CDK GLOBAL, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
Year ended December 31, 2019

NOTE 1 - DESCRIPTION OF PLAN

The following description of the CDK Global, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that was established on October 1, 2014, covering eligible employees of CDK Global, Inc. (the Company or the Employer). The Company spun off from Automatic Data Processing, Inc. (ADP), and in connection with the spin-off, the accounts of eligible employees employed by the Company on October 1, 2014 were spun off from the Automatic Data Processing, Inc. Retirement and Savings Plan (ADP Plan) and transferred to this Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Each eligible employee will become a participant on the pay date next following the date of employment.

Each employee who was a participant in the ADP Plan as of September 30, 2014 and commenced employment with the Employer on October 1, 2014, became an eligible participant on October 1, 2014, without completing the eligibility requirements described above.

Contributions: Each year, participants may contribute up to 50% of eligible compensation, as defined in the Plan, subject to certain limitations. However, highly compensated employees will be limited to 12% of eligible compensation, as defined by the Plan, subject to certain limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Eligible employees are automatically enrolled at a 3% deferral rate, and they may elect to change or discontinue deferrals at any time.

Each participant who was automatically enrolled in the automatic contribution escalation feature under the ADP Plan on January 1, 2014, was an employee of ADP as of September 30, 2014, and who commenced employment with the Company on October 1, 2014 will have his or her automatic enrollment election under the ADP Plan's feature transferred from the ADP Plan to this Plan. The salary deferral percentage under this Plan will increase automatically by 1% each plan year on the anniversary of his or her enrollment in such feature under the ADP Plan, up to six percent of pay.

Each pay period, the Company makes matching contributions to the account of each eligible employee equal to \$0.70 for every dollar a participant contributes to the Plan, up to 6% of eligible compensation. The Company does not match contributions a participant makes during the first 6 months of employment. For employees hired after January 1, 2016, the 6-month requirement to receive the employer match is no longer applicable.

The Company will make a Non-Elective Contribution to the Plan equal to 2% of eligible compensation on behalf of eligible employees who satisfy the Non-Elective Contribution eligibility requirements on October 1, 2014, as described below. Non-Elective Contributions will not be made for longer than the five-year period beginning October 1, 2014 and ending on September 30, 2019. The CDK Global, Inc. Benefits Committee ("Committee") has the discretion to cease Non-Elective Contributions at any time during such five-year period beginning on October 1, 2014 and ending on September 30, 2019.

Employees are eligible to receive a Non-Elective Contribution each pay period if, on October 1, 2014, the employee (i) was at least age fifty as of October 1, 2014; (ii) had ten years of service as of October 1, 2014; (iii) had satisfied the Plan's eligibility requirements, and is thereby eligible to make salary deferrals, whether or not the employee executed or filed an election with the Committee; (iv) has not terminated employment with the Company, at any time, on or after October 1, 2014; and (v) is employed by the Company on the last day of the plan year.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) plan earnings, and is charged with his or her withdrawals. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their Salary Deferral Account, Roth Salary Deferral Account, Stock Sharing Account, Rollover Contribution Account, Non-Elective Contribution Account, and Qualified Non-Elective Contributions Account plus actual earnings thereon. Vesting in the Matching Employer Contribution Account, plus earnings thereon, is based on years of service. A participant is 100% vested after three years of credited service. All accounts of eligible Employees employed by the Company or an affiliate thereof on October 1, 2014 that were transferred from the ADP Plan to this Plan in connection with the spin-off of the Company from ADP, Inc. are fully vested.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum or a direct rollover to a qualified plan of a new employer or to a personal IRA. In certain circumstances, participants may make "hardship withdrawals" as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Notes Receivable from Participants: Participants may only have two outstanding loans at any time and may borrow from their fund accounts a minimum of \$1,000. The maximum amount a participant may borrow is the lesser of \$50,000 or 50% of their vested account balance, whichever is less. However, if a participant had an outstanding loan within the past twelve months, the \$50,000 is reduced by that amount. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate plus 1% as published in *The Wall Street Journal* as of the date the loan is granted. All loans are repayable through payroll deductions. Each loan must be entirely repaid within five years.

Forfeitures: Participant forfeitures of employer matching contributions are used to pay plan expenses or reduce matching employer contributions.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the plan agreement to discontinue contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions and earnings thereon.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great-West Trust Company, LLC, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

NOTES TO FINANCIAL STATEMENTS
Year ended December 31, 2019

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Self-directed Brokerage Accounts: Accounts primarily consist of mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchange (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts, are based on the net asset values per unit as reported by the fund managers as of the financial statement dates and recent transaction prices. The collective trusts provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Investments measured at fair value on a recurring basis are summarized below:

		Fair Value Measurements at December 31, 2019, Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated January 17, 2018 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

See accompanying notes to financial statements.

NOTE 8 - SUBSEQUENT EVENTS

Effective January 1, 2020, participants with salary deferral contributions or Roth salary deferral contributions of one percent or two percent of their compensation as of December 31, 2019, shall have their salary deferral contributions automatically increased as of the first payroll following January 1, 2020, or as soon as practicable thereafter, so that the total percentage of salary deferral contributions and Roth salary deferral contributions equals three percent of their compensation, provided such participants are notified of the automatic increase and do not opt out of such increase.

For plan years beginning on or after January 1, 2020, a participant who was an employee eligible to participate in the Plan as of the last day of the preceding plan year, and as of the date established by the Committee for the Plan Year, has a salary deferral contribution and/or Roth salary deferral contribution under which the total contribution percentage does not exceed nine percent of the participant's compensation, shall have his or her salary deferral contribution increased by one percent on the date designated by the Committee for such Plan year, provided the participant is notified of the Plan's automatic increase rules and does not opt out.

For plan years beginning on or after January 1, 2020, each Employer shall contribute with respect to each participant an amount equal to the following percentages based on the participant's salary deferral contributions and Roth salary deferral contributions: 100% of each participant's contributions to the extent such contributions do not exceed 1%, 70% of each participant's contributions to the extent such total contributions exceed 1% but do not exceed 3%, and 60% of each participant's contributions to the extent such total contributions exceed 3% but do not exceed 6%.

See accompanying notes to financial statements.

NOTE 8 - SUBSEQUENT EVENTS (Continued)

Beginning January 1, 2020, in-plan Roth conversions are permitted under the Plan. A participant may convert any portion of his vested account balance, other than amounts attributable to Roth salary deferrals and Roth rollovers, subject to conditions and limitations.

Effective January 1, 2020, participants who are eligible to make salary deferral contributions to the Plan shall be eligible to make after-tax contributions of 1% to 5% of compensation each plan year.

Beginning January 1, 2020, participants will be 100% vested in their employer matching contribution account after completing two years of service. Participants who cease to be employed prior to January 1, 2020 are 100% vested if they have completed three years of service.

Plan management has evaluated subsequent events for recognition and disclosure through October 14, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020 and declared a pandemic on March 11, 2020. As a result of the coronavirus, there has been a significant impact on the performance of the financial markets. The Plan has been materially impacted and there remains uncertainty as to the future impact on the Plan.
