Notes to the Financial Statements

NOTE 1. DESCRIPTION OF PLAN

The following description of the Rumpke 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan which was formed for the purpose of providing retirement benefits to eligible employees of Rumpke Consolidated Companies, Inc. (collectively, the Company), as defined. Employees become eligible to participate in the Plan upon reaching age 18 and completing one year of service, as defined. Effective April 1, 2019, the Plan was amended to reduce the eligibility service requirement to 500 hours of service within a six month period, or if not achieved, 1,000 hours of service within a twelve month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Rumpke Consolidated Companies 401(k) Profit Sharing Plan Retirement Plan Committee (the Committee), which is a committee of the Company's management. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 100% of annual pretax compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover contributions). Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions, as defined in the Plan. The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant.

The Company may at its discretion, make matching contributions to participants' accounts. During 2019, for employees hired after June 1, 2009, the Company contributed 50% of the first 6% of compensation that a participant contributed to the Plan. For employees hired before June 1, 2009, the Company contributes 5% of the first 6% of compensation that a participant contributes to the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF PLAN (Continued)

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through weekly payroll deductions..

Payment of Benefits

Upon termination of service as defined, a participant whose vested account balance exceeds $5,000 may elect to receive a lump sum equal to the total value of the participant's vested interest in his or her account. Distributions for participants whose vested account balance is less than $5,000 are made as a lump-sum payment. Participants may also withdraw amounts from their accounts under certain defined conditions.

Forfeited Accounts

Forfeited nonvested accounts are used to pay administrative expenses or to reduce future employer contributions. At December 31, 2019 and 2018, forfeited nonvested accounts totaled $81,582 and $32,445, respectively. During 2019, $30,000 was used to reduce employer contributions or administrative expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, or trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 and 2018.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of maintaining the Plan, including participant recordkeeping, are paid by the Company and are excluded from these financial statements. Participants are charged with an allocation of administrative expenses that are paid by the Plan on a quarterly basis. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Due to national and world-wide disruptions caused by COVID-19 in 2020, the Plan may be adversely impacted. The Plan is adjusting its operations to compensate for disruptions on an ongoing basis. At this time, any financial impact of potential COVID-19 related disruptions are not known.

Plan management has evaluated subsequent events through October 12, 2020, the date the financial statements were available to be issued.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY CHARLES SCHWAB BANK

Other than the ending balances on notes receivable from participants, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2019 and 2018, and net appreciation in fair value of investments, interest and dividends, for the year ended December 31, 2019, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2019 and 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common/collective trust funds: Valued based on the NAV of units of the collective trust fund. The NAV as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily with no notice.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2019:

	Assets at Fair Value as of December 31, 2019			
Description	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 88,024,466	$ -	$ -	$ 88,024,466
Investments measured using NAV as a practical expedient (a) Stable Value Common/ Collective Trust Funds	-	-	-	2,707,807
Total	**$ 88,024,466**	**$ -**	**$ -**	**$ 90,732,273**

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following at December 31, 2018:

	Assets at Fair Value as of December 31, 2018			
Description	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 66,325,269	$ -	$ -	$ 66,325,269
Investments measured using NAV as a practical expedient (a) Stable Value Common/ Collective Trust Funds	-	-	-	2,636,432
Total	**$ 66,325,269**	**$ -**	**$ -**	**$ 68,961,701**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

For the year ended December 31, 2019, the Plan did not hold any Level 3 investments.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Charles Schwab Bank. Charles Schwab is the trustee and recordkeeper as defined by the Plan and, therefore, such transactions and associated administrative expenses qualify as party-in-interest transactions.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (Continued)

Charles Schwab Bank provides certain administrative services to the Plan pursuant to the Plan Services Agreements (PSA) between the Company and Charles Schwab Bank. Charles Schwab Bank receives revenue from mutual fund and collective trust fund service providers for services Charles Schwab Bank provides to the funds. This revenue is used to offset certain amounts owed to Charles Schwab Bank for their administrative services to the Plan.

If the revenue received by Charles Schwab Bank from January 1, 2019 to December 31, 2019, from such mutual fund or collective trust fund service providers exceeds the amount owed under the PSA, Charles Schwab Bank remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or the Company may make payments to Charles Schwab Bank for administrative expenses not covered by revenue sharing.

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7. TAX STATUS

Pension Corporation of America of Cincinnati, sponsor of Volume Submitter Profit Sharing Plan with CODA, has obtained an opinion letter dated January 12, 2016 in which the Internal Revenue Service stated that the restated volume submitter document was in compliance with applicable requirements of the IRC. The plan has been amended since the opinion letter was received. The Plan administrator belives the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2019 statement of net assets available for benefits.
