Independent Auditor's Report

To the TriNet Retirement Committee of
TriNet 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TriNet 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 9, which was certified by Transamerica Financial Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2019 and 2018, and for the year ended December 31, 2019, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2019 is required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

TRINET 401(K) PLAN

Notes to Financial Statements

December 31, 2019 and 2018

(1) Description of Plan

The following description of the TriNet 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan was established effective January 1, 2003 with the adoption of the Transamerica Financial Life Insurance Company Volume Submitter Multiple Employer Tax-Favored Savings and Discretionary Contribution Plan and Trust Agreement (“Transamerica Agreement”) and is sponsored by TriNet HR III, Inc. (the “Company”). The Plan operates under a group annuity contract with Transamerica Financial Life Insurance Company (“TFLIC”) who acts as the custodian of the Plan.

Effective April 1, 2015, the Plan adopted the amended and restated Transamerica Agreement, which amended the Plan for certain regulatory requirements.

(b) Administration of Plan Assets

The Plan is a multiple employer defined contribution plan which is offered to the employees of participating client employers (collectively, the “Employers”). A participating client employer is a company that has entered into a co-employment arrangement with the Company.

The Plan operates in compliance with the regulations under the Internal Revenue Code of 1986 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(c) Mergers and Transfers

The Plan permits mergers and transfers of assets into and out of the Plan, providing that affected participants would receive a benefit immediately after the merger or transfer equal to or greater than the benefit the affected participants would have received immediately before the merger or transfer.

(d) Eligibility

Employees are eligible to participate in the Plan after attainment of age 21 and one hour of service. Employers may elect to reduce the age requirements to any age between 18 and 21 years and increase the service requirement to a maximum of one year. Participants may enter the Plan on the first day of the calendar month coinciding with or following completion of the eligibility requirement.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(e) Contributions

Participants may elect to contribute a portion of their pretax compensation up to limits allowed by the Internal Revenue Service ("IRS"). The Employers may, at their discretion, elect to match up to 100% of their employees' contributions. Only elective contributions deferred through payroll deductions will be matched.

The Plan includes an option for enhanced safe harbor match on contributions whereby Employers can elect to make mandatory contributions of 100% of the first 4% - 6% of elective contributions that will be 100% vested immediately. Employers may also make an additional discretionary contribution to the Plan, regardless of whether or not a deferral contribution was made during the year. Participants may also transfer money from other qualified plans into the Plan as rollover contributions or direct transfers.

The Plan accepts Roth Elective Deferrals as salary deferrals and rollover contributions.

(f) Participant Accounts

Participant accounts are credited with participant contributions and an allocation of the Employers' contributions and Plan earnings and expenses. The benefit to which a participant is entitled is equal to the vested value of their account.

(g) Vesting

Participants are immediately vested in their voluntary contributions and safe harbor employer match and non-elective contributions plus actual earnings thereon. Employers may elect an alternative vesting schedule for additional discretionary contributions.

(h) Investment Options

Plan assets are invested in pooled separate accounts, collective investment trusts, self-directed brokerage accounts and a general account obligation. Contributions made by the Employers are allocated based on the funds selected by the participants for the employee contributions. Upon enrollment in the Plan, a participant may direct employee contributions in any of several available investments. Participants are allowed to execute investment transfers between the Plan's investment options on a daily basis.

(i) Payment of Benefits

At age 59½ and thereafter, active employees can withdraw any portion of their vested balance at any time. Participants, while employed, may make withdrawals against their vested account balance in accordance with the Plan, which generally requires the demonstration of financial hardship.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(i) Payment of Benefits - Continued

Upon termination, retirement, death, or disability, participants or their beneficiaries may elect to receive a lump sum amount equal to the value of the vested interest in their account. Any non-vested balances are forfeited. Terminated participants may also elect to maintain their accounts in the Plan.

As a result of the Bipartisan Budget Act of 2018 and effective January 1, 2019, the requirement to exhaust loan distributions prior to receiving a hardship distribution was removed from the Plan. Additionally, participants are no longer suspended from making contributions to the Plan or from receiving Employer contributions as a result of taking a hardship distribution.

(j) Forfeited Accounts

Any non-vested amounts in a terminated participant's account are forfeited by the participant and transferred to a forfeiture account. Forfeitures shall be used to pay Plan expenses or to reduce the Employers' future matching contributions. Any unused forfeitures shall be reallocated as non-elective contributions. Approximately \$3,963,000 of forfeited non-vested accounts was utilized during the year ended December 31, 2019 to pay plan expenses and to reduce employer contributions. At December 31, 2019 and 2018, forfeited non-vested accounts available for use totaled approximately \$2,882,000 and \$2,978,000, respectively.

(k) Notes Receivable from Participants

Participants may borrow money from their vested account balance for any reason. The maximum amount available for loans is the lesser of \$50,000 reduced by the participant's highest loan balance outstanding in the 12 months prior to the date of the loan or 50% of the participant's vested account balance. The minimum amount for a loan is \$1,000. The participant shall be charged with any costs associated with processing of the loan.

Loan repayments must have a definite repayment period not to exceed five years unless the loan is for the purchase of a principal residence, in which case the repayment period must not exceed IRS limits. A participant shall have only one loan outstanding at a time. Participant loans, including interest thereon, are taxable to the participant upon default, as well as subject to applicable excise penalties. Loans are collateralized by the balance in the participant's account and bear interest at any reasonable rate (prime plus 1% in 2019 for loans taken by participants through TFLIC). The Plan honors rates on notes receivable from participants transferred in from other plans. At December 31, 2019, interest rates on active loans ranged from 3.25% to 7.50%.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

TRINET 401(K) PLAN

(2) Summary of Significant Accounting Policies - Continued

(b) Investment Valuation and Income Recognition

Funds are invested in an unallocated group annuity insurance contract which is funded through pooled separate accounts, a general account obligation, self-directed brokerage accounts and collective investment trust with TFLIC.

Investments in pooled separate accounts are stated at fair value as determined by TFLIC. Such fair values are based on quotations from active markets, such as national security exchanges or brokerage firms, on yields currently available on comparable securities and the Plan's participation units in the account.

The pooled separate accounts are credited with earnings in the underlying investments, net of investment management expenses. Changes in the fair value of investments in pooled separate accounts and gains or losses on disposal of these investments are reported in the statement of changes in net assets available for benefits as net appreciation or depreciation in fair value of investments.

Investments in the general account obligation allow participants to invest money in a general account of TFLIC which earns interest. The Sponsor has determined, based on recommendations from TFLIC, that this investment is fully-benefit responsive. Participant contributions are commingled with TFLIC's other assets and TFLIC assumes the risk of principal and accrued interest. An effective annual rate of interest is established before the first day of each month. Interest is credited to the general account obligation daily based on its daily balance, at a rate of interest that is the daily equivalent of the effective annual rate of interest applicable for each month. The general account obligation is reported at contract value at December 31, 2019 and 2018. All participant transactions are at contract value.

Certain events limit the ability of the Plan to transact at contract value with TFLIC. Such events include the following: (1) amendments to the plan documents (including complete or partial termination), (2) bankruptcy of the Company or Employers, (3) other Company or Employers' events that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Investments in self-directed brokerage accounts are valued based on the underlying investments held by the Plan at the end of the year.

The Legal & General S&P 500 DC Fund (the "Fund") is a collective investment trust which is managed and valued by TFLIC and works to replicate applicable indexes such as the S&P 500 index by investing in underlying assets with similar objectives and investment strategies. Investments in the Fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the Fund, but do have an interest therein represented by units valued daily.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(b) Investment Valuation and Income Recognition - Continued

The Fund earns dividends and interest which are automatically reinvested in additional units and participants earn appreciation/ (depreciation) on their units as the underlying investments in the trust are registered investment companies. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

The T. Rowe Price Stable Value Fund (SVF) is a common collective trust comprised of fully-benefit responsive investment contracts. The SVF is valued at the Net Asset Value (NAV) of the units which represents the contract value. The SVF, due to a twelve (12) month put option, was transferred into the Plan by an adopting employer and no additional contributions are being made into the SVF.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) Administrative Expenses

Management fees and operating expenses are paid out of the Plan unless paid by the Company and the Company does not elect to be reimbursed by the Plan as permitted by the Plan agreement.

Participants are charged a quarterly recordkeeping fee and a contract asset charge calculated monthly on the combined asset balance of all contract accounts in the Plan as of the 15th day of each month. In addition, there are expense ratios and other costs associated with each investment option. There are also fees that relate to requesting loans and distributions. All charges to the participant accounts are recorded into the Expense Budget Account (EBA) which are then utilized to pay expenses of the Plan.

During 2019, the Plan's administrative expenses totaled approximately \$9,922,000 including approximately \$362,000 paid to the plan sponsor for services provided to the Plan, approximately \$9,468,000 paid to TFLIC for services provided, and approximately \$92,000 for other expenses such as consulting and audit fees. All administrative expenses paid during the year were paid out of the EBA.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the related changes therein. Actual results could differ from those estimates.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(2) Summary of Significant Accounting Policies - Continued

(e) Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2019 or 2018. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(3) Asset Transfers and Mergers

Qualified plans sponsored by certain Employers may be merged into the Plan in conjunction with such Employers' adoption of the Plan. New participant accounts are then created for such participants in the Plan.

In addition, the account balances of participants employed by certain Employers who terminate their co-employment arrangements with the Company during the year may be transferred out of the Plan through mergers with, or creation of, other qualified plans.

Total assets transferred into the Plan from Employers for 2019 totaled approximately \$461,792,000. Assets transferred out of the Plan from Employers for 2019 totaled approximately \$548,468,000.

(4) Excess Contributions Payable

Excess contributions payable of approximately \$6,028,000 and \$5,343,000 as of December 31, 2019 and 2018, respectively, represent payments made in 2020 and 2019, respectively, to participants to return to them excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan.

(5) Income Tax Status

The Plan adopted the amended and restated TFLIC volume submitter multiple employer plan document effective April 1, 2015, which obtained its latest opinion letter on July 7, 2014, in which the IRS stated that the adopted plan document, as then designed, was in compliance with the applicable requirements of the IRS. The adopted plan document has been amended since receiving the opinion letter. However, the Company and the Plan's tax counsel believe that the adopted plan document is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(6) **Party-in-Interest Transactions**

Certain of the Plan's investments are managed by TFLIC. While this activity qualifies as party-in-interest activity as defined in Section 3(14) of ERISA, it is expressly exempted from the prohibited transaction rules. Participant loan transactions are considered to be party-in-interest transactions, because they are transacted with Plan participants.

Certain administrative expenses are paid to TFLIC and the plan sponsor and administrator (Note 2(c)) and as such are considered party-in-interest transactions.

(7) **Plan Termination**

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. In the event of termination, the general obligation account is subject to a market valuation adjustment.

(8) **Risks and Uncertainties**

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

(9) **Information Certified by Transamerica Financial Life Insurance Company (Unaudited)**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TFLIC, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2019 and 2018;
- Total investment income and related investment activity, as included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2019;
- The Schedule of Assets (Held at End of Year) as of December 31, 2019 included in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements and supplemental schedule.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(10) **Fair Value Measurements**

Accounting Standards Codification Topic 820, *Fair Value Measurement* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts

The Plan's separate accounts that invest exclusively in mutual funds are classified as either Level 1 investments, and are valued at the net asset value of the underlying mutual fund at year end, or as Level 2 investments, and are valued by outside valuation services at the mean of bid and ask prices or alternative pricing inputs.

Collective Investment Trusts

Valued at the net asset value of shares held by the Plan at year end.

Self-Directed Brokerage Accounts

Valued based on quoted market prices in active markets. Self-directed brokerage accounts are considered Level 1 by the Plan based on asset listings provided by the custodian.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(10) Fair Value Measurements - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

Description	Assets Measured at Fair Value at December 31, 2019	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	\$ 3,277,840,363	2,872,468,671	405,371,692	-
Self-directed brokerage accounts	1,796,930	1,796,930	-	-
Collective investment trusts at NAV	509,723,803 (a)			
	<u>\$ 3,789,361,096</u>			
Description	Assets Measured at Fair Value at December 31, 2018	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	\$ 2,310,000,695	1,972,175,020	337,825,675	-
Self-directed brokerage accounts	827,184	827,184	-	-
Collective investment trust at NAV	368,728,909 (a)			
	<u>\$ 2,679,556,788</u>			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of the net assets available for benefits.

TRINET 401(K) PLAN

Notes to Financial Statements - Continued

(11) Subsequent Events

The Plan's management has evaluated events and transactions for potential recognition or disclosure in the financial statements through October 13, 2020, the date the financial statements were available to be issued.

On January 30, 2020, the World Health Organization ("WHO") declared that the outbreak of the coronavirus originating in Wuhan, China (the "COVID-19 outbreak") constituted a Public Health Emergency of International Concern ("PHEIC"), creating risks to the international community as the virus spread globally beyond its point of origin. On March 11, 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and greatly contributed to significant deterioration and instability in financial markets. As a result, there has been heightened market risk and the Plan's investment portfolio has incurred significant volatility in fair value since December 31, 2019. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and the related impact on the Plan's liquidity cannot be determined at this time.

In December 2019, the Setting Every Community Up for Retirement Enhancement ("SECURE") Act was signed into law, related to required minimum distributions and the limitation of life-time or stretch distributions to remain compliant under the applicable laws and regulations. These provisions are effective beginning January 1, 2020.

Additionally, on March 27, 2020, President Trump signed into law the "Coronavirus Aid, Relief, and Economic Security ("CARES") Act." The CARES Act, among other things, includes several relief provisions available to tax-qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions beginning in 2020:

- Special coronavirus distributions up to \$100,000;
- Increased the available loan amount as described in Note 1 to the lesser of \$100,000 or 100% of the participant's vested account balance;
- Extended the period for loan repayments, if applicable, up to one year.
