INDEPENDENT AUDITORS' REPORT

The Trustees of Good Earth Natural Foods 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Good Earth Natural Foods 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2019 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Matrix Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2019 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 9 to the financial statements, subsequent to year end, there was an outbreak of the novel coronavirus (COVID-19) pandemic which impacted the financial markets and the global economy. The outbreak of COVID-19 on the Plan's net assets available for benefits and changes in net assets available for benefits and its duration cannot be reasonably estimated at this time. Our opinion is not modified with respect to that matter.

Other Matter

The supplemental schedule: Schedule H, Part 4, Item 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

GOOD EARTH NATURAL FOODS
401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2019

NOTE 1 – SUMMARY OF PLAN PROVISIONS

The following description of the Good Earth Natural Foods 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and is exempt from federal income tax under Section 501(a) of the Code, and from applicable state tax, as state law conforms to the Code. The Plan operates under a prototype plan of its administrator, ePlan Services, which has received a favorable opinion letter dated March 31, 2014. The Plan was agreed upon and accepted between Good Earth Natural Foods and ePlan Services on October 30, 2018 for an initial effective date of January 1, 2019.

The prototype plan was amended on July 19, 2017 to allow forfeitures to be used reduce employer contributions that are Qualified Nonelective Contributions (QNECs), Qualified Matching Contributions (QMACs), and ADP Safe Harbor. Contributions made with forfeited funds are fully vested only when allocated, not made. Additionally, on November 18, 2019, effective December 31, 2018, the Plan adopted updated hardship distribution provisions. Hardship distributions will not require termination of deferrals. All participant accounts are available for hardship distribution and earnings on deferrals may be withdrawn. Hardship needs include residential casualty losses and disaster losses.

The Plan is a defined contribution plan covering employees of Good Earth Natural Foods (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows for participation after one year of service and requires a minimum age of 21.

Matrix Trust Company, the custodian, holds the Plan's assets and income in accordance with an agreement. An administrative committee appointed by the Board of Directors of the Company administers the Plan.

Contributions – Under the 401(k) portion of the Plan, eligible employees may contribute up to statutorily permitted amounts of pretax annual compensation as defined in the Plan per Internal Revenue Code section 402(g). Employees may also contribute Roth deferrals that are amounts subject to income taxes in the year of deferral. The maximum deferral was $19,000, for 2019. Individuals reaching the age of 50 during the year may defer an additional $6,000 for 2019 as a "catch-up" contribution. Participants may also rollover distributions from other qualified defined benefit or contribution plans. Rollovers are included as participant contributions in the Statement of Changes in Net Assets Available for Benefits. There were no rollovers for 2019.

The Company contributes a safe-harbor matching contribution of: a) 100% of an employee's deferral up to 3% of their eligible wages; b) 50% employee of deferrals between 3% and 5% of compensation with a maximum matching contribution of 5% of eligible wages. The Company, at its discretion, may also make profit sharing contributions each year.

NOTE 1 – SUMMARY OF PLAN PROVISIONS (CONT.)

Participant Accounts – Participants may direct contributions and any related earnings into 20 funds plus 10 target retirement fund investment options in 1 percent increments. Participants may change their investment allocation as often as they wish.

Forfeiture Accounts – Forfeitures attributable to profit sharing contributions are used to reduce administration fees. There were no unallocated forfeiture balances as of December 31, 2019.

Vesting – Participants are immediately vested in their contributions and safe-harbor match plus actual earnings thereon. Vesting in the Company's nonelective profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

A participant vests according to the following 6-year graded schedule:

0-1 year – 0%
2 years – 20%
3 years – 40 %
4 years – 60%
5 years – 80%
6 years – 100%

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of income and expense are based on the proportion that each participant's account balance bears to the total of all participants' account balances.

Payment of Benefits – Upon retirement, termination of employment, death, or disability, vested benefits are paid to participants or their beneficiaries in a lump sum. If a participant is terminated for any reason other than death, total disability, or normal retirement, the vested portion of the participant's account balance becomes payable at the earliest administratively feasible date following separation from service. In addition, hardship distributions are permitted if certain criteria are met.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting.

Investments – Registered investment companies are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year-end.

Income Recognition – Interest and dividend income is recorded as earned on the accrual basis.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Net Appreciation or Depreciation in Fair Value of Investments – Net realized and unrealized appreciation or depreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of the financial statements in conformity with generally accepted accounting principles requires the Plan's Trustees to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

New Accounting Pronouncements – In January 2016, the FASB issued Accounting Standards Update No. 2016-01 on Recognition and Measurement of Financial Assets and Liabilities ("ASU 2016-01"). The guidance removes the requirement for employee benefit plans to make disclosure related to the fair value of financial instruments not recorded at fair value. The guidance is effective for fiscal years beginning after December 15, 2018. The Plan adopted this guidance effective January 1, 2019. For the year ended December 31, 2019 there was no impact to the Plan's financial statements since all investments have a readily determinable fair value.

In August 2018, the FASB issued Accounting Standards Update No. 2018-03 on Technical Corrections and Improvements to Financial Instruments ("ASU 2018-03"), which amends certain fair value disclosure requirements. The guidance removed the requirement to disclose the amount or and reasons for transfers between Level 1 and Level 2 of the fair value hierarchy as well as the policy of timing of the liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. It also clarified the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. The guidance is effective for fiscal years beginning after December 15, 2019, with early adoption permitted. The Plan early adopted the guidance effective January 1, 2019, there was no impact to the Plan's financial statements.

NOTE 3 – INCOME TAX STATUS

The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 4 – INFORMATION CERTIFIED BY PLAN'S CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate.

	2019
Assets:	
Investments in registered investment companies, at fair value	$ 209,461
Cash, primarily in a brokerage account	2,584
	$ 212,045
Income:	
Net appreciation (depreciation) in fair value of	
Registered investment companies	$ 8,682
Interest and dividends	4,528
	$ 13,210

NOTE 5 – PARTY–IN–INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's Rules and Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others.

Fees of $904 were paid by the Plan to the custodian, Matrix Trust Company, for the administration of the Plan during the year ended December 31, 2019. Investment management fees and operating expenses charged to the Plan for investments are deducted from income earned on investments and are not separately reflected. Consequently, investment management fees and operating expenses paid to parties-in-interest are reflected as a reduction of investment return for such investments. The Company pays other expenses related to administering the Plan.

NOTE 6 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or 3 inputs for the periods presented.

The fair value of shares in registered investment companies are valued under Level 1 inputs, as described above, based on quoted net asset values of the shares as reported by the fund. The funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The funds held by the Plan are considered to be actively traded.

		Fair Value Measurement Using:
		Quoted Prices in Active Markets for Identical Assets
December 31, 2019	**Fair Value**	**(Level 1)**
Registered investment companies	$ 209,461	$ 209,461

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019 are reported in net appreciation in fair value of investments.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent to year end, there was an outbreak of the novel Coronavirus (COVID-19) which impacted the financial markets and the global economy. The outbreak of COVID-19 is still on-going and the extent of the impact of COVID-19 on the Plans' net assets available for benefits and changes in net assets available for benefits and its duration cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and plan loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the Plan Document. The Plan is currently evaluating the applicable relief provisions included in the CARES Act and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

The Plan administrator has performed its evaluation of subsequent events for the year ended December 31, 2019 through the issuance date of these financial statements, as of October 12, 2020 and has determined that there were no additional subsequent events requiring adjustment or disclosure to the financial statements.
