C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A PLAN DESCRIPTION

The following brief description of the C.W. Holding Company, Inc. Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for complete information.

The C.W. Holding Company, Inc. comprises the following companies:

- 1.) Company Wrench, Ltd. – A construction equipment dealer and distributor;
- 2.) C.W. Machine Worx, Ltd. – A manufacturing/fabrication company;
- 3.) C.W. Transport, Ltd. – A trucking company. This business ceased doing business on December 31, 2019.

The C.W. Holding Company, Inc. (the Company) established the C.W. Holding Company Inc. Employee Stock Ownership Plan (the Plan) effective as of July 1, 2018. The Plan is administered by an Employee Benefits Administration Committee comprising six persons appointed by the Sponsor Company's Board of Directors. The Plan's Trustee is Mark Mills of Mills, Potoczak and Company.

Eligibility

Generally, employees are eligible to participate in the plan if they are 21 years of age and have accumulated a year of service. A year of service is defined as a 12 month period in which the employee works at least 1,000 hours.

To be eligible to participate in a year's allocation, the employee must be eligible for the plan as defined above, and must meet the following additional eligibility requirements:

- 1.) The employee must be employed on the last day of the plan year;
- 2.) The employee must have less than 10% of the total outstanding shares of the company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company elected to make a voluntary contribution of 100 shares of stock in 2019. Employees are not permitted to make contributions.

Payment of Benefits

At the time a Participant or Beneficiary becomes entitled to receive his account under the terms of the plan, the Trustee shall make payment from the Trust Fund to such individual in the form of equal annual installment payments over a period of 5 years, plus any dividends paid with respect to employer shares that are to be distributed. All such payments shall be made by the Trustee in cash and shall include the value of any dividends paid with respect to employer shares allocated to the Participant's account.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

Plan Termination

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Employee Benefits Administration Committee should direct the Trustee to pay all liabilities and expenses of the trust fund.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances.

Put Option

Any employer shares which are not readily tradable on an established market at the time they are distributed to participants or former participants, or that are subject to a trading limitation when distributed, shall be subject to a put option which will permit the participant, the participant's donees, or a person to whom the shares pass by reason for the participant's death, to put those employer shares to the employer. Put options shall be exercisable at least during the 16-month period which begins on the date the employer shares subject to the option are distributed by this plan. Such an option may be exercised by the holder of the shares by notifying the employer in writing, in accordance with the employer's rules in this regard, that the put option is being exercised. The price at which the put option must be exercisable is the fair market value of the shares. If the employer is required to repurchase employer shares which are distributed to a participant or beneficiary within one taxable year in a distribution that represents the balance to the credit of the participant's account, the amount to be paid for such employer shares shall be paid in substantially equal periodic payments (not less frequently than annually) over a period beginning not later than 30 days after the exercise of the put option and not exceeding 5 years.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution. Participants eligible to diversify make their election after year-end based on the number of shares of the employer's stock held in their account at year-end.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service after the first year and are 100% vested after six years of service.

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

Forfeitures

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. There were forfeitures of 10.0392 shares of stock from participants accounts in 2019.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The shares of Company common stock are valued at fair value. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses

All expenses of maintaining the Plan were paid by the Company in 2019. The Plan provides an option for forfeitures to be used to pay qualifying plan expenses to the extent available, at the Company's option.

Payment of Benefits

Benefits are recorded when paid.

Date of Management's Review of Subsequent Events

Subsequent events were evaluated through the Auditor's Report date, which is the date the financial statements were available to be issued.

NOTE C FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 3 Fair Value Measurements

The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

The Employee Benefits Administration Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables present fair value measurement information for the Plan's investments in Company common stock. The carrying values of receivables included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2019 and 2018, and are thus not included in the following table:

December 31, 2019

	Fair Value	Significant Unobservable Inputs (Level III)
Company common stock	\$ 898,200	\$ 898,200
Total	<u>\$ 898,200</u>	<u>\$ 898,200</u>

December 31, 2018

	Fair Value	Significant Unobservable Inputs (Level III)
Company common stock	\$ 517,600	\$ 517,600
Total	<u>\$ 517,600</u>	<u>\$ 517,600</u>

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

The following tables provide further details of the Plan's Level 3 fair value measurement:

	2019	2018
Beginning balance	\$ 517,600	\$ -
Total gains or losses included in changes in net assets available for benefits	121,800	-
Contributions and sales:		
Contributions	258,800	517,600
Sales	-	-
Ending balance	<u>\$ 898,200</u>	<u>\$ 517,600</u>
Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments held at the end of the reporting period	<u>\$ 121,800</u>	<u>\$ -</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2019, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers into or out of Level 3.

NOTE D TAX STATUS

The Internal Revenue Service has not determined and informed the Company that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E ADMINISTRATION OF PLAN ASSETS

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees were paid directly by the Company in 2019.

C.W. HOLDING COMPANY, INC. EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE F INVESTMENTS

The Plan's investments in Company common stock at December 31, 2019 and 2018, are as follows:

	2019	2018
Number of shares	300	200
Cost	776,400	517,600
Fair Value	898,200	517,600

NOTE G RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE H RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. These are related party and party-in-interest transactions. As described in Notes B and E, the Company paid the expenses of the Plan in 2019. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA.
