Contributions

Participant Contributions. Participants may contribute 1% to 100% of their gross annual earnings, subject to certain limitations, to the Plan as tax savings contributions (up to the maximum amount allowed by Internal Revenue Service guidelines), where no federal or state income tax is paid on these amounts until they are distributed from the Plan to the participant.

Discretionary Profit Sharing Contributions. The Company may make discretionary profit sharing contributions to the Plan. The participant will share in the profit sharing contribution if the participant was employed during the plan year. The Company contributed 2% of each eligible participant's gross pay for the year ended December 31, 2019. Employer discretionary profit sharing contributions were \$228,543 for the year ended December 31, 2019.

Employer Matching Contributions. The Company makes contributions in an amount equal to 50% of the first 6% of salary deferrals, up to a maximum of 3.0% of salary each plan year.

The Plan has an automatic enrollment feature in which employees are automatically enrolled in the Plan upon meeting the eligibility requirements. The initial automatic enrollment contribution is 3% of eligible compensation per payroll period unless the employee elects a different contribution percentage or elects not to participate in the Plan. This feature also includes a catchup election, eligible for participants 50 or older during the calendar year, that allows the participant to increase his or her contribution during the period up to the maximum amount allowed by the Plan.

Vesting

Participants are immediately vested in their voluntary contributions, and actual earnings or losses thereon. Company contributions will be 25% vested after two years, 50% vested after three years, 75% vested after four years and 100% vested after five years. Upon normal retirement, early retirement, which is available once a participant attains age 55, disability or death, participants become 100% vested.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, plan earnings or losses and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms typically require payment within five years, unless the loan is taken for the purchase of a primary residence. The loans are secured by the balance in the participant's account. The loans bear interest at rates that are commensurate with local prevailing rates at the date of issuance, as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service, a participant with a vested account balance of \$5,000 or less may elect to receive a lump-sum distribution of cash equal to the vested value of his or her account. If no such election is made and the vested account balance is greater than \$1,000 and less than or equal to \$5,000, an automatic transfer of the balance will be rolled over to an IRA established in the name and for the benefit of the participant. If the vested account balance is \$1,000 or less, the account balance will be distributed to the participant. A participant with a vested account balance of \$5,000 or greater may elect to receive either a lump-sum distribution equal to the vested value of his or her account, transfer the vested value of his or her account into another eligible plan or annuity or maintain his or her account in the Plan. No payment of benefits shall be made until all unpaid loans of the participant have been paid in full.

Normal retirement under the Plan is defined as retirement from employment upon attaining age 65, although a participant may postpone retirement for Plan purposes. Retirement benefits equal to 100% of the participant's account balance are available when the participant dies or becomes disabled. Upon the death of a participant, the participant's benefit will be automatically paid to the participant's surviving spouse or to a designated beneficiary.

Disposition of Forfeitures

If a participant who is not fully vested terminates employment with the Company for any reason other than normal or early retirement, disability or death, the nonvested portion of his or her account is forfeited. Forfeited nonvested accounts totaled \$12,291 and \$465 at December 31, 2019 and 2018, respectively. These forfeitures will be used to reduce future Company contributions or pay administrative expenses of the Plan. There were no forfeitures used to reduce Company contributions during the year ended December 31, 2019.

Plan Administration

The general administration of the Plan and the responsibility of carrying out the provisions of the Plan are placed on the plan administrator who is appointed by the Company's Board of Directors. The plan administrator has appointed Bank of America, N.A. as trustee of the Plan to receive, invest and hold plan assets and to transfer amounts out of the trust fund to participants as determined by the provisions of the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements is as follows:

Basis of Presentation

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income (Loss) Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain other expenses incurred in connection with the general administration of the Plan are paid by the Company and are not recognized by the Plan. Investment-related expenses are included in net appreciation of fair value of investments.

NOTE C - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Lopez Foods, Inc. 401(k) Pension Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Federated Capital Preservation Fund - The Federated Capital Preservation Fund is a collective investment fund that primarily holds investments in fully benefit-responsive contracts, is valued at NAV. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2019			
	Level 1	Level 2	Level 3
Mutual funds	\$ 6,692,613	\$ -	\$ -
Investment measured at NAV			3,546,773

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by CFR 250.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Bank of America, N.A., the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Non-interest bearing cash, investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2019 and 2018.
- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- Schedule H, Part IV, Line 4i - Schedule of assets (held at end of year) as of December 31, 2019.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Included in administrative expenses are fees paid to Bank of America, N.A. for recordkeeping and custodial services. These fees qualify as exempt party-in-interest transactions under ERISA. Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE G - TAX STATUS

The Plan is based on a prototype plan, which has received an opinion letter from the Internal Revenue Service dated March 31, 2008 which stated the prototype plan is a qualified plan under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

Lopez Foods, Inc. 401(k) Pension Savings Plan

NOTES TO THE FINANCIAL STATEMENTS - CONTINUED

December 31, 2019 and 2018

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the future amounts reported in the statements of net assets available for benefits.

NOTE I - PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, although the Company has not expressed any intent to do so. On termination of the Plan, the plan administrator will liquidate all the assets held by the Plan. After payment of all expenses of liquidation, the assets will be distributed to the participants by the plan administrator in the manner and order set forth by ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

NOTE J - SUBSEQUENT EVENTS

The plan administrator has evaluated the Plan's December 31, 2019 financial statements for subsequent events through October 14, 2020, the date the financial statements were available to be issued, for potential recognition or disclosure in these financial statements.

In March 2020, an outbreak of coronavirus ("COVID-19") occurred globally causing significant fluctuations in financial markets. The extent of the impact of COVID-19 on the Company's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak. The impact on the Plan's investments and the amounts reported in the 2019 Statement of Net Assets Available for Benefits is uncertain and cannot be determined at this time.

On March 27, 2020 Congress signed the Coronavirus Aid, Relief, and Economic Security Act, also known as the CARES act. The CARES act took immediate effect and contains several provisions that temporarily impact 401(k) plans, including a new hardship withdrawal option and a loan payment deferral option. The Plan elected to permit the loan repayment deferral option, which allows for delay of up to one year for outstanding loans that have a repayment date due from March 27, 2020 to December 31, 2020, including repayments due on separation from service.
