are secured by the balance in the participant's account and bear interest ranging from 4.25% to 7.50% maturing through May 31, 2049 as of December 31, 2019 and 2018. Principal and interest are paid ratably through biweekly payroll deductions. Defaulted participant notes are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Administrative Expenses
Management fees and operating expenses charged to the Plan are charged and reflected separately to individual participant accounts. The Sponsor pays substantially all other out-of-pocket administrative expenses of the Plan.

Basis of Presentation
The accompanying financial statements have been prepared on the accrual method of accounting and include only the assets, liabilities and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Contributions by the participants are recognized in the period the participants' wages are paid; withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participants, except for cases where refunds are due to the participants in order for the Plan to conform to IRC provisions. In addition, investment income (loss) is recorded at the time the distribution is made to the Plan's custodian. Plan expenses are recorded when incurred.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes from Participants
Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2019 and 2018, there were no delinquent participant notes. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits
Benefit payments to participants are recorded upon distribution. As of December 31, 2019 and 2018, there were no benefits payable to participants who elected to withdraw from the Plan. Corrective distributions generally represent the distribution of certain assets to employees in order for the Plan to comply with nondiscrimination rules. As of December 31, 2019 and 2018, there were no corrective distributions to participants for contributions made in excess of amounts allowed by the IRS.

NOTE 3 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Use of Estimates

The preparation of the Plan's financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and notes from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019; and the related investment activity and interest income on notes from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019.

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") Topic No. 820 ("ASC 820") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered investment companies: valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transfer at that price. The Registered investment companies held by the Plan are deemed to be actively traded.

Common collective trusts: the common collective investment trusts (flexPath Index CITs) represent the Plan's investments that are held in common collective trust funds, which invest primarily in a variety of common collective trusts. The fair values of all of these investments are used in determining the NAV, as provided by flexPath Strategies, of the collective investment trusts, which are not publicly quoted. The NAV is used as a practical expedient to estimate fair value. Each flexPath strategy, offered through flexPath Strategies, LLC, seeks to provide long-term investors with an asset allocation strategy designed to maximize assets for retirement consistent with the risk level and projected retirement date associated with each fund. The funds are designed to reduce exposure to risk over time by shifting gradually from a focus on capital appreciation to one of capital preservation, while maintaining some exposure to capital appreciation asset classes. The common collective investment trusts have daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

Stable value fund: The Principal Stable Value Fund, held in a collective trust fund, invests in conventional and synthetic guaranteed investment contracts ("GICs") issued by life insurance companies, banks and other financial institutions with excess cash invested in cash equivalents. The objective of the stable value fund is to provide preservation of capital and relatively stable returns regardless of the volatility of the financial markets. The investments are valued using NAV as a practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts: pooled separate accounts contain observable quoted pricing inputs or quoted prices for similar assets in active or non-active markets. While the underlying assets of pooled separate accounts may have publicly quoted pricing inputs, the account values of separate accounts are not classified in the fair value hierarchy as NAV is being used as a practical expedient. These pooled separate accounts are not publicly quoted, and the investments may be redeemed at their NAV as of the measurement date. The NAV is based on the value of the underlying assets owed by the pooled separate account, minus any liabilities, and then divided by the number of shares outstanding. The pooled separate accounts have daily redemption frequency, no redemption period or restrictions and have no unfunded commitments.

Self-directed brokerage accounts: all holdings in the Principal self-directed brokerage accounts are publicly traded securities for which holding detail and pricing are publicly available.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,213,279	$ -	$ -	$ 1,213,279

Total investments in the fair value hierarchy	**$ 3,238,657**	**$ -**	**$ -**	3,238,657
Common collective trusts measured at NAV (a)				7,104,573
Pooled separate accounts measured at NAV (a)				2,980,001
Stable value account measured at NAV (a)				754,430
Total				**$14,077,661**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 952,148	$ -	$ -	$ 952,148
Self-directed brokerage accounts	1,642,570	-	-	1,642,570
Total investments in the fair value hierarchy	**$ 2,594,718**	**$ -**	**$ -**	2,594,718
Common investment trusts measured at NAV (a)				5,133,858
Pooled separate accounts measured at NAV (a)				2,210,564
Stable value account measured at NAV (a)				395,523
Total				**$10,334,663**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 5 – INTERNAL REVENUE SERVICE STATUS

Effective February 1, 2013, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company and this prototype plan was effective until October 31, 2018 when the Plan adopted an updated Plan. Effective November 1, 2018, the Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company, which was again amended effective October 18, 2019. The prototype plans have received an opinion letter from the Internal Revenue Service ("IRS") as to the prototype plans qualified statuses. The prototype plan opinion letters have been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and a stable value fund managed by Principal Global Investors Trust Company, a related party of Principal Trust Company, the Custodian of the Plan. Fees paid by the Plan to Principal Life Insurance Company, an affiliate of the custodian of the Plan, amounted to $4,341 for the year ended December 31, 2019. Notes receivable from participants and the related interest income of $6,489 are also considered related-party transactions.

NOTE 7 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed such intent, the Sponsor, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Thus, net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 – PROHIBITED TRANSACTIONS

As required by ERISA Section 2510.3-102, the Sponsor is required to segregate participant contributions from its general assets and remit them to the Plan as soon as administratively feasible.

During the Plan year ended December 31, 2013, the Sponsor inadvertently failed to remit certain participant contributions totaling $110 of participant deferrals within the required timeframe as stated by the United States Department of Labor ("DOL"). The Sponsor plans to deposit the lost earnings on late contributions with the Plan custodian in 2020.

During the Plan year ended December 31, 2017, the Sponsor inadvertently failed to remit certain participant contributions totaling $657 of participant deferrals within the required timeframe as stated by the DOL. In March 2017, the Sponsor paid lost earnings on $165 of the $657 of late participant deferrals outside of the DOL's Voluntary Fiduciary Correction Program, which were paid from the Sponsor's assets and not from assets of the Plan. The Sponsor plans to deposit the lost earnings on the remaining $492 of late contributions with the Plan custodian in 2020.

During the Plan year ended December 31, 2018, the Sponsor inadvertently failed to remit certain participant contributions totaling $4,972 of participant deferrals within the required timeframe as stated by the DOL. In January 2019, the Sponsor paid lost earnings on $970 of the $4,972 of late participant deferrals outside of the DOL's Voluntary Fiduciary Correction Program, which were paid from the Sponsor's assets and not from assets of the Plan. The Sponsor plans to deposit the lost earnings on the remaining $4,002 of late contributions with the Plan custodian in 2020.

During the Plan year ended December 31, 2019, the Sponsor inadvertently failed to remit certain participant contributions totaling $2,424 of participant deferrals within the required timeframe as stated by the DOL. The Sponsor plans to deposit the lost earnings on late contributions with the Plan custodian in 2020.

During the Plan year ended December 31, 2019, the Sponsor failed to remit certain participant contributions totaling $224 of participant deferrals. The Sponsor plans to deposit the participant contributions and related lost earnings with the Plan custodian in 2020.

NOTE 10 – SUBSEQUENT EVENTS

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected and may continue to affect Plan assets. While the potential economic impact brought by, and the duration of COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

The Coronavirus Aid Relief, and Economic Security Act (CARES Act) was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to $100,000 for qualifying coronavirus-related reasons along with loans up to $100,000 or 100% of the participant's vested balance and have repayment dates be delayed for up to 1 year. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare due to COVID-19. The Plan's Management has amended the Plan effective April 7, 2020, to be in line with the CARES Act.

The Plan Committee has evaluated subsequent events through October 14, 2020, the date the financial statements were available to be issued, and concluded that, other than the matters described above, no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
