Mueller Group, LLC Retirement Savings Plan No. 2

Notes to Financial Statements December 31, 2019 and 2018

Note 1: Plan Description

The following is a brief description of the Mueller Group, LLC Retirement Savings Plan No. 2 (the Plan). The Plan covers certain employees of Mueller Company, a segment of Mueller Group, LLC (the Company or Plan Sponsor). The Company is a wholly owned subsidiary of Mueller Water Products, Inc. The Plan is a defined contribution plan providing retirement benefits to eligible employees of the Company. Participants should refer to the Plan Document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2019 and in accordance with the Bipartisan Budget Act of 2018, the Plan removed the provision that suspended the participants' ability to contribute to the Plan for a six month period following a hardship withdrawal.

Eligibility

An eligible employee is either an hourly employee whose compensation is subject to a collective bargaining agreement or a salaried employee identified on a schedule attached to the Plan Document. Leased employees, non-resident aliens, cooperative students, and temporary employees are not eligible to participate in the Plan. Unless participation criteria are specifically stated otherwise in the Plan Document, each employee hired subsequent to August 16, 1999, the Plan's inception date, is eligible to participate in this Plan as of the entry date, which coincides with or immediately follows the latter of: the Plan's inception date, the effective date of the adoption of this Plan by the divisions of the Company, or upon attaining the age of eligibility, which varies depending on the requirements of the Company's divisions, as specified in the Plan Document.

Contributions

The Plan is funded through both participant and employer contributions. Eligible employees are able to make basic and voluntary contributions, as defined in the Plan Document. In addition, participants in certain divisions of the Company may also make supplemental contributions, as specified by the Plan Document.

The employer makes matching contributions to the Plan based on the formula specified in the Plan Document. Both participant and employer matching contributions are recorded in the period in which the employee payroll deductions are made. The aggregate amount of participant and employer contributions cannot exceed certain limits as established by the provisions of the Plan Document and the Internal Revenue Code (IRC).

Participants may also make rollover contributions to the Plan, provided the amount represents a balance from a qualified plan under the IRC and the amount is contributed to the Plan within 60 days of the original distribution.

Transfers

Certain employee job classification changes made during the year may warrant a transfer of participant accounts out of the Plan and into another Company-sponsored plan. These transfers are reflected within the participant balance transfers line item on the Statement of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately vested in their contributions and rollover contributions. Upon the completion of three years of service or upon termination of employment due to retirement, disability, or death, the participant will also be fully vested in that portion of his or her account attributable to employer contributions. In the event of termination of the Plan, all participant accounts become fully vested and nonforfeitable.

Participation

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings or losses, the Company's contributions, if any, and the participant's contributions. Allocation of earnings or losses is based on relative account balances and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Withdrawals and Termination

Withdrawals from participant accounts may be made for the following reasons: termination of employment, financial hardship, retirement, death or attainment of age 59½.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan Document, and are subject to taxes in the year received.

The Plan does not permit partial or periodic withdrawals from a participant's account, except for hardship withdrawals, attainment of age 70½ and from rollover contributions. Any other types of withdrawals must be for the entire vested balance.

Notes Receivable from Participants

The Plan allows participants currently employed by the Company to borrow amounts not exceeding 50% of their vested account balance. Notes receivable from participants must exceed \$1,000 and cannot exceed \$50,000. Notes receivable bear interest at prevailing rates for comparable notes made by commercial lending institutions. Notes receivable repayments are generally made through payroll deductions and normally must be repaid within a five-year term unless the note was used to purchase a primary residence, which allows extension of the term up to 15 years. Notes receivable become due and payable in full once a participant terminates employment.

Plan Termination

The Company has reserved the right to amend, modify, suspend, or terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in that portion of their account attributable to employer contributions.

Plan Administration

The Plan's investments are administered by Fidelity Management Trust Company (the Trustee). Upon enrollment in the Plan, a participant may direct the investment of his or her employee and employer contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis.

Forfeitures

Forfeitures arising upon termination of a participant's employment shall be used to offset future employer matching contributions under the Plan and/or to pay the Plan's administrative expenses. If a terminated participant returns to employment within five years, the amount previously forfeited will be reinstated. Forfeited nonvested amounts available for use totaled \$116,836 and \$73,711 at December 31, 2019 and 2018, respectively. For the year ended December 31, 2019, no forfeitures were used to offset employer matching contributions or pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on the Plan's investments held throughout the year as well as those bought and sold during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Expenses of the Plan are paid out of the Plan unless paid by the Company. Transaction expenses are included as part of the cost of the related investments. Fees related to notes receivable from participants are paid by the borrowing participant.

Note 3: Tax Status of the Plan

No provision for income taxes has been included in the Plan's financial statements. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 25, 2017 that the Plan and related trust, as then designed, were in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified as tax-exempt at December 31, 2019.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 4: Financial Information of the Plan Certified by the Trustee

Assets of the Plan are invested in the Mueller Master Trust (the Master Trust). At December 31, 2019 and 2018, the Master Trust included the investment assets of the Plan and one other Company-sponsored plan, the Mueller Group, LLC Retirement Savings Plan No. 1. Each participating plan has an undivided interest in the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value plus actual contributions and investment income less actual distributions, transfers and administrative expenses. The Plan's interest in the Master Trust as a percentage of net assets was approximately 19% at December 31, 2019 and 2018.

The Master Trust investments and the Plan interest in the Master Trust, at fair value, are as follows:

	December 31,	
	2019	2018
Master Trust investments:		
Mutual funds	\$ 231,501,395	\$ 190,457,295
Plan interest in Master Trust	\$ 45,093,427	\$ 37,013,014

The net investment income of the Master Trust and of the Plan interest in the Master Trust investment income for the year ended December 31, 2019 are as follows:

Net appreciation in fair value of mutual funds	\$ 37,322,169
Interest and dividends, mutual funds	7,297,065
	<u>\$ 44,619,234</u>
Plan interest in Master Trust investment income	<u>\$ 7,893,824</u>

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the above information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information.

Note 5: Fair Value Measurements

Mutual funds held by the Plan at December 31, 2019 and 2018 are valued using the published quoted price, which is the net asset value of the fund. The net asset value is based on the fair value of the underlying securities. There were no changes in the methodologies used during the year. All assets of the Master Trust are Level 1 within the fair value hierarchy.

Note 6: Reconciliation of Financial Statements to Form 5500

Note 7: Party-in-Interest Transactions

The Trustee performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. The Trustee is also the record-keeper as defined in the Plan Document. Any transactions with the Trustee qualify as party-in-interest transactions as do notes receivable from participants. Net fees paid to the Trustee were \$24,235 for the year ended December 31, 2019. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

Note 8: Prohibited Transactions

The Company deducted \$138,523 during 2017 from participants' gross wages that was not remitted in a timely manner to the Plan in accordance with DOL Rules and Regulations. As required by the DOL, the late remittances continue to be reported as late through the year the lost earnings are contributed. The Company calculated lost earnings pursuant to guidelines established by the DOL. The amounts, which are immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits. During 2020, the Company contributed lost earnings and interest corresponding to the 2018 late remittances, filed Form 5330, paid all applicable excise taxes.

Note 9: Subsequent Events

COVID-19 Disruption

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees, and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant depending on the nature of the business being impacted. Management is presently unable to predict what short-term and long-term impact this level of disruption will have on the Plan, and there can be no assurances that a significant impact to the Plan will not take place. There have been no adjustments to these financial statements as a result of this uncertainty.

The Company has evaluated events and transactions occurring subsequent to December 31, 2019 through the report date, the date of the issuance of the financial statements. During this period, all subsequent events requiring recognition or non-recognized subsequent events requiring disclosure have been incorporated into these financial statements.

Mueller Group, LLC Retirement Savings Plan No. 2

Notes to Financial Statements December 31, 2019 and 2018

Note 1: Plan Description

The following is a brief description of the Mueller Group, LLC Retirement Savings Plan No. 2 (the Plan). The Plan covers certain employees of Mueller Company, a segment of Mueller Group, LLC (the Company or Plan Sponsor). The Company is a wholly owned subsidiary of Mueller Water Products, Inc. The Plan is a defined contribution plan providing retirement benefits to eligible employees of the Company. Participants should refer to the Plan Document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2019 and in accordance with the Bipartisan Budget Act of 2018, the Plan removed the provision that suspended the participants' ability to contribute to the Plan for a six month period following a hardship withdrawal.

Eligibility

An eligible employee is either an hourly employee whose compensation is subject to a collective bargaining agreement or a salaried employee identified on a schedule attached to the Plan Document. Leased employees, non-resident aliens, cooperative students, and temporary employees are not eligible to participate in the Plan. Unless participation criteria are specifically stated otherwise in the Plan Document, each employee hired subsequent to August 16, 1999, the Plan's inception date, is eligible to participate in this Plan as of the entry date, which coincides with or immediately follows the latter of: the Plan's inception date, the effective date of the adoption of this Plan by the divisions of the Company, or upon attaining the age of eligibility, which varies depending on the requirements of the Company's divisions, as specified in the Plan Document.

Contributions

The Plan is funded through both participant and employer contributions. Eligible employees are able to make basic and voluntary contributions, as defined in the Plan Document. In addition, participants in certain divisions of the Company may also make supplemental contributions, as specified by the Plan Document.

The employer makes matching contributions to the Plan based on the formula specified in the Plan Document. Both participant and employer matching contributions are recorded in the period in which the employee payroll deductions are made. The aggregate amount of participant and employer contributions cannot exceed certain limits as established by the provisions of the Plan Document and the Internal Revenue Code (IRC).

Participants may also make rollover contributions to the Plan, provided the amount represents a balance from a qualified plan under the IRC and the amount is contributed to the Plan within 60 days of the original distribution.

Transfers

Certain employee job classification changes made during the year may warrant a transfer of participant accounts out of the Plan and into another Company-sponsored plan. These transfers are reflected within the participant balance transfers line item on the Statement of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately vested in their contributions and rollover contributions. Upon the completion of three years of service or upon termination of employment due to retirement, disability, or death, the participant will also be fully vested in that portion of his or her account attributable to employer contributions. In the event of termination of the Plan, all participant accounts become fully vested and nonforfeitable.

Participation

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings or losses, the Company's contributions, if any, and the participant's contributions. Allocation of earnings or losses is based on relative account balances and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Withdrawals and Termination

Withdrawals from participant accounts may be made for the following reasons: termination of employment, financial hardship, retirement, death or attainment of age 59½.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan Document, and are subject to taxes in the year received.

The Plan does not permit partial or periodic withdrawals from a participant's account, except for hardship withdrawals, attainment of age 70½ and from rollover contributions. Any other types of withdrawals must be for the entire vested balance.

Notes Receivable from Participants

The Plan allows participants currently employed by the Company to borrow amounts not exceeding 50% of their vested account balance. Notes receivable from participants must exceed \$1,000 and cannot exceed \$50,000. Notes receivable bear interest at prevailing rates for comparable notes made by commercial lending institutions. Notes receivable repayments are generally made through payroll deductions and normally must be repaid within a five-year term unless the note was used to purchase a primary residence, which allows extension of the term up to 15 years. Notes receivable become due and payable in full once a participant terminates employment.

Plan Termination

The Company has reserved the right to amend, modify, suspend, or terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in that portion of their account attributable to employer contributions.

Plan Administration

The Plan's investments are administered by Fidelity Management Trust Company (the Trustee). Upon enrollment in the Plan, a participant may direct the investment of his or her employee and employer contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis.

Forfeitures

Forfeitures arising upon termination of a participant's employment shall be used to offset future employer matching contributions under the Plan and/or to pay the Plan's administrative expenses. If a terminated participant returns to employment within five years, the amount previously forfeited will be reinstated. Forfeited nonvested amounts available for use totaled \$116,836 and \$73,711 at December 31, 2019 and 2018, respectively. For the year ended December 31, 2019, no forfeitures were used to offset employer matching contributions or pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on the Plan's investments held throughout the year as well as those bought and sold during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Expenses of the Plan are paid out of the Plan unless paid by the Company. Transaction expenses are included as part of the cost of the related investments. Fees related to notes receivable from participants are paid by the borrowing participant.

Note 3: Tax Status of the Plan

No provision for income taxes has been included in the Plan's financial statements. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 25, 2017 that the Plan and related trust, as then designed, were in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified as tax-exempt at December 31, 2019.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 4: Financial Information of the Plan Certified by the Trustee

Assets of the Plan are invested in the Mueller Master Trust (the Master Trust). At December 31, 2019 and 2018, the Master Trust included the investment assets of the Plan and one other Company-sponsored plan, the Mueller Group, LLC Retirement Savings Plan No. 1. Each participating plan has an undivided interest in the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value plus actual contributions and investment income less actual distributions, transfers and administrative expenses. The Plan's interest in the Master Trust as a percentage of net assets was approximately 19% at December 31, 2019 and 2018.

The Master Trust investments and the Plan interest in the Master Trust, at fair value, are as follows:

	December 31,	
	2019	2018
Master Trust investments:		
Mutual funds	\$ 231,501,395	\$ 190,457,295
Plan interest in Master Trust	\$ 45,093,427	\$ 37,013,014

The net investment income of the Master Trust and of the Plan interest in the Master Trust investment income for the year ended December 31, 2019 are as follows:

Net appreciation in fair value of mutual funds	\$ 37,322,169
Interest and dividends, mutual funds	7,297,065
	<u>\$ 44,619,234</u>
Plan interest in Master Trust investment income	<u>\$ 7,893,824</u>

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the above information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information.

Note 5: Fair Value Measurements

Mutual funds held by the Plan at December 31, 2019 and 2018 are valued using the published quoted price, which is the net asset value of the fund. The net asset value is based on the fair value of the underlying securities. There were no changes in the methodologies used during the year. All assets of the Master Trust are Level 1 within the fair value hierarchy.

Note 6: Reconciliation of Financial Statements to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements is as follows:

	December 31,	
	2019	2018
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	\$ 48,080,850	\$ 39,806,821

Changes in Net Assets Available for Benefits for the year ended December 31, 2019

Increase in net assets, as reported on Form 5500	\$ 8,274,029

Change in adjustment to accrue employer contributions receivable	<u>5,502</u>
Increase in net assets, as reported in the accompanying financial statements	<u>\$ 8,263,511</u>

Note 7: Party-in-Interest Transactions

The Trustee performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. The Trustee is also the record-keeper as defined in the Plan Document. Any transactions with the Trustee qualify as party-in-interest transactions as do notes receivable from participants. Net fees paid to the Trustee were \$24,235 for the year ended December 31, 2019. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

Note 8: Prohibited Transactions

The Company deducted \$138,523 during 2017 from participants' gross wages that was not remitted in a timely manner to the Plan in accordance with DOL Rules and Regulations. As required by the DOL, the late remittances continue to be reported as late through the year the lost earnings are contributed. The Company calculated lost earnings pursuant to guidelines established by the DOL. The amounts, which are immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits. During 2020, the Company contributed lost earnings and interest corresponding to the 2018 late remittances, filed Form 5330, paid all applicable excise taxes.

Note 9: Subsequent Events

COVID-19 Disruption

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees, and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant depending on the nature of the business being impacted. Management is presently unable to predict what short-term and long-term impact this level of disruption will have on the Plan, and there can be no assurances that a significant impact to the Plan will not take place. There have been no adjustments to these financial statements as a result of this uncertainty.

The Company has evaluated events and transactions occurring subsequent to December 31, 2019 through the report date, the date of the issuance of the financial statements. During this period, all subsequent events requiring recognition or non-recognized subsequent events requiring disclosure have been incorporated into these financial statements.

Mueller Group, LLC Retirement Savings Plan No. 2

Notes to Financial Statements December 31, 2019 and 2018

Note 1: Plan Description

The following is a brief description of the Mueller Group, LLC Retirement Savings Plan No. 2 (the Plan). The Plan covers certain employees of Mueller Company, a segment of Mueller Group, LLC (the Company or Plan Sponsor). The Company is a wholly owned subsidiary of Mueller Water Products, Inc. The Plan is a defined contribution plan providing retirement benefits to eligible employees of the Company. Participants should refer to the Plan Document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2019 and in accordance with the Bipartisan Budget Act of 2018, the Plan removed the provision that suspended the participants' ability to contribute to the Plan for a six month period following a hardship withdrawal.

Eligibility

An eligible employee is either an hourly employee whose compensation is subject to a collective bargaining agreement or a salaried employee identified on a schedule attached to the Plan Document. Leased employees, non-resident aliens, cooperative students, and temporary employees are not eligible to participate in the Plan. Unless participation criteria are specifically stated otherwise in the Plan Document, each employee hired subsequent to August 16, 1999, the Plan's inception date, is eligible to participate in this Plan as of the entry date, which coincides with or immediately follows the latter of: the Plan's inception date, the effective date of the adoption of this Plan by the divisions of the Company, or upon attaining the age of eligibility, which varies depending on the requirements of the Company's divisions, as specified in the Plan Document.

Contributions

The Plan is funded through both participant and employer contributions. Eligible employees are able to make basic and voluntary contributions, as defined in the Plan Document. In addition, participants in certain divisions of the Company may also make supplemental contributions, as specified by the Plan Document.

The employer makes matching contributions to the Plan based on the formula specified in the Plan Document. Both participant and employer matching contributions are recorded in the period in which the employee payroll deductions are made. The aggregate amount of participant and employer contributions cannot exceed certain limits as established by the provisions of the Plan Document and the Internal Revenue Code (IRC).

Participants may also make rollover contributions to the Plan, provided the amount represents a balance from a qualified plan under the IRC and the amount is contributed to the Plan within 60 days of the original distribution.

Transfers

Certain employee job classification changes made during the year may warrant a transfer of participant accounts out of the Plan and into another Company-sponsored plan. These transfers are reflected within the participant balance transfers line item on the Statement of Changes in Net Assets Available for Benefits.

Vesting

Participants are immediately vested in their contributions and rollover contributions. Upon the completion of three years of service or upon termination of employment due to retirement, disability, or death, the participant will also be fully vested in that portion of his or her account attributable to employer contributions. In the event of termination of the Plan, all participant accounts become fully vested and nonforfeitable.

Participation

Individual accounts are maintained for each of the Plan's participants to reflect the participant's share of the Plan's earnings or losses, the Company's contributions, if any, and the participant's contributions. Allocation of earnings or losses is based on relative account balances and investment elections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Withdrawals and Termination

Withdrawals from participant accounts may be made for the following reasons: termination of employment, financial hardship, retirement, death or attainment of age 59½.

Hardship withdrawals are permitted if certain criteria are met, as defined by the Plan Document, and are subject to taxes in the year received.

The Plan does not permit partial or periodic withdrawals from a participant's account, except for hardship withdrawals, attainment of age 70½ and from rollover contributions. Any other types of withdrawals must be for the entire vested balance.

Notes Receivable from Participants

The Plan allows participants currently employed by the Company to borrow amounts not exceeding 50% of their vested account balance. Notes receivable from participants must exceed \$1,000 and cannot exceed \$50,000. Notes receivable bear interest at prevailing rates for comparable notes made by commercial lending institutions. Notes receivable repayments are generally made through payroll deductions and normally must be repaid within a five-year term unless the note was used to purchase a primary residence, which allows extension of the term up to 15 years. Notes receivable become due and payable in full once a participant terminates employment.

Plan Termination

The Company has reserved the right to amend, modify, suspend, or terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in that portion of their account attributable to employer contributions.

Plan Administration

The Plan's investments are administered by Fidelity Management Trust Company (the Trustee). Upon enrollment in the Plan, a participant may direct the investment of his or her employee and employer contributions in any of the Plan's investment options. The participant may change the investment elections on a daily basis.

Forfeitures

Forfeitures arising upon termination of a participant's employment shall be used to offset future employer matching contributions under the Plan and/or to pay the Plan's administrative expenses. If a terminated participant returns to employment within five years, the amount previously forfeited will be reinstated. Forfeited nonvested amounts available for use totaled \$116,836 and \$73,711 at December 31, 2019 and 2018, respectively. For the year ended December 31, 2019, no forfeitures were used to offset employer matching contributions or pay Plan expenses.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on the Plan's investments held throughout the year as well as those bought and sold during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are treated as distributions based upon the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Expenses of the Plan are paid out of the Plan unless paid by the Company. Transaction expenses are included as part of the cost of the related investments. Fees related to notes receivable from participants are paid by the borrowing participant.

Note 3: Tax Status of the Plan

No provision for income taxes has been included in the Plan's financial statements. The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 25, 2017 that the Plan and related trust, as then designed, were in accordance with applicable sections of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified as tax-exempt at December 31, 2019.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at December 31, 2019, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2016.

Note 4: Financial Information of the Plan Certified by the Trustee

Assets of the Plan are invested in the Mueller Master Trust (the Master Trust). At December 31, 2019 and 2018, the Master Trust included the investment assets of the Plan and one other Company-sponsored plan, the Mueller Group, LLC Retirement Savings Plan No. 1. Each participating plan has an undivided interest in the Master Trust. The fair value of the Plan's interest in the Master Trust is based on the beginning of year value plus actual contributions and investment income less actual distributions, transfers and administrative expenses. The Plan's interest in the Master Trust as a percentage of net assets was approximately 19% at December 31, 2019 and 2018.

The Master Trust investments and the Plan interest in the Master Trust, at fair value, are as follows:

	December 31,	
	2019	2018
Master Trust investments:		
Mutual funds	\$ 231,501,395	\$ 190,457,295
Plan interest in Master Trust	\$ 45,093,427	\$ 37,013,014

The net investment income of the Master Trust and of the Plan interest in the Master Trust investment income for the year ended December 31, 2019 are as follows:

Net appreciation in fair value of mutual funds	\$ 37,322,169
Interest and dividends, mutual funds	7,297,065
	<u>\$ 44,619,234</u>
Plan interest in Master Trust investment income	<u>\$ 7,893,824</u>

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any audit procedures with respect to the above information certified by the Trustee, except for comparing such information to information included in the Plan's financial statements and supplemental information.

Note 5: Fair Value Measurements

Mutual funds held by the Plan at December 31, 2019 and 2018 are valued using the published quoted price, which is the net asset value of the fund. The net asset value is based on the fair value of the underlying securities. There were no changes in the methodologies used during the year. All assets of the Master Trust are Level 1 within the fair value hierarchy.

Note 6: Reconciliation of Financial Statements to Form 5500

The financial information of the Plan, as reported on Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements is as follows:

	December 31,	
	2019	2018
Net Assets Available for Benefits		
Net assets, as reported on Form 5500	\$ 48,080,850	\$ 39,806,821
Adjustment to accrue participant contributions receivable	37,930	53,950
Adjustment to accrue employer contributions receivable	<u>23,629</u>	<u>18,127</u>
Net assets, as reported in the accompanying financial statements	<u>\$ 48,142,409</u>	<u>\$ 39,878,898</u>

Changes in Net Assets Available for Benefits for the year ended December 31, 2019

Increase in net assets, as reported on Form 5500	\$ 8,274,029
Change in adjustment to accrue participant contributions receivable	(16,020)
Change in adjustment to accrue employer contributions receivable	<u>5,502</u>
Increase in net assets, as reported in the accompanying financial statements	<u>\$ 8,263,511</u>

Note 7: Party-in-Interest Transactions

The Trustee performs services for, sells products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. The Trustee is also the record-keeper as defined in the Plan Document. Any transactions with the Trustee qualify as party-in-interest transactions as do notes receivable from participants. Net fees paid to the Trustee were \$24,235 for the year ended December 31, 2019. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from prohibition of party-in-interest transactions under ERISA.

Note 8: Prohibited Transactions

The Company deducted \$138,523 during 2017 from participants' gross wages that was not remitted in a timely manner to the Plan in accordance with DOL Rules and Regulations. As required by the DOL, the late remittances continue to be reported as late through the year the lost earnings are contributed. The Company calculated lost earnings pursuant to guidelines established by the DOL. The amounts, which are immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits. During 2020, the Company contributed lost earnings and interest corresponding to the 2018 late remittances, filed Form 5330, paid all applicable excise taxes.

Note 9: Subsequent Events

COVID-19 Disruption

In March 2020, the World Health Organization officially designated COVID-19 as a pandemic, and as a result, businesses across the country and the world have had to take steps to protect their employees, and employees of companies with whom they do business. The associated business disruption has ranged from limited to significant depending on the nature of the business being impacted. Management is presently unable to predict what short-term and long-term impact this level of disruption will have on the Plan, and there can be no assurances that a significant impact to the Plan will not take place. There have been no adjustments to these financial statements as a result of this uncertainty.

The Company has evaluated events and transactions occurring subsequent to December 31, 2019 through the report date, the date of the issuance of the financial statements. During this period, all subsequent events requiring recognition or non-recognized subsequent events requiring disclosure have been incorporated into these financial statements.
