NOTE A – PLAN DESCRIPTION

The following brief description of the Wire Experts Group, Inc., 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established January 1, 2000 and has been amended and restated throughout the years to comply with tax legislation. The Plan was last amended and restated effective January 1, 2020 to change the name of the Plan to Wire Experts Group, Inc. 401(k) Plan. The Plan covers all employees of Wire Experts Group, Inc. and participating employers, Pelican Wire Company, Precision Winding Technologies, Inc., Rubadue Wire Co., Inc. and Wire Experts Team, Inc. (collectively referred to as the Company), who have completed one year of service and are age 18 or older. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The trustees are responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings, monitoring investment performance, and reporting to the Board of Directors. The Plan was amended effective January 1, 2019 to add automatic enrollment. Subsequent to year end the Plan was amended to change the plan name to Wire Experts Group, Inc. 401(k) plan.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or after-tax Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may, at its discretion, elect to make a qualified matching contribution to the Plan. The Company may also elect to make additional discretionary contributions up to the maximum dollar limitations set forth by the Internal Revenue Service (IRS). In order for a participant to share in Company matching or additional discretionary contributions, they must complete 1,000 hours of service and be employed on the last day of the Plan year unless termination is due to death, disability, or retirement. No matching or additional discretionary contributions were authorized by the Company for the years ended December 31, 2019 and 2018.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

NOTE A – PLAN DESCRIPTION (continued)

Vesting

Participants are immediately 100% vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and discretionary profit sharing contributions, plus earnings thereon, is based on a graded vesting schedule. A participant is 100% vested after the completion of six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance for purposes as defined in the Plan. Loan transactions are treated as a transfer to (from) the investment fund (to) from the participant loan funds. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service, death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum distribution. Participants may receive in-service distributions of their account if they attain age 59 ½, subject to Plan provisions. The Plan permits hardship distributions from any source that is 100% vested. If a participant terminates employment and the participant's account balance was never greater than $1,000, the Plan administrator will authorize the benefit payment without the participant's consent. All mandatory distributions of participant accounts between $1,000 and $5,000 are required to be rolled over into an individual retirement account in the participant's name.

Forfeited Accounts

Forfeitures of unvested Company contributions are used to reduce future Company contributions to the Plan or to pay Plan expenses. There were no forfeitures used to reduce Company contributions for the years ended December 31, 2019 and 2018. There were no forfeited nonvested accounts at December 31, 2019 and 2018.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisor and insurance companies.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. If a participant ceases to make note repayments and the Plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded when the participant has a distributable event.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Costs

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Uncertain Tax Positions

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Uncertain Tax Positions (continued)

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a tax asset or liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE/CUSTODIAN (UNAUDITED)

As of December 31, 2019 and 2018, the following is a summary of the Plan's financial information and investments held by John Hancock Life Insurance Company (John Hancock), the insurance company, that is included in the financial statements based on information certified by the custodian, John Hancock Life Insurance Company (John Hancock), as complete and accurate in accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	2019		2018	
Description of Investment	Cost*	Market Value	Cost*	Market Value
Investment in pooled separate accounts		1,333,423		1,153,123
	$	$ 1,333,423	$	$ 1,153,123

* Cost information omitted for participant directed investments as allowed by ERISA

	2019	2018
Net appreciation (depreciation) in fair value of investments	$ 289,032	$ (79,368)
Other income	40	-
Total Investment Income	$ 289,072	$ (79,368)

NOTE D – FAIR VALUE MEASUREMENTS

Professional Accounting Standards have established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Professional Accounting Standards are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Pooled separate accounts (PSAs): Investments in pooled separate accounts are valued using the net asset value of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D –– FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of December 31, 2019:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	$ -	$ 1,333,423	$ -	$ 1,333,423
Total Assets at Fair Value	$ -	$ 1,333,423	$ -	$ 1,333,423

The following table sets forth by level, within the fair value hierarchy, the Plan's financial assets at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	$ -	$ 1,153,123	$ -	$ 1,153,123
Total Assets at Fair Value	$ -	$ 1,153,123	$ -	$ 1,153,123

NOTE E – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE G – PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated September 30, 2014, received from the Internal Revenue Service on the volume submitter plan indicating that the volume submitter plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax- exempt.

NOTE H – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan.

Certain Plan investments are contracts managed by John Hancock. John Hancock is the custodian of investments; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator fees amount to $10,083 and $12,331 for the years ended December 31, 2019 and 2018, respectively.

Merrill Lynch acts as an investment manager for the Plan. The Plan paid investment managements fees to Merrill Lynch in the amount of $4,698 for the year ended December 31, 2019.

NOTE I – NONEXEMPT TRANSACTIONS

During 2016, the Company failed to remit employee 401(k) deferral contributions for certain payroll periods within the time frame prescribed by the Department of Labor. This is deemed a prohibited transaction in accordance with ERISA and the IRC. The Employer took corrective action by depositing the contribution and lost earnings during 2018.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The Plan holds investments in pooled separate accounts, as classified in the financial statements herein. The pooled separate accounts did not file a Form 5500 for the direct filing entity; therefore, the underlying assets, which are deemed to be sub-accounts of the pooled separate account, have been reported on Form 5500, Schedule H as mutual funds.

NOTE K – SUBSEQUENT EVENTS

The Plan evaluated its December 31, 2019 financial statements for subsequent events through October 13, 2020, the date the financial statements were available to be issued. An outbreak of novel coronavirus, (COVID-19), was identified in China in late 2019 and subsequent to year-end, has been recognized as a global pandemic. In response to this outbreak, governments of many countries, states, cities and other geographic regions, including the United States, have taken preventative or protective actions, such as imposing restrictions on travel and business operations and advising or requiring individuals to limit or forego their time outside of their homes unless necessary. As a result, COVID-19 is having a broad impact on financial markets globally.

The extent of the impact of COVID-19 on operational and financial performance of the Plan will depend on certain developments, including the duration and spread of the outbreak and the impact on the plan sponsor, all of which are uncertain and cannot be predicted. The Plan is in the process of implementing risk mitigation tactics related to the risk of impact, if any, of COVID-19 as it relates to all aspects of the Plan's transactions with participants, the plan sponsor, and financial markets. The extent to which COVID-19 may impact financial condition or results of operations of the Plan is unknown at this time.
