NOTE 1 – DESCRIPTION OF PLAN

Power, Lighting & Control, Inc. 401(k) Plan (the Plan) is a defined contribution plan adopted by Power Lighting & Control, Inc. The Plan is designed to encourage and assist eligible employees in adopting a regular savings program and to provide additional security for their retirement. The Plan was originally effective as of July 1, 2004 and was amended and restated effective January 1, 2017. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the terms of the plan document for a more complete description of the Plan's provisions.

Eligibility – All non-excluded employees of the Company are eligible to participate in the Plan upon completing the Plan's eligibility requirements. Employees are eligible to participate in the Plan when they have completed one year of service. Employees become an active participant on the first day of the Plan year or the first day of the seventh month of the Plan year coinciding with or next following the date that eligibility requirements have been met.

Contributions – Participants may elect to reduce their compensation by a specific a percentage, or dollar amount, and have that amount contributed into the Plan as a salary deferral. Total deferrals may not exceed a dollar limit which is set by law. There are two types of salary deferrals: pre-tax 401(k) deferrals and Roth 401(k) deferrals. Participants who have attained or will attain age 50 before the end of a calendar year may elect to defer additional catch-up contributions. Participants can increase or decrease the amount of their salary deferrals or revoke and stop making deferrals at any time.

The Company will make a safe harbor matching contribution to each participant equal to 100% of each participant's contributions to the Plan which do not exceed 3% of their eligible compensation plus 50% of salary deferrals between 3% and 5% of their eligible compensation. Additionally, the Company may make a discretionary matching contribution equal to a uniform percentage of salary deferrals. Each year, the Company will determine the amount of the discretionary percentage. For 2019, the Company did not make a discretionary matching contribution to the Plan.

The Company may also decide to make a discretionary profit sharing contribution to the Plan, although the Company is not required to do so. To be eligible for the discretionary profit sharing contribution, participants must be employed on the last day of the Plan year and have completed one year of service. For 2019, the Company did not make a discretionary profit sharing contribution.

Participants can roll over part or all of an eligible rollover distribution they receive from an eligible retirement plan into the Plan as a rollover contribution.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The Plan currently offers mutual funds, pooled separate accounts, collective trust funds, and a guaranteed income account option as investment options. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

Vesting – Participants are currently 100% vested in their salary deferrals including Roth 401(k) deferrals and catch-up contributions, safe harbor contributions, rollover contributions, plus actual earnings and losses thereon. A participant is fully vested in the Company's discretionary contributions after six years of service.

Notes Receivable From Participants – Loans are available under the Plan. Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account or $50,000 reduced by the highest outstanding loan balance in the prior one-year period. The loans are secured by the balance in the participant's account. Loans bear a reasonable interest rate. Principal and interest are paid ratably through after-tax payroll deductions. The repayment period will not be longer than five years unless the loan is used to buy a principal residence.

Payment of Benefits – Upon termination of employment, normal retirement, disability, or death, a participant or designated beneficiary may elect to receive their vested interest in the Plan as a single lump-sum payment in cash, a direct rollover distribution, or a combination of both. If a participant's vested account balance is $5,000 or less, a participant's benefits will be paid at that time. If the vested account balance exceeds $5,000, a participant's consent is required to distribute their accounts.

Participants who have attained age 59½ may receive an in-service distribution from certain accounts prior to termination of employment. Hardship distributions are also available to participants to satisfy certain immediate and heavy financial needs.

Forfeited Accounts – If a participant terminates employment before becoming 100% vested in their account balance, the non-vested portion of their account balance will be forfeited. Forfeitures may be used to pay Plan expenses or to offset employer contributions. At December 31, 2019 and 2018, forfeited accounts totaled $-0-. In 2019, forfeitures of $-0- were used to reduce employer contributions and pay plan administrative expenses.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive general account, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Other income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Benefits Paid to Participants – Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued (*see Note 10*).

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts – Valued at the NAV of units of a pooled account. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of its underlying investment held by the account less its liabilities. The practical expedient is not used when it is determined to be probable that the account will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Collective Trust Funds – The collective investment trusts (CIT) invest in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trust and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs (level 1).

The fair value of all these investments are used in determining the NAV of the CIT. The NAV is the basis for current transactions and the CIT can be redeemed at NAV as of the measurement date. The NAV is calculated in a manner consistent with U.S. GAAP for investment companies. Unfunded commitments typically are found in private equity funds and, therefore, are not applicable to CITs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,506,477	$ -	$ -	$ 1,506,477
Total investments in the fair value hierarchy	$ 1,506,477	$ -	$ -	1,506,477
Investments measured at NAV as practical expedient				4,076,427
Total investments at fair value				$ 5,582,904

	2018 (Compiled)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 846,628	$ -	$ -	$ 846,628
Total investments in the fair value hierarchy	$ 846,628	$ -	$ -	846,628
Investments measured at NAV as practical expedient				2,889,877
Total investments at fair value				$ 3,736,505

NOTE 4 – GUARANTEED INVESTMENT CONTRACT

The Plan holds an investment in a fully benefit-responsive guaranteed investment contract with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Principal is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by Principal and is reviewed for resetting. The contract value of the guaranteed investment contract at December 31, 2019 and 2018 was $12,076 and $11,953, respectively.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Principal, represent contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on Principal's ability to meet its financial obligations. Principal's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2019, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2019. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee, except for comparing the information certified by the trustee with information included in the Plan's financial statements and supplemental schedule.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participant accounts will become 100% vested. The Company will direct the distribution of participant accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the trustee and, therefore, these transactions qualify as party in interest transactions. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Loren D Stark Company. The volume submitter plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 – SUSBSEQUENT EVENTS

Subsequent to year-end, many countries around the world, including the United States of America, were impacted by the coronavirus (the "virus" or COVID-19) outbreak. While the virus is continuing to evolve, its implications are triggering volatility in financial markets and a significant negative impact to the global economy. As a result, the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, and the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. At this time, the Company cannot quantify the extent of any market fluctuations that the virus may have on the Plan's financial information.

As a result of the COVID-19 pandemic, on March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law. The CARES Act includes certain relief provisions available to tax-qualified retirement plans and their participants. The Company is continuing to evaluate the relief provisions available to Plan participants under the CARES Act and evaluating provisions for implementation by the Plan.
