(1) Description of Plan

The following description of the Vi Retirement Plan (the Plan) (formerly known as the Classic Residence by Hyatt Retirement Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan was adopted on January 1, 1990.

(a) General

The Plan is a defined-contribution plan sponsored by Classic Residence Management Limited Partnership and affiliated participating corporations (the Plan Sponsor) and covers substantially all employees who have attained age 21 and completed two months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Plan Sponsor is responsible for oversight of the Plan. The Retirement Committee of the Board of Directors determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors.

(b) Payment of Benefits

In the event of a participant's termination of employment by reason of voluntary or involuntary severance of employment, death, disability, or retirement, the participant shall be immediately entitled to their benefits under the Plan. For account balances exceeding $5,000, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participants assumed life expectancy. For account balances less than $5,000, a participant may receive the value of the participant's vested interest in his or her account as a lump sum distribution. Benefits are recorded when paid.

(c) Vesting of Benefits

Participants are immediately vested in their contributions, employer contributions, and rollover account balances plus actual earnings thereon.

(d) Contributions

Eligible participants can enroll in the Plan once age and service requirements are met. Plan participants may contribute up to 50% of pretax annual compensation, as defined in the Plan, or the Internal Revenue Service (IRS) limits of their compensation for each regular pay period. The limit for total participant contributions under IRS limits is $19,000 for 2019. The percentage election is made at the time of enrollment into the Plan, but may be changed or discontinued at any time. Effective January 1, 2005, employer-matching contributions are equal to 100% of the first 4% of an employee's elective contribution. For every dollar in excess of 4% of a participant's salary and limited to 6% of a participant's salary, the employer matches each participant's contribution in an amount equal to 50% of the participant's deferral.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employers' contributions and (b) plan earnings. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years, or up to 20 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Interest rates on participant loans range from 5.25% to 7.50% at December 31, 2019 and mature through December 2, 2039. Principal and interest are paid ratably through monthly payroll deductions and are credited to participants' accounts at that time. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. At December 31, 2019, deemed loans totaled $126,091.

(g) Administrative Expenses

Plan administrative expenses are charged across all participant accounts.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investments Valuation and Income Recognition

The investments of the Plan are held in trust by Wells Fargo Bank N.A. (the custodian of the Plan) and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(3) Information Certified by the Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest income on notes receivable from participants, and dividend income for the year ended December 31, 2019 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the custodian, Wells Fargo Bank N.A.

(4) Related-Party Transactions and Party in Interest Transactions

Certain plan investment options are managed by the custodian of the Plan whereby these transactions qualify as party in interest. Fees charged to the Plan by the custodian during the year ended December 31, 2019 were $172,290.

(5) Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(6) Fair Value Measurements

The Plan applies the provisions of ASC Subtopic 820-10, *Fair Value Measurements and Disclosures – Overall*, for fair value measurements of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements on a recurring basis. ASC Subtopic 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access the measurement date.

Level 2 – inputs are observable inputs to the valuation methodology other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant inputs for the asset or liability.

(Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective fund: Valued at the NAV of shares held by the Plan at year-end at the closing price reported in the active market in which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Mutual funds	$ 84,657,628	84,657,628		
Common collective funds	14,903,441	14,903,441		
Investments at fair value	$ 99,561,069	99,561,069	—	—

	Total	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Mutual funds	$ 65,150,395	65,150,395	—	—
Common collective funds	14,493,339	14,493,339	—	—
Investments at fair value	$ 79,643,734	79,643,734	—	—

(7) Tax Status

The Plan received an IRS determination letter dated March 31, 2014 related to the Plan prototype, indicating that it is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the Plan is exempt from tax under Section 501(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risk such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Subsequent Events

In March 2020, the COVID-19 pandemic has resulted in significant volatility in the global financial markets. As a result, the Plan's investments have incurred significant volatility in their fair value since December 31, 2019. The impact of the COVID-19 pandemic on companies continues to evolve rapidly and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

Given the COVID-19 pandemic there has been instability in the global economy and financial markets. The extent to which COVID-19 impacts the Plan's financial position will depend on future developments, which are highly uncertain and cannot be predicted with confidence, including the scope, severity and duration of the pandemic, the actions taken to contain the pandemic or mitigate its impact, and the direct and indirect economic effects of the pandemic and containment measures, among others.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act allows eligible plan participants to request penalty-free distributions of up to $100,000 before December 31, 2020 for qualifying reasons associated with the COVID-19 pandemic, permits increasing the limit for plan loans, a new hardship withdrawal option, permits suspension of loan payments due for up to one year, and permits individuals to stop receiving 2020 required minimum distributions. The Plan has adopted certain relief provisions included in the CARES Act.

The Plan has evaluated subsequent events as of the statements of net assets available for plan benefits date of December 31, 2019 through October 13, 2020, which was the date the financial statements were available to be issued.
