INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Management of
The Glockner Chevrolet Company 401(k) Savings Plan
2901 US Route 23
Portsmouth, OH 45662

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Glockner Chevrolet Company 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3, 4, and 5, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2019 and 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2019, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE GLOCKNER CHEVROLET COMPANY 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1: DESCRIPTION OF THE PLAN

The following brief description of The Glockner Chevrolet Company 401(K) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan, sponsored by the Glockner Chevrolet Company (the “Company”) is a defined contribution 401(k) plan available to all full-time employees of the Company who have reached the age of 18, except for nonresident aliens, employees covered by a collective bargaining agreement, and employees whose regularly scheduled service is less than 1,000 hours in the relevant eligibility computation period. Eligible employees may participate the first day of the month following their date of employment. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administrator of the Plan – The asset trustee of the Plan at December 31, 2019 is Reliance Trust Company. The Plan is administered by the Company. ADP provided administrative services in 2019 and 2018.

Contributions and Vesting – Each year, participants may contribute up to the maximum percentage of their compensation allowable, not to exceed the limits imposed by the Internal Revenue Code (IRC). The Plan includes an automatic deferral increase annually by 1% until the participant meets a maximum deferral rate of 6%. Participants have the ability to opt out of this automatic increase provision at any time. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions that are determined annually on a discretionary basis. The participant must be employed on the last day of the Plan year and make elective deferrals to share in the matching contribution. This requirement is waived for participants who are not employed at the end of the year due to death, total or permanent disability, or retirement.

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service, as follows:

<u>Years of service</u>	<u>Vesting Percentage</u>
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Upon death, disability, or retirement, participants become 100% vested in their account.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Elections – Participant balances are invested, based on participants' instructions, in any of the various investment options selected by the participating company. The Plan offers various mutual funds. Participants may change their investment options electronically at any time.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 and the maximum amount that is the lesser of one-half the vested account balance or \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 1 percent above the prime rate, as defined. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount, substantially equal installments, or partial withdrawals. Distributions of amounts of \$5,000 or less do not require spousal consent and are only paid as lump-sums.

Benefits are recorded when paid.

Forfeitures – Forfeited non-vested amounts are applied to reduce administrative expenses of the Plan. If forfeitures exceed these expenses, the excess forfeitures are applied to reduce the Company's contributions for the plan year. At December 31, 2019, forfeited accounts totaled \$15,212.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Registered Investment Companies: Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Collective Trust Funds: Market value of units held in collective trust funds are determined daily by the trustee of the funds based on reported redemption values received from a third-party valuation service.

Fully Benefit-Responsive Investment Contracts: As described in the accounting guidance applicable to reporting of fully benefit-responsive investment contracts held by certain investment companies subject to the AICPA Investment Company Guide and defined contribution health and welfare and pension plans, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the applicable accounting guidance, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. The fair value is based on various valuation approaches dependent on the underlying investments of the contract.

The change in the difference between fair value (contract value for fully benefit-responsive investment contracts) and the cost of investments is reflected in the Statements of Changes in Net Assets Available for Benefits as a component of net appreciation in fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Gains or losses on sales of registered investments companies and collective trust funds are based on the average cost per share or per unit at the time of the sale. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses – Administrative fees and expenses and certain investment related services in excess of forfeitures may be paid by the Company or from Plan assets. Excess expenses not paid by the Company are charged directly to participant accounts and are included in administrative expenses.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Note 3: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Registered Investment Companies: Valued at the net assets value (“NAV”) of shares held by the plan at year end.

Common/Collective Trusts: Consists of KeyBank EB Managed Guaranteed Investment Contract Magic Fund and Invesco Stable Asset ADPZ Fund, which is valued based on their closing net asset value. The investments’ objective is the safety of principal and accumulated interest for participant initiated transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy defined above, the Plan's assets at fair value as of December 31, 2019 and 2018:

Note 4: COLLECTIVE TRUST FUND WITH FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan's investment in the KeyBank EB Magic Fund (Fund) as of December 31, 2019 and 2018, principally consists of fully benefit-responsive synthetic guaranteed investment contracts (GICs). At December 31, 2019 and 2018, the Plan's investment in the KeyBank EB Magic Fund had a fair value and a contract value of \$0 and \$442,439.

The Plan's investment in the Invesco Stable Asset Trust as of December 31, 2019, principally consists of fully benefit-responsive synthetic guaranteed investment contracts (GICs). At December 31, 2019 and 2018, the Plan's investment in the Invesco Stable Asset Trust had a fair value and a contract value of \$238,794 and \$10,738. The GIC investments held by the Fund represent arrangements, which guarantee a stated interest rate for the term of the contracts. Traditional GICs are unsecured, general obligations of insurance companies. The obligation is backed by the general account assets of the insurance company that writes the investment contract.

The interest crediting rate on the contract is typically fixed for the life of the investment.

Separate account GICs are investments in a segregated account of assets maintained by an insurance company for the benefit of the investors. The total return of the segregated account assets supports the separate account GIC's return. The credited rate on this product will reset periodically and it will have an interest rate of not less than 0%.

General fixed maturity synthetic GICs consist of an asset or collection of assets that are owned by the Fund and a benefit-responsive, book value wrap contract purchased for the portfolio. The crediting rate of the contract is set at the start of the contract and typically resets every quarter. The initial crediting rate for the contract is established based on the market interest rates at the time the initial asset is purchased and it will have an interest crediting rate of not less than 0%. Constant duration synthetic GICs consist of a portfolio of securities owned by the Fund and a benefit-responsive, book value wrap contract purchased for the portfolio. The crediting rate on a constant duration synthetic GIC resets every quarter based on the book value of the contract, the market yield of the underlying assets, the market value of the underlying assets, and the average duration of the underlying assets. The initial crediting rate for the contract is established based on the market interest rates at the time the underlying portfolio is first put together and it will have an interest crediting rate of not less than 0%.

The average market yield of the KeyBank EB Magic Fund for 2019 and 2018 was 2.42% and 2.21%. This yield is calculated based on actual investment income from the underlying investments for the last month of the year, annualized and divided by the fair value of the investment portfolio on the respective balance sheet date. The average yield of the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund was 2.38% and 2.18% for 2019 and 2018.

The average market yield of the Invesco Stable Asset Trust for 2019 was 2.18%. This yield is calculated based on actual investment income from the underlying investments for the last month of the year, annualized and divided by the fair value of the investment portfolio on the respective balance sheet date. The average yield of the Trust, with an adjustment to reflect the actual interest rate credited to participants in the Trust was 2.53% for 2019.

Note 5: INVESTMENTS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Reliance Trust Company at December 31, 2019 and 2018, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule of assets held at end of year. The information certified by the trustee comprises "Investments" as presented on the Statement of Net Assets Available for Benefits.

The trustee also certified to the completeness and accuracy of \$1,872,181 of net appreciation in fair value of investments and \$518,373 of interest and dividend income related to the aforementioned investments for the year ended December 31, 2019.

During 2019, the Plan's investments in mutual funds and GICs (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,872,181.

Note 6: RELATED PARTY TRANSACTIONS

The Plan sponsor, The Glockner Chevrolet Company, provided other administrative services at no cost to the Plan for the years ended December 31, 2019 and 2018.

Note 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants are 100% vested in their accounts.

Note 8: TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or DOL. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, market, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10: SUBSEQUENT EVENT

On March 11, 2020, the World Health Organization characterized coronavirus (COVID-19) as a pandemic, and on March 13, the President of the United States declared a national emergency relating to the disease. In addition to the President's declaration, state and local authorities have recommended social distancing and have imposed quarantine and isolation measures on large portions of the population, including mandatory business closures. These measures are designed to protect the overall public health, however are expected to have material adverse impacts on domestic and foreign economies and may result in the United States entering a period of recession.

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits, as mentioned above. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic will have.

The Plan did not have any other recognized or nonrecognized subsequent events that need to be recorded or disclosed. Management has evaluated subsequent events through the date of the auditors' report, which is the date the financial statements were available to be issued.
