INOAC USA 401(k) Savings Plan

Notes to Financial Statements

December 31, 2019

1. Description of the Plan

The following description of INOAC USA 401(k) Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan documents for a more complete description of the Plan’s provisions.

General

Effective April 1, 2011, the Plan was amended and changed its name from INOAC Automotive, LLC 401(k) Savings Plan. On April 1, 2011 and August 1, 2011, Crest Foam Savings Plan (the “Crest Plan”) excluding Union 401(k) Plan and INOAC USA, Inc. Retirement Savings Plan (the “INOAC Retirement Plan”), respectively, joined the Plan. On October 1, 2014, INOAC Interior Systems L.L.C. (“IIS”) began participating in the Plan and started making contributions from January 1, 2015. At the time of participation by the IIS employees, all IIS employees were fully vested. On January 26, 2016, Crest Foam Industries Inc. Union 401 (k) Plan merged with the Plan and transferred approximately \$476,000 to the Plan. On February 23, 2018, Crest Foam Industries Incorporated left the Plan and simultaneously transferred approximately \$2,088,000 out from the Plan.

The Plan is a defined contribution plan covering all employees of INOAC Group North America, L.L.C., INOAC USA Inc., INOAC Packaging Group, Inc., and INOAC Interior Systems L.L.C. (collectively the “Company,” “Employer” or the “Plan Sponsor”). Contributions to the Plan are authorized under Section 401(k) of the Internal Revenue Code (the “Code”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan is established to encourage long-term savings and provides additional funds to participants for their retirement. The Employee Benefits Committee (the “Committee”) of the Plan is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Employee Benefits Committee.

Trust Agreement

Ascensus Trust Company is the trustee of the Plan (the “Trustee”), and Ascensus Inc. provides record-keeping and administrative services for the Plan (“Ascensus”).

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Investments

Participants direct the investment of their contributions into various mutual funds and cash equivalents offered by the Plan as investment options for participants. Participants may change investments and transfer amounts between funds daily.

Eligibility

All employees will be eligible for deferral contributions to the Plan and the Company matching contribution and will be automatically enrolled in the Plan on the first of the month following their hired date if they don't sign a waiver. All participants are eligible for the Company's discretionary profit sharing contribution during the Plan year.

Contributions

Each year, each eligible employee (the "participant") may contribute up to 100% of pretax annual compensation, as defined by the Plan, limited to a maximum of \$19,000 in 2019. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes an amount equal to 50% of a participant's contribution up to a maximum of 6% of the participant's compensation, as defined by the Plan (the "Matching Contribution"). In addition, the Company may contribute an amount to be determined from year to year at the discretion of each participating employer on a separate basis to the Plan (the "Profit Sharing Contribution"). During the year ended December 31, 2019, no Profit Sharing Contribution was made.

Notes Receivable from Participants

A participant may borrow from a minimum of \$1,000 up to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan repayment terms range from 1 to 5 years, but a longer repayment term of up to 15 years is allowed to purchase a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by Ascensus, in accordance with the Plan documents. Principal and interest are paid ratably through payroll deductions. As of December 31, 2019, interest rates ranged from 4.25% to 6.50% with maturities up to year 2032.

INOAC USA 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

Upon termination of employment, a participant will receive a lump-sum amount equal to the vested portion of the account. Upon retirement, death while being an employee of the Company or disability while being a participant of the Plan, a participant or designated beneficiary will be entitled to all of the participant's account balance. A participant who terminates employment for any reason other than death may elect to have the funds remain in the Plan or have the balance in its account transferred to another plan approved under Section 401(a) of the Code of 1986. A participant with a vested account balance of less than \$5,000 may receive a single lump-sum payment.

Vesting

Participants are fully vested immediately in their contributions plus actual earnings thereon. The vesting percentages in the participants' accounts attributable to the Matching Contribution and the Profit Sharing Contribution are shown in the following Schedule:

Participant's Years of Service	Employer's Matching Contribution Percent Vested	Employer's Profit Sharing Contribution Percent Vested
Less than one year	0%	0%
One year	20%	20%
Two years	60%	60%
Three years	100%	100%

In addition to the above vesting Schedule, all participants age 59-1/2 and above are 100% vested in the Matching Contribution and the Profit Sharing Contribution.

Participant Accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Matching Contributions, (c) the Profit Sharing Contribution, and (d) Plan's earnings and losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INOAC USA 401(k) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeited Accounts

The non-vested portion of a terminated participant's account balance remains in the Plan and is called a forfeiture. At December 31, 2019 and 2018, there were forfeited non-vested account balances of approximately \$176,000 and \$170,000, respectively. Forfeitures attributable to the Profit Sharing Contributions are added to any employer discretionary profit sharing contributions. Forfeitures attributable to the Matching Contributions are used to reduce any matching contributions. No forfeitures were used to reduce the 2019 matching contributions and certain administrative expenses for the year ended December 31, 2019.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires Plan management to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment adviser and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

INOAC USA 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed excess deferral contributions of \$1,244 to the applicable participants for the year ended December 31, 2018 during 2019. There was no excess contributions payable for the year ended December 31, 2019.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company at its discretion as provided by the Plan document and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Total administrative expenses incurred by the Plan amounted to approximately \$50,000 during the year ended December 31, 2019.

INOAC USA 401(k) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

The Plan evaluated the subsequent events through October 9, 2020 (report date), the date that the financial statements were available to be issued. The Plan has determined that there are no subsequent events required to be recorded or disclosed, except for the matters disclosed in the paragraphs below.

The recent outbreak of the novel coronavirus COVID-19, which was declared a pandemic by the World Health Organization on March 11, 2020 and the effects of the global pandemic are still evolving. There has been an adverse effect on global and domestic financial markets, which may continue for an undetermined period. The Plan's Committee continues to monitor the impact of COVID-19. But, at the date of this report, it is too early to determine the full impact that this pandemic may have on the financial markets and economy that may eventually affect the Plan.

The Plan is in the process of operationally being amended to implement certain changes permitted by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), which laws change the Plan to, among others, suspend required minimum distributions, and delay the commencement date for required minimum distributions. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Recently Adopted Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-09, "Codification Improvements," which amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use net asset value ("NAV") per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable value exists or whether its investments qualify for the NAV per share practical expedient in accordance with Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." ASU No. 2018-09 was effective on January 1, 2019. The adoption of this ASU did not have any significant impact on the Plan.

3. Amounts Certified by Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following is summary of the unaudited information that was certified by the Trustee, as complete and accurate as of December 31, 2019 and 2018, and for the year ended December 31, 2019:

- Statements of Net Assets Available for Benefits — Investments of \$25,152,257 and \$19,997,122 as of December 31, 2019 and 2018, respectively, and notes receivable from participants of \$538,595 and \$516,882 as of December 31, 2019 and 2018, respectively.
- Statement of Changes in Net Assets Available for Benefits — Interest and dividends of \$325,376, interest income on notes receivable from participants of \$30,208 and net appreciation in fair value of investments of \$4,278,401 for the year ended December 31, 2019.
- Note 4— All investment balances and information in the note, excluding classification by level.
- Supplemental Schedule — Schedule of Assets (Held at End of Year) as of December 31, 2019.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

INOAC USA 401(k) Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs to the valuation methodology include: <ul style="list-style-type: none">a. Quoted prices for similar assets or liabilities in active markets;b. Quoted prices for identical or similar assets or liabilities in inactive markets;c. Inputs other than quoted prices that are observable for the asset or liability;d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Cash Equivalents: These largely consist of a short-term investment fund and a money market fund, the fair value of which is based on NAV. The investment objectives for these funds are to provide safety for principal, daily liquidity and a competitive yield by investing in high quality instruments.

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following tables set forth the Plan's assets at fair value, by level, within the fair value hierarchy as of December 31, 2019 and 2018:

<i>Assets at Fair Value as of December 31, 2019</i>				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 25,152,257	\$ —	\$ —	\$ 25,152,257
Total investments at fair value	\$ 25,152,257	\$ —	\$ —	\$ 25,152,257

<i>Assets at Fair Value as of December 31, 2018</i>				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 18,256,642	\$ —	\$ —	\$ 18,256,642
Cash equivalents	—	1,740,480	—	1,740,480
Total investments at fair value	\$ 18,256,642	\$ 1,740,480	\$ —	\$ 19,997,122

The valuation methods as described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Related Party Transactions and Party-in-Interest Transactions

Notes receivable from participants are considered party-in-interest transactions which amounted to \$538,595 and \$516,882 as of December 31, 2019 and 2018, respectively. Administrative expenses paid to Ascensus were \$49,617 for the year ended December 31, 2019. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Notes to Financial Statements (continued)

7. Tax Status

The Company has adopted a Prototype Non-standardized Plan maintained by Ascensus, the Parent Company of the Trustee. The Plan administrator intends to rely on the favorable opinion letter dated March 31, 2008 issued by the IRS for the Prototype Non-standardized Plan and does not intend to apply to the IRS for a separate determination letter. The Plan's Committee believes that the Plan and the trust established under the Plan meet the requirements of Section 401(a) of the Code and are exempt from Federal income tax under Section 501(a) of the Code. The Plan's Committee is not aware of any course of action or series of events that might adversely affect the Plan's qualifying status. The Plan has been amended since the last prototype letter was received; however, the Plan administrator continues to believe that the Plan is being operated in accordance with the Code.

U.S GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

8. Receivable from Qualified Non-Elective Contribution

The Company recorded approximately \$7,000 of contribution receivable from the Plan Sponsor at December 31, 2019 in connection with a Qualified Non-Elective Contribution ("QNEC"). IRS requires that all plans pass the nondiscrimination test for each plan year to maintain the tax-qualified plan status. At the December 31, 2019 plan year end, the Plan failed the Actual Deferral Percentage test as part of the nondiscrimination test. As a corrective action, the Plan Sponsor made the QNES in amount of approximately \$2,000 which is 100% vested. Moreover, the Plan missed certain participants' deferral contribution opportunities and underfunded certain participants' employer matching for the year ended December 31, 2019. The Plan Sponsor made the QNES in the amount approximately \$5,000 as a corrective action.
