Report on the Financial Statements
We were engaged to audit the accompanying financial statements of Pursue Health, LLC Retirement Savings Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2019, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by American United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2019, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters
The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

The financial statements of Pursue Health, LLC Retirement Savings Plan as of and for the year ended December 31, 2018, were audited by HMWC CPAs & Business Advisors, who joined Eide Bailly LLP on July 20, 2020, and whose report dated October 14, 2019, expressed a disclaimer of opinion on those financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The following description of the Pursue Health, LLC Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

GENERAL

The Plan, which became effective on October 1, 2015, is a defined contribution plan covering substantially all employees of Pursue Health, LLC, and affiliated companies qualifying as members of a controlled group (collectively referred to as the Company and employer). During 2019, there were twenty-three affiliated companies participating in the Plan. Leased employees are excluded from participating in the Plan. Employees are eligible to participate having completed at least 3 months of service and are age 18 or older. Employees may enter the Plan on the first pay date immediately following the date the eligibility requirements are satisfied. The Plan has an automatic enrollment feature with a 3 percent pretax deferral. If no investment fund election is made by the participant, the automatic contributions will be invested into the appropriate target date fund. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS AND FUNDING POLICY

Participants may contribute up to 100 percent of their pretax annual compensation, or after-tax Roth contributions, subject to IRS limitations, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company may make a qualified-nonelective contribution to be allocated to participants. The contribution is determined at the discretion of the Company. There was no qualified-nonelective contribution for the year ended December 31, 2019.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, any employer qualified-nonelective contributions and an allocation of the Plan's earnings and losses, including administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are immediately vested in their contributions and any employer qualified-nonelective contributions. As such, all participants are 100% vested and there are no forfeitures.

INVESTMENT OPTIONS

Each participant directs contributions to his or her account among different investment options offered by the Plan. These investment options are comprised of pooled separate accounts and a stable value fund. Investment balance reallocations may be made at any time.

NOTE 1: DESCRIPTION OF PLAN, Continued

PAYMENT OF BENEFITS

Upon attainment of age 59 1/2, or termination of service, death, disability, or retirement, a participant may elect to receive a distribution equal to the value of the participant's vested interest in his or her account. Under certain circumstances, participants may make a financial hardship withdrawal. A terminated participant with an account balance of less than $1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between $1,000 and $5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow a minimum of $1,000, and up to a maximum equal to the lesser of $50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid through after-tax payroll deductions. Participants may only have one loan outstanding at a time.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

ADMINISTRATIVE EXPENSES

As permitted by the Plan document, certain expenses of maintaining the Plan are paid by the Plan and are charged to participants' accounts. The Plan's audit fees and certain recordkeeping fees are paid for by the Company. For the year ended December 31, 2019, expenses paid by the Company were approximately $9,000.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive guaranteed investment contract which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

POOLED SEPARATE ACCOUNTS

The pooled separate accounts are amounts allocated to variable investment accounts within an American United Life Insurance Company (AUL) separate account which is credited to a participant's account in the form of accumulation units. The value of an accumulation unit of any investment account is determined at the close of each business day and is directly related to the net asset value of the shares of the underlying investment adjusted for any dividends or distributions received by AUL and the daily equivalent of any fee charged by AUL pursuant to the contract. The value of each accumulation unit is published each business day. Each investment account is invested by AUL exclusively in shares of a specific mutual fund or other investment entities as directed by the contractholder. The Plan's pooled separate accounts are valued using the net asset value as a practical expedient, which is the price at which participants are able to initiate transactions. These funds have no redemption restrictions or unfunded commitments.

GUARANTEED INVESTMENT CONTRACT

The Plan's fully benefit-responsive guaranteed investment contract (AUL Stable Value Account) is backed by AUL's general account assets. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract can be subject to a market value adjustment upon contract termination. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value is equal to the principal balance plus accrued interest. As of December 31, 2019 and 2018, the investments in the AUL Stable Value Account are $155,333 and $139,828, respectively, and are included in the statements of net assets available for benefits under "Investment at contract value".

Interest rates are established and declared for new contributions that will be received in a calendar year. The rate is based on the return AUL expects on new investments made and held within the AUL general account, and will always equal or exceed the contractually guaranteed rate.

Certain events limited the Plan's ability to transact at contract value with AUL. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management and the Plan Administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

As of December 31, 2019 and 2018, the Plan's investments were held by American United Life Insurance Company. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investments:	2019	2018
Pooled separate accounts at fair value	$ 6,417,623	$ 3,211,954
Stable value fund at contract value	155,333	139,828
Total investments	$ 6,572,956	$ 3,351,782
Notes receivable from participants	$ 174,508	$ 161,295

Investment income:	2019
Net appreciation in fair value of investments	$ 926,431
Interest and dividend income	2,094
Net investment income	$ 928,525
Other income:	
Interest income on notes receivable from participants	$ 8,673

During 2019, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $926,431.

NOTE 4: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2019 and 2018:

Pooled separate accounts - Valued at fair value based on the NAV of the units held in the account. The NAV, as provided by the custodian is used as a practical expedient to estimate fair value. The NAV is based on the observable market prices of the underlying investments within the account less liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no restrictions on redemption by participants.

NOTE 4: FAIR VALUE MEASUREMENTS, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	2019			
Description	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments at net asset value (a)				6,417,623
Total investments at fair value				$ 6,417,623

	2018			
Description	Level 1	Level 2	Level 3	Total
Total investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments at net asset value (a)				3,211,954
Total investments at fair value				$ 3,211,954

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth the disclosure for the fair value measurement of investments that are measured at NAV per share (or its equivalent) as a practical expedient as of December 31, 2019 and 2018:

	Fair Value December 31, 2019	Fair Value December 31, 2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE 4: FAIR VALUE MEASUREMENTS, Continued

(I) Pooled separate accounts - asset allocation: This class consists of target-date portfolios which provide diversified exposure to stocks, bonds, and cash for those investors who have a specific date in mind for retirement. The investments seek high total return over time through a combination of capital appreciation and income. These portfolios aim to provide investors with an optimal level of return and risk, based solely on the target date. Management adjusts the allocation among asset classes to more-conservative mixes as the target date approaches, following a preset glide path.

(II) Pooled separate accounts - balanced: This class invests in a combination of common stock, preferred stock, bonds, and short-term bonds, to provide both income and capital appreciation while avoiding excessive risk. The purpose of balanced funds is to provide investors with both growth and income objectives, by investing in both stocks (for growth) and bonds (for income).

(III) Pooled separate accounts - bonds: This class invests in fixed income securities that have been determined to be appropriate for its investment goal, primarily seeking income or growth of income, with less emphasis on capital appreciation. Funds in this asset class vary greatly in their risk profiles. The issuer, credit quality of the underlying investments, and the average duration of the portfolio play important roles in determining the risk profile of the fund.

(IV) Pooled separate accounts - global/international: This class includes three main types of funds. International funds invest in stocks of companies outside of the United States. World Stock funds invest in stocks of companies in the United States and developed countries outside of the United States. Emerging Markets funds invest in securities of developing countries and demonstrate the greatest volatility of performance due to the unstable nature of their economies, political structures and currencies. The fund seeks long-term capital appreciation and growth.

(V) Pooled separate accounts - large cap: This class seeks long-term growth of capital and current income by investing primarily in stocks of larger, mature companies. The investment styles exhibited are value, growth and blend. Large value and growth portfolios invest primarily in big U.S. companies that are projected to grow faster than other large-cap stocks. Large blend portfolios are fairly representative of the overall U.S. stock market in size, growth rates and price.

(VI) Pooled separate accounts - mid cap: This class invests primarily in stocks of medium-sized companies. The investment styles exhibited are value, growth and blend. The investments seek a favorable total return, mainly through capital appreciation, primarily from equity securities. Mid cap value portfolios look for U.S. stocks that are less expensive or growing more slowly than the market. Mid cap growth portfolios target U.S. firms that are projected to grow faster than other mid-cap stocks, therefore commanding relatively higher prices. Mid cap blend portfolios invests in U.S. stocks of various sizes and styles, giving it a middle-of the-road profile.

(VII) Pooled separate accounts - small cap value: This class invests primarily in stocks of companies with smaller-market capitalization. The investment styles exhibited are value, growth and blend. The investments seek a favorable total return and capital appreciation. Small value portfolios invest in small U.S. companies with valuations and growth rates below other small cap peers. Small growth portfolios focus on faster growing companies whose shares are at the lower end of the market capitalization range. These portfolios tend to favor companies in up-and-coming industries or young firms in their early growth stages. Small blend portfolios favor U.S. firms at the smaller end of the market-capitalization range.

NOTE 4: FAIR VALUE MEASUREMENTS, Continued

(VIII) Pooled separate accounts - specialty: This class seeks long-term growth of capital and current income by investing in a specialized industry, such as real estate, technology or health. Real estate portfolios invest primarily in real estate investment trusts of various types. Technology portfolios buy high-tech businesses in the U.S. or outside of the U.S., mainly concentrating on computer, semiconductor, software, networking, and Internet stocks. Health portfolios focus on the medical and health-care industries, including companies in health care equipment and supplies, health care providers and services, biotechnology, and pharmaceuticals. All of the funds will invest at least 80% of its net assets in the funds of their specialized industry.

NOTE 5: INCOME TAX STATUS

The Plan has adopted a Volume Submitter Profit Sharing Plan with One America Financial Partners Inc., in which the Internal Revenue Service has determined by an advisory letter dated March 31, 2014, that the Plan is designed in accordance with applicable requirements of the Internal Revenue Code (IRC). Therefore, the income of the Plan is exempt from federal income taxes under Section 501(a) of the Code.

Subsequent to the issuance of this opinion letter, the Plan was amended. However, the Company and the Plan Administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and, therefore believe the Plan is qualified and related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7: PARTY-IN-INTEREST

Certain Plan investments are units of pooled separate accounts that are managed by OneAmerica Financial Partners, Inc. (OneAmerica) and a stable value fund contract that is managed by American United Life Insurance Company. OneAmerica is the Plan's third-party administrator and American United Life Insurance Company is the Plan's custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. As described in Note 1, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions.

NOTE 8: **PROHIBITED TRANSACTIONS**

During the year ended December 31, 2018, certain participant contributions were not remitted to the Plan in a timely manner resulting in prohibited transactions. In 2018, the total delinquent contributions, including participant notes receivable payments, were $390, and were fully corrected in 2019.

NOTE 9: SUBSEQUENT EVENTS

Subsequent to year-end, the United States and global markets experienced significant volatility in value resulting from uncertainty caused by the worldwide coronavirus pandemic. The Plan Sponsor is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of this volatility. The Plan's financial statements do not include adjustments to fair value that have resulted from this volatility.

The Company has evaluated subsequent events through October 13, 2020, the date that the financial statements were available to be issued.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
