Note 1: DESCRIPTION OF PLAN

The following description of the Encompass Supply Chain Solutions, Inc. 401(k) Plan (the Plan) provides only general information. Refer to Plan Document for a more complete description of the Plan provisions.

General

The Plan is a single employer defined contribution retirement Plan established effective January 1, 2009 for Encompass Supply Chain Solutions, Inc. (the Employer, the Plan Administrator and the Plan Sponsor). The Plan has adopted a volume submitter profit sharing plan sponsored by E-Plan Services, Inc. as its Plan Agreement. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

Some administrative functions are performed by employees of the Company. No compensation is remitted to the Company for these services.

Plan assets are held and managed by Matrix Trust Company, Inc., which invests contributions and Plan earnings, makes investment transactions as directed by management and provides certain recordkeeping services. E-Plan Services, Inc. acts as the third-party administrator for the Plan, which performs certain plan administration and annual ERISA compliance testing.

Eligibility

An employee is eligible once 90 days of entry service has been completed and attained the age of 21. Each employee is eligible to make contributions to the Plan on the first day of the month on or after they have met the eligibility requirements. Each employee is eligible to receive matching contributions when they enter the Plan.

Contributions

Participants are allowed to contribute up to 100% of their annual compensation, subject to statutory dollar limitations of \$19,000 and \$18,500 for 2019 and 2018, respectively. In addition, participants who are age 50 or older and have made the maximum contribution to the Plan can make an additional "catch-up" contribution to an annual maximum of \$6,000 for 2019 and 2018.

The Employer matches a percentage of the participant's pre-tax contributions. The Plan provides for a safe harbor matching contribution of 100% of each participant's contribution not exceeding 3% of the participant's compensation, plus 50% of each participant's contribution in excess of 3% but not to exceed 5% of the participant's compensation.

The Employer may also make a discretionary profit sharing contribution to the Plan. There were no profit sharing contributions for the years ended December 31, 2019 and 2018.

Encompass Supply Chain Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions, qualified matching contributions, rollover contributions, plus earnings thereon. Participants become 100% vested in the Employer's profit sharing contributions and earnings when the participants reach normal retirement age. Prior to normal retirement age, the participants become vested in profit sharing contributions and earnings based on a 5 year vesting schedule. Participants are 20% vested after one year of service and vesting increases 20% for each additional year of service until fully vested after five years of service.

Notes Receivable from Participants

A participant may borrow up to the lesser of \$50,000 or 50% of the vested portions of his/her account balance, repayable over a reasonable period of time not to exceed five years and bearing interest at 2% over the prime rate in effect at the beginning of the month in which the loan is approved. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

The participant's vested portion of his/her account balance will be available for distribution in the event of retirement, death, disability, termination of employment, or financial hardship subject to the Plan's provisions.

While employed, a participant may withdraw rollover contributions at any time. Also while employed, a participant who either reaches age 59½ or is considered totally disabled may withdraw all or part of his/her account balance.

Forfeitures

At December 31, 2019 and 2018, forfeited nonvested accounts totaled \$0. These accounts will be used to reduce future employer contributions. Also, in 2019, no forfeited balances were applied towards employer contributions.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The participant must meet the condition that they cannot relieve the amount of the need by stopping the elective contributions to the Plan. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation U.S GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments generally are reported at fair value, but may also be reported at contract value or net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements, contract value, and NAV.

Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018.

Payment of Benefits

Distributions to participants are recorded when paid.

Expenses

Expenses attributable to the general Plan administration were paid by the Plan and allocated among the accounts of all participants, in proportion to their account balances, unless paid by the Employer. During the year ended December 31, 2019 and 2018, expenses of \$34,301 and \$22,804, respectively, were paid by the Plan and allocated to participant accounts.

Encompass Supply Chain Solutions, Inc. 401(k) Plan Notes to Financial Statements

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, October 14, 2020. See Note 8 for relevant disclosure(s). No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements has been derived from information certified to be complete and accurate by the Trustee under such regulation:

- a) Total investments included in the statements of net assets available for benefits at December 31, 2019 and 2018.
- b) Investment income information included in the statement of changes in net assets available for benefits for the year ended December 31, 2019.
- c) All amounts included in Note 4, *Fair Value Measurements (Unaudited)*.
- d) Total notes receivable from participants included in the statements of net assets available for benefits at December 31, 2019 and 2018.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodologies used for assets measured at net asset value. There have been no changes in the methodologies at December 31, 2019 and 2018.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at cost plus earnings, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019:

Description	Quoted Prices in Active Markets for Identical Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2019				
Mutual funds	\$ 7,389,673	\$ -	\$ -	\$ 7,389,673
Money market fund	1,384,486	-	-	1,384,486
Total investments at fair value	\$ 8,774,159	\$ -	\$ -	\$ 8,774,159

Note 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Description	Quoted Prices in Active Markets for Identical Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
December 31, 2018				
Mutual funds	\$ 5,828,486	\$ -	\$ -	\$ 5,828,486
Money market fund	1,155,021	-	-	1,155,021
Total investments at fair value	\$ 6,983,507	\$ -	\$ -	\$ 6,983,507

^(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statement of Net Assets Available for Benefits.

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2019, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5: TAX STATUS

In January 2009, the Plan adopted a volume submitter plan sponsored by E-Plan Services, Inc. The IRS has determined by an opinion letter dated March 31, 2014, that the volume submitter plan is designed in accordance with applicable sections of the IRC. Although the volume submitter plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain expenses of the Plan, including legal and accounting fees, are paid by the Employer. In addition, certain services to the Plan, by the Employer, were performed at no charge.

Note 7: TERMINATION OF THE PLAN

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after December 31, 2019 through October 14, 2020, the date the Plan's financial statements were available to be issued. The following occurred.

In March 2020, the World Health Organization made the assessment that the outbreak of a novel coronavirus (COVID-19) can be characterized as a pandemic. As a result, uncertainties have arisen that may have a significant impact on broad domestic and international stock market indices. The occurrence and extent of such impact will depend on future developments including (i) the duration and spread of the virus, (ii) government quarantine measures, (iii) voluntary and precautionary restrictions on travel and meetings, (iv) the effects on the financial markets, and (v) the effects on the economy overall, all of which are uncertain.
