INDEPENDENT AUDITORS' REPORT

October 14, 2020

Plan Administrator
The Toledo Zoological Society
Employees Retirement Plan
Toledo, Ohio**Report on the Financial Statements**

We were engaged to audit the accompanying financial statements of *The Toledo Zoological Society Employees Retirement Plan* (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 2, which was certified by Voya Retirement Insurance and Annuity Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and notes receivable from participants, and executes the related transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2019 and 2018, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplemental Schedules

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2019, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Report of Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE TOLEDO ZOOLOGICAL SOCIETY EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of *The Toledo Zoological Society Employees Retirement Plan* (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Description of the Plan

General

The Plan is a defined contribution plan which provides eligible employees of *The Toledo Zoological Society* (the “Society”) with retirement and death benefits. Eligible employees are those who are 21 or older and are not in one of the following categories; presently participating in the State of Ohio Public Employees’ Retirement System, or working on a seasonal or contingent basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Risks and Economic Uncertainties

The Plan invests in various investment securities including mutual funds and investment contracts with insurance companies. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of interest rate, market, and credit risks inherent with certain of the Plan’s investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

On March 11, 2020, the World Health Organization categorized Coronavirus Disease 2019 (“COVID-19”) as a pandemic, and on March 13, the President of the United States declared the global outbreak a national emergency. In addition, state and local authorities have required or recommended social distancing and have imposed quarantine and other isolation measures on large portions of the domestic population, including mandatory business closures. These measures, designed to protect the overall public health, have had and are expected to continue to have material adverse financial and other impacts on world economies.

As a result of the COVID-19 pandemic, there has been heightened market risk and volatility experienced in the financial markets. During this time, because of the uncertainty in financial and other markets associated with the pandemic, it is difficult to fully assess or predict the impact brought by, and the duration of, the pandemic. The longer-term economic effects will depend on future developments that are highly uncertain. As such, Plan management is unable to estimate the impact the current environment will have on participants’ account balances, and the investment amounts reported in the Plan’s statements of net assets available for benefits and changes in net assets available for benefits.

Contributions

Participants may contribute a percentage of their pretax eligible compensation, as defined in the Plan agreement, subject to the dollar amounts permissible under the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows participants to make rollover contributions from other qualified retirement plans.

THE TOLEDO ZOOLOGICAL SOCIETY EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

Participants are eligible for Society contributions after completion of one year of service and reaching age 21. Entry dates for Society contributions are the first day of the month immediately following the date the employee meets the eligibility criteria. The Society makes discretionary matching contributions of 100% of each participant's eligible compensation deferrals up to 3.00% for salaried employees and 2.00% for employees who are part of a collective bargaining agreement. In 2019, the Society also made discretionary contributions of 4.00% for salaried employees and 3.00% for employees who are part of a collective bargaining agreement. In 2018, the Society made discretionary contributions of 3.50% for salaried employees and 2.50% for employees who are part of a collective bargaining agreement.

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and an investment account with an insurance company, Voya Retirement Insurance and Annuity Company ("VRIAC"), as investment options for participants. Contributions are subject to certain IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Society's discretionary matching contribution (when made), and an allocation of the Society's discretionary contribution (when made). Plan earnings are credited to each participant's account based on the performance of the investment options selected by the participant. Participant accounts are also charged with an allocation of administrative expenses, if any. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. Participants who initiate a loan are charged a fee for that transaction. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are fully vested in their account balances at all times.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participants' account balance or \$50,000 reduced by the excess of the highest amount of outstanding notes receivable from the participant for the previous 12-month period over the outstanding balance of notes from the participant on the date the new note is issued. The notes receivable are secured by the balance in the participant's account and bear interest at the prime rate, at the time the notes are issued, plus 1%. The note term may not exceed 5 years unless the note is used to acquire a principal residence, in which case the term may not exceed 20 years. A participant is limited to requesting only one note during any 12-month period.

Principal and interest are paid directly to the custodian by the participant. As the notes receivable are repaid, the amounts are allocated to the investment funds according to the participant's most recent election with respect to current contributions.

THE TOLEDO ZOOLOGICAL SOCIETY

EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account, annual installment payments, or an annuity, as defined by the Plan agreement. If the participant's account balance is \$1,000 or less, payment will be made in an immediate lump-sum without the participant's consent. The Plan also permits withdrawals of active participants' account balances, only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Society, as provided by the Plan document. Certain administrative expenses, including an allocation of salaries related to Plan administration, and audit and legal costs, are paid by the Society and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Expenses that are paid directly by the Society are excluded from these financial statements. Fees for custodial, record keeping, and investment management services are paid by the Plan. Participants are charged directly for loan fees.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the contracts.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

THE TOLEDO ZOOLOGICAL SOCIETY

EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of fair value of investments includes the Plan's aggregate gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, such management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the Plan Administrator deems the note receivable to be in default, the participant note receivable is reduced and a benefit payment is recorded.

Contributions

Participant contributions are recorded when withheld from compensation. The Society's contributions are recorded in the period in which they became obligations of the Society.

Benefits Paid to Participants

Benefit payments to participants are recorded when paid.

New Accounting Pronouncement

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2018-13, *Fair Value Measurement (Topic 820), Disclosure Framework - Changes to the Disclosure Requirements for Fair Value Measurement*. The standard is effective for fiscal years beginning after December 15, 2019. The amendments modify the disclosure requirements on fair value measurements in FASB Accounting Standards Codification 820. Management continues to evaluate the impact of the adoption of ASU 2018-13 and its potential effect on the Plan's financial statement disclosures.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2019, the most recent statement of net assets available for benefits presented herein, through October 14, 2020, the date these financial statements were available to be issued. No such significant events or transactions were identified other than risks and economic uncertainties disclosed above and those included in Note 9.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, VRIAC, as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2019 and 2018, (2) the December 31, 2019, schedule of assets (held at end of year), (3) the related investment activity reflected in the statements of changes in net assets available for benefits during 2019 and 2018, and (4) the information presented in Note 4. VRIAC has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2019 and 2018.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of each asset or liability within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodology used at December 31, 2019 and 2018.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end and are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, then divided by the number of shares outstanding. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price and, therefore, are deemed to be actively traded.

THE TOLEDO ZOOLOGICAL SOCIETY EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2019	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,779,707	\$ -	\$ -	\$ 15,779,707
Total investments at fair value	\$ 15,779,707	\$ -	\$ -	\$ 15,779,707

2018	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,149,606	\$ -	\$ -	\$ 12,149,606
Total investments at fair value	\$ 12,149,606	\$ -	\$ -	\$ 12,149,606

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers of assets between levels during 2019 and 2018.

4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a traditional fully benefit-responsive investment contract with VRIAC, who maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 3.00%. The crediting rate is reviewed on a quarterly basis for resetting. As of December 31, 2019 and 2018, the VRIAC fixed account had a crediting interest rate of 3.00%. The contract cannot be terminated before the scheduled maturity date.

THE TOLEDO ZOOLOGICAL SOCIETY EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the contract. Contract value, as reported by VRIAC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include:

- 1) Amendments to the Plan's documents (including complete or partial plan termination or merger with another plan),
- 2) Changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions,
- 3) Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan,
- 4) The failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions contemplated under ERISA, or;
- 5) Premature termination of the contract.

Plan management believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include:

- 1) An uncured violation of the Plan's investment guidelines,
- 2) A breach of material obligation under the contract,
- 3) A material misrepresentation, or;
- 4) A material amendment to the agreements without the consent of the issuer.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VRIAC. VRIAC is the custodian of the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for the custodial, record keeping, and investment management services amounted to \$72,413 in 2019 and \$81,753 in 2018.

THE TOLEDO ZOOLOGICAL SOCIETY EMPLOYEES RETIREMENT PLAN

Notes to Financial Statements

6. TAX STATUS

Under Section 403(b) of the IRC, the Plan and the trust established thereunder are not subject to federal income tax. The Plan Administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in these financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Society has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2018, the Society was untimely remitting certain participant contributions in the amount of \$59,752. Late remittances of participant contributions constitute a prohibited transaction under ERISA section 406, regardless of materiality. The Society remitted the delinquent participant contributions, as well as the related matching contributions in 2018. In addition, the Society reimbursed the Plan for any lost earnings in 2019, relating to 2018 late remittances.

9. SUBSEQUENT EVENTS

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") and the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The Plan has chosen not to elect any of the optional features within these acts. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
