INDEPENDENT AUDITORS' REPORT

To the Willis Towers Watson U.S. Benefit Plans Administration Committee
and Plan Participants

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Willis Towers Watson Savings Plan for U.S. Employees (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statement of changes in net assets available for benefits for the year ended December 31, 2019, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by JPMorgan Chase Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. 1. DESCRIPTION OF THE PLAN

The following description of the Willis Towers Watson Savings Plan for U.S. Employees (the “Plan” or “Savings Plan”) is for general information purposes only. More information regarding the Plan’s provisions may be found in the Plan document.

General – Effective January 1, 2019, the Plan Sponsor is Willis Towers Watson US LLC (the “Plan Sponsor”), a wholly-owned subsidiary of Willis Towers Watson plc (the “Company” or “Willis Towers Watson”). For the year ended December 31, 2018, the Plan Sponsor was Towers Watson Delaware Inc., which is also wholly-owned by the Company.

The Plan is a defined contribution plan covering substantially all U.S. employees of the Company. The Plan has a 100% interest in the net assets of the Willis Towers Watson Savings Plan Trust (the “Master Trust”). The Benefit Plans Administration Committee of Willis Towers Watson controls and manages the operations of the Plan. JPMorgan Chase Bank, N.A. (“JPMorgan” or the “Trustee”) serves as trustee of the Plan and Master Trust. Empower Retirement is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions - Subject to Internal Revenue Code (“IRC”) limitations on elective deferral contributions, eligible employees may contribute whole percentages from 1% to 75% of their eligible compensation, as defined in the Plan document. Elective deferral contributions are directed by the participant. Participants aged 50 and older may make “catch-up” contributions to the Plan from 1% to 75% of their eligible cash compensation as defined in the Plan document, and subject to IRC limitations. The Company matches participant contributions dollar for dollar up to the first 1% of eligible compensation, and an additional 50% on the next 5% of eligible compensation.

Participants may also contribute amounts representing rollovers from other qualified plans.

Each participant’s account is credited for the participant’s contribution, Company matching contributions and Plan net earnings, and charged for withdrawals and an allocation of administrative expenses and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting and Forfeitures - Participants are vested immediately in their own contributions. Company matching contributions vest 100% after 2 years of service, as defined by the Plan document. Upon termination of employment, Plan forfeitures of nonvested amounts are either utilized to reduce future matching contributions or to restore eligible accounts previously forfeited due to a break in service. Amounts restored are funded first through current forfeitures and then through additional contributions by the Company. In 2019, forfeited non-vested accounts totaling \$1,818,625 were used to reduce Company contributions. The balance of unused forfeitures was \$162,387 and \$77,700 at December 31, 2019 and 2018, respectively.

Notes Receivable from Participants - Participants may borrow up to 50% of their vested account balance. The minimum loan is \$1,000, and the maximum is \$50,000. Loans are secured by the balance in the participant’s account. Repayment must be made over a period not to exceed five years, or fifteen years in the case of a loan used to purchase a home. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years; however, terms may exceed 5 years for the purchase of a primary residence. See Note 9 for changes in these rules and terms which occurred subsequent to December 31, 2019 and were effective for the Plan beginning in March 2020.

The interest rate for all loans is fixed and determined by reference to the prime rate published in the Wall Street Journal plus 1% as of the last business day of the month preceding the month in which the loan was

issued. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. As of December 31, 2019, participant loans have maturities through 2034 at interest rates ranging from 3.25% to 10.00%.

Payment of Benefits - Upon termination of employment, participants may elect to receive the balance in their accounts in a single lump sum. Participant distributions are made net of applicable taxes. If a participant is terminated from the Company and has not reached age 70, then the participant's vested balance will be transferred into an individual retirement account selected by the Plan Sponsor, provided that the participant does not make a distribution election and their account balance exceeds \$1,000 but not \$5,000 (balances less than \$1,000 are automatically paid out in cash to the participant). Benefits payments to participants are recorded when paid.

Administrative Expenses - Under the Plan document, the Master Trust bears all investment management expenses, trustee fees and other fees incidental to the management of the Master Trust. Participants pay administrative costs for loans, distributions and qualified domestic relation orders. Certain miscellaneous expenses incurred by the Plan are paid for by the Company, as allowed by the Plan document.

Plan Termination - Willis Towers Watson reserves the right at any time by action of its Board of Directors to terminate the Plan in whole or in part. In the event the Plan is terminated or upon the complete discontinuance of contributions under the Plan document, the trustee shall continue to administer the Plan in accordance with the relevant provisions of the Plan, and each participant shall have a fully vested right in the value of his or her account balance. In the event of the termination of the Master Trust, either as a result of, or incidental to, the termination of the Plan, the values of the Company contribution accounts, determined as of the effective date of such termination, shall be paid to the participants or their beneficiaries. Although the Company has not expressed any intent to terminate the Plan, it may do so at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition - Investments are stated at fair value. The Plan follows the guidance of Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), which establishes a framework for measuring fair value. See Note 5 for a discussion of fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount Plan participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Recent Accounting Pronouncements - In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework — Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU No. 2018-13"), which amends certain disclosure requirements of ASC 820, including the removal of the requirement to disclose the amount of and reasons for transfers of assets between level 1 and level 2 of the fair value hierarchy, as well as the policy for timing of

transfers between levels. ASU No. 2018-13 also modifies the disclosure for investments in certain entities that calculate the net asset value to disclose the timing and liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. Additionally, ASU No. 2018-13 clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. This ASU became effective for the Plan on January 1, 2020, at which time it adopted it. Certain provisions of the ASU were required to be adopted retrospectively, while others were required to be adopted prospectively. This ASU will not have a material impact on the Plan's financial statements.

3. INTEREST IN MASTER TRUST

The Master Trust holds the investments of the Plan. The Plan has a 100% interest in the net assets of the Master Trust as of December 31, 2019 and 2018. The Trustee of the Master Trust is responsible for the safekeeping of the Plan's assets together with income or losses and is responsible for making disbursements to participants on behalf of participating plans, as instructed. Investment decisions are made by investment advisors appointed by the Benefit Plans Administration Committee specifically for that purpose. Expenses incurred by the Trustee and investment advisors in the performance of their duties under these agreements, including fees for their services, are paid by the Master Trust.

The following table presents the net assets of the Master Trust:

4. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2019 and 2018 and for the year ended December 31, 2019, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate. The self-directed brokerage account, as included in the Master Trust, amounting to \$126,547,121 and \$102,551,394 at December 31, 2019 and 2018, respectively, and any related investment income, are not certified.

- All investment balances and related investment activity as of December 31, 2019 and 2018, and for the year ended December 31, 2019, in Notes 3 and 5, except for the self-directed brokerage account and related earnings, and investment leveling as disclosed in Note 5.

5. FAIR VALUE MEASUREMENTS

The Plan follows the guidance of ASC 820, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability; and
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investment in the Master Trust is presented at fair value, which has been determined based on the fair value of the underlying investments of the Master Trust.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used.

Short-Term Investments - The short-term investments are not exchange-traded funds, however, the prices per unit are published and represent the actual price at which the units held in the fund can be bought or sold.

Corporate Debt - Valued based on yields currently available on comparable securities of issuers with similar credit ratings. The corporate debt investments classified as level 3 have been put on a trading freeze by regulators.

Common Stock and Exchange-Traded Mutual Funds - Valued at the closing price reported in the active market in which the common stock or exchange-traded mutual fund is traded.

Commingled Trust Funds and Non-Exchange-Traded Mutual Funds - Valued at the net asset value of shares held by the Plan at year end as a practical expedient. The investment manager determines the net asset values of shares by reference to the quoted market prices of the underlying investments held in the portfolio and by reference to the closing market price of the underlying investment held in the fund.

Self-directed brokerage account - The mutual funds and common stocks in the account are valued on the basis of readily determinable market prices and money market funds that are valued at the daily closing price as reported by the fund. The corporate debt investment classified as level 2 within the account has been valued using pricing models maximizing the use of observable inputs for similar securities.

WILLIS TOWERS WATSON SAVINGS PLAN FOR U.S. EMPLOYEES
Notes to the Financial Statements
As of December 31, 2019 and 2018 and for the Year Ended December 31, 2019

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan and Master Trust believe its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with Subtopic 820-10, *Fair Value Measurements and Disclosures*, certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the following fair value hierarchy tables. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets of the Master Trust.

The following table sets forth by level within the fair value hierarchy, the Master Trust's assets at fair value as of December 31, 2019:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The Master Trust recognized a net \$573,169,166 gain for the year ended December 31, 2019, included in the change in net assets that is attributable to the change in unrealized gains or losses relating to those assets and liabilities still held at December 31, 2019. The net unrealized gain was included within Plan interest in the Willis Towers Watson Savings Plan Trust investment income — net on the accompanying statement of changes in net assets available for benefits.

The following table sets forth a summary of changes in the fair value of the Master Trust's level 3 assets for the year ended December 31, 2019:

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Company evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

6. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated January 3, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be

amended for each item on the list, as applicable, to retain its tax-exempt status. The Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

During the year ended December 31, 2019, certain Master Trust investments were held in funds managed by the Trustee or by investment managers responsible for managing the Master Trust's investment portfolio. Transactions with the trustee, investment managers and recordkeeper qualify as party-in-interest transactions.

Through the self-directed brokerage account, the Master Trust held 121,830 and 135,740 shares, respectively, of common stock of the Company, the sponsoring employer, as of December 31, 2019 and 2018. These shares had a fair value of \$24,602,251 and \$20,613,422 respectively, at December 31, 2019 and 2018. Dividend income during the year ended December 31, 2019 was \$331,283. These holdings were acquired completely at the discretion of Plan participants and the Company does not direct, recommend or otherwise solicit the acquisition of Company stock as part of the Plan's investment options.

The Plan issues loans to participants under the deferred arrangement portion of the Plan, which are secured by the vested balances in the participants' accounts.

8. RISKS AND UNCERTAINTIES

The Master Trust invests in various securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits. The Master Trust includes certain commingled trust fund investments at December 31, 2019 and 2018 whose respective fair values are in excess of 10% of the Master Trust's respective net assets available for benefits at December 31, 2019 and 2018.

9. SUBSEQUENT EVENTS

For the year ended December 31, 2019, subsequent events were evaluated through October 9, 2020, the date the financial statements were available to be issued. Based on this review, no significant events occurred that require adjustment to or disclosure in the Plan's financial statements, except for the disclosures below and in Notes 1 and 2.

Subsequent to December 31, 2019, there was an outbreak of the novel coronavirus ("COVID-19") which has adversely affected, and may continue to affect, the global financial markets and economy. The outbreak of COVID-19 is still on-going and the extent of its impact on the Plan's net assets available for benefits and changes in net assets available is uncertain. The related financial impact and duration cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document.

The Plan has implemented the following relief provisions for "qualified individuals", as defined by the CARES Act, however its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain.

- *Retirement plan loans* – the maximum loan amount is increased from \$50,000 (or 50% of a participant's vested account balance) to \$100,000 (or 100% of a participant's vested balance). This increase applied to loans taken through September 22, 2020. The Plan allows new or existing loan repayments which were to have occurred between March 27, 2020 and December 31, 2020 to be delayed until after December 31, 2020. Remaining loan repayments beginning in 2021 will be reamortized and the loan maturity date will be extended to reflect these repayment delays, plus accrued interest.
- *Withdrawals/distributions* – The 10% IRS tax on pre-age-59½ early withdrawals (if applicable) is waived for coronavirus-related distributions of up to \$100,000 through December 2020. These withdrawals are taxable as income, but the tax can be spread over three years, and the participant can elect to repay it within three years. Additionally, the 20% standard income tax withholding at the time of distribution is not required.

Effective January 1, 2021, Northern Trust Corporation will serve as the new Trustee of the Plan and Master Trust.
