Dot Foods, Inc. 401(k) and Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Dot Foods, Inc. (the "Company") 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company and affiliated employers. An employee is eligible to participate in the salary reduction arrangement as of the first day of the month immediately following the completion of sixty days of service and attaining the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed effective January 1, 1994 in conjunction with the amendment and restatement of the Dot Foods, Inc. Salary Reduction and Profit Sharing Plan (originally effective January 1, 1971) into two separate Plans. The Plan was amended and restated effective October 1, 2004 due to the merger of the Dot Foods, Inc. Profit Sharing Plan into the Plan.

Contributions

Each year, participants may contribute pretax and/or Roth deferrals of up to 50% of pretax annual compensation, as defined by in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated fund until changed by the participant. For participants who have one year of service, the Company contributes the greater of 1) 50% of the first 5% of each employee's compensation or 2) 50% of the employee contributions to the Plan up to the first $2,400. Participants direct the investment of their salary reduction contributions and their matching contributions into various investment options offered by the Plan. The Company may make additional contributions from time to time based on a percentage of compensation as determined at the option of the Company's board of directors. These additional contributions are invested in a portfolio of investments as directed by the Company. During the years ended December 31, 2019 and 2018, the Company made a profit sharing contribution of $12,066,732, and $10,511,414, respectively, to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loan fund. Loan terms range from 1-5 years or for a longer period as determined by the administrator for purchase of a primary residence. The loans are secured by the assignment of 50% of the borrower's vested account balance and bear interest at a rate determined by the administrator that is consistent with the provisions of the Internal Revenue Code, Regulations of the U.S. Department of Labor and other applicable legal requirements. Principal and interest are paid ratably through monthly payroll deductions.

1. **Description of Plan** (continued)

Payment of Benefits
On termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a stated period of time. If the participant's vested account balance is $1,000 or less, the benefits will be distributed in the form of a lump sum cash payment. For mandatory distributions greater than $1,000 but not exceeding $5,000, the participant's vested interest will be rolled over to a Wells Fargo IRA if the participant does not elect to have such distribution paid directly to an "eligible retirement plan" or to receive the distribution directly.

Forfeited Nonvested Accounts
The amount of forfeited nonvested accounts for the years ended December 31, 2019 and 2018 was $373,265 and $165,683, respectively. The forfeited nonvested accounts may be used to pay administrative expenses, reduce employer match contributions, and to make additional discretionary nonelective contributions to the Plan. Forfeitures were used to pay plan expenses during the years ended December 31, 2019 and 2018, in the amount of $109,881 and $140,171, respectively. Forfeitures were used to pay additional discretionary nonelective contributions during the years ended December 31, 2019 and 2018, in the amount of $62,800 and $329,077, respectively. During the years ended December 31, 2019 and 2018, no forfeitures were used to reduce employer match contributions. The balance of the forfeiture account at December 31, 2019 and 2018 was $320,163 and $110,957, respectively.

Transfer In from Other Plans
Effective December 31, 2019, all the assets of Grabber Construction Products, Inc. 401(k) Plan and TAGG Logistics, LLC 401(k) Plan were initiated for transfer in to the Plan. The receivable totaling $26,210,679 is comprised of $24,048,994 for the assets of Grabber Construction Products, Inc. 401(k) Plan and $2,161,685 for the assets of TAGG Logistics, LLC 401(k) Plan.

2. **Summary of Significant Accounting Policies**

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note (4) for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits
Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued. Effective January 1, 2020, the Plan was amended to change the plan name to Dot Holdings Co 401(k) and Profit Sharing Plan and the plan sponsor to Dot Holdings Co.

The COVID-19 pandemic during 2020 has significantly disrupted financial markets, economies and other events subsequent to December 31, 2019. As noted in Note 10, investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits. The Plan has implemented certain requirements and optional features by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act). Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

3. Summary of Financial Data Certified by the Trustee

The Plan received from the bank/trust company, Wells Fargo Bank, N.A., for the years ended December 31, 2019 and 2018 certification of financial information and data in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The data certified as complete and accurate by Wells Fargo Bank, N.A. includes financial information reflected in the Statements of Net Assets Available for Benefits at December 31, 2019 and 2018 and the Statements of Changes in Net Assets Available for Benefits for the years then ended, as summarized below:

	2019	2018
Investments at fair market value	$ 360,938,452	$ 283,365,399
Net appreciation (depreciation) in fair value of investments	57,868,878	(24,057,154)
Dividend income	7,166,516	5,997,536

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

4. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund
A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchased and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2019 and 2018:

	Total	Level 1	Level 2	Level 3
December 31, 2019				
Mutual funds	$ 340,254,431	$ 340,254,431	$ -	$ -
Investments measured at net asset value*	20,684,021	-	-	-
Investments at Fair Value	$ 360,938,452	$ 340,254,431	$ -	$ -
December 31, 2018				
Mutual funds	$ 268,123,462	$ 268,123,462	$ -	$ -
Interest-bearing cash	2	2	-	-
Investments measured at net asset value*	15,241,935	-	-	-
Investments at Fair Value	$ 283,365,399	$ 268,123,464	$ -	$ -

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

4. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
December 31, 2019				
Stable value collective trust funds	$ 20,684,021	n/a	Daily	12 months
December 31, 2018				
Stable value collective trust funds	$ 15,241,935	n/a	Daily	12 months

6. Plan Expenses

The detail for plan expenses for the years ended December 31, 2019 and 2018 are summarized below:

Recordkeeping fees	366,020	329,545
Investment advisory and management fees	76,689	75,000
Other fees	31,454	53,521
	$ 490,063	$ 473,916

7. Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Wells Fargo. Wells Fargo Bank, N.A. is the trustee as at December 31, 2019 and 2018, as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Direct fees paid by the Plan to Wells Fargo Bank, N.A. for recordkeeping services were $366,020 and $329,545 for the years ended December 31, 2019 and 2018, respectively.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Tax Status

The Plan is operating under a prototype plan of Wells Fargo Bank N.A., which was adopted during the 2009 Plan year. The prototype plan obtained its latest opinion letter on March 31, 2008 in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been restated since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

11. Reconciliation of Financial Statements to Form 5500

The Form 5500 does not include the transfer in from other plans, as described in Note 1, totaling $26,210,679 for the year ended December 31, 2019. The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2019 and 2018, to Form 5500:
