BEVOLUTION GROUP 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2019

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bevolution Group 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees of Bevolution Group, (the "Company" or the "Plan Administrator") and related entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended by subsequent legislation. The Plan incorporates both 401(k) and profit-sharing provisions.

Participation: To be eligible for participation, an employee must be employed by the Company for at least 90 days and have attained the age of 18.

Contributions: Each year participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Participants contributions can also be made in the form of Roth after-tax deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions up to the maximum allowable under the Internal Revenue Code (IRC). Contributions are restricted to certain limitations.

The Company may make discretionary matching and profit sharing contributions. For the year ended December 31, 2019, the Company made a matching contribution of up to 3% of an eligible participant's eligible wages up to a maximum of the amount contributed by the participant. If the employee contributed greater than 3% of their eligible compensation, the Company contributed an additional 50% of the next 2% of eligible compensation. There were no discretionary profit-sharing contributions during the year ended December 31, 2019.

Participant's Accounts: In accordance with the plan document each participant's account is credited with the participant's contribution, an allocation of the Company's match and discretionary contributions, if any, and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to a participant is equal to the participant's vested account balance. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants vest immediately in their contributions plus any earnings thereon, as well as the Company's matching safe harbor contributions. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service with a 20% increase each succeeding year until becoming fully vested after the sixth year of service.

Forfeitures: Participant forfeitures of employer contributions are retained in the Plan and may be used to offset future employer contributions or pay administrative expenses. No forfeitures were utilized during the year ended December 31, 2019. As of December 31, 2019 and 2018, there were no unallocated forfeitures available.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum amount of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

Payment of Benefits: Benefits are payable upon retirement, termination, disability, hardship or death. A participant is entitled to receive the vested portion of their account in the form of a lump sum distribution or elect a rollover into a qualified retirement plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts or disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan.

Subsequent Events: Plan management has evaluated subsequent events for recognition and disclosure through September 28, 2020, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus surfaced in Wuhan, China, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The ultimate impact of the coronavirus on the Plan will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

For the year ended December 31, 2019

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the pooled separate accounts have unique strategies and goals which seek to approximate specific markets or industries while providing capital appreciation. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

At December 31, 2019:	
Pooled separate accounts*	\$ <u>7,421,190</u>
At December 31, 2018:	
Pooled separate accounts*	\$ <u>5,755,952</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income (loss) and interest earned on notes receivable from participants, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company. This information has not been audited by independent accountants.

NOTE 5 - TRANSACTION WITH PARTIES IN INTEREST

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds units of pooled separate accounts managed by John Hancock USA, an affiliate of John Hancock Life Insurance Company. John Hancock Life Insurance Company is a service provider to the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan in the amount of \$44,365 for the year ended December 31, 2019 to the Plan's service providers for loan management and administrative fees qualify as party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated July 16, 2014 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles general accepted on the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plans administrator believes it is no longer subject to income tax examinations for years prior to 2016.
