## NOTE A - DESCRIPTION OF THE PLAN

The following description of Jetco Delivery, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan is a defined contribution plan, in effect as of January 1, 2008 and most recently amended effective June 1, 2018, covering all employees of Jetco Delivery, LLC (the Company) and its wholly , owned subsidiaries: Associated Acquisition Company, Jetco Heavy Haul, Jetco Logistics, and Jetco Holdings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent related amendments and revisions. The Plan's trustee is Fidelity Management Trust Company.

### Eligibility

Effective December 1, 2017, employees of the Company may enter the plan upon hiring without limitation to age or length of service. Prior to December 1, 2017, employees were required to meet a minimum age requirement of 21 to become eligible.

### Contributions

Qualified participants may elect to defer a percentage or dollar amount of their compensation at each pay period, subject to federal limitations. Participants who have attained age 50 before the end of the calendar year are eligible to defer an additional catch-up contribution. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investing of the contributions in any of the Plan's available investment options.

The plan allows for the Company to make discretionary matching contributions on behalf of eligible participants each plan year at an amount determined by the Company. For year ending December 31, 2019, the Company elected to match 100% of participant deferrals up to 2% of eligible compensation. Employer matching contributions for the year ended December 31, 2019 totaled $71,990.

### Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary matching contribution, if any, and Plan earnings. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Expenses

Administrative expenses may be paid from the Plan unless some or all are paid by the Company. Expenses paid by the Plan are generally loan set-up and maintenance fees. The Company incurs expenses for administration, legal, consulting, audit, accounting, and trustee and recordkeeping services to administer the Plan.

Vesting

Participants are always 100% vested in their voluntary contributions, including rollover contributions, plus actual earnings thereon.

Prior to amending the Plan's eligibility requirements on December 1, 2017, participants were 100% vested in the Company's matching contributions under the Plan's safe harbor provisions. Subsequent to the amendment, Company matching contributions vest based on years of continuous service as shown below:

| Years of vesting service | Vested Percentage |
|---|---|
| Less than one year | 0% |
| One Year | 0% |
| Two Years | 20% |
| Three Years | 40% |
| Four Years | 60% |
| Five Years | 80% |
| Six Years and more | 100% |

Payment of Benefits

Subsequent to termination of service, death, disability or retirement, a participant whose vested benefit does not exceed $5,000 will receive one lump sum distribution as soon as administratively feasible. For participants, whose vested benefit in the Plan exceeds $5,000, several distribution options are available. The Plan also allows for other withdrawal options for participants under certain circumstances as defined in the Plan document.

Forfeitures

At the Company's discretion, the plan document allows for the Plan to use forfeitures for paying administrative expenses. To the extent that forfeitures are not used to pay or reduce administrative expenses, forfeitures will be applied to reduce the Company's matching contributions. At December 31, 2019 and 2018, there were no material unapplied forfeitures and there were no material forfeitures applied for the year ended December 31, 2019.

NOTE A - DESCRIPTION OF THE PLAN (continued)

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their individual accounts among alternative investment funds provided under the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. However, the $50,000 maximum is reduced by the highest outstanding loan balance the participant had under the Plan during the previous twelve-month period. The loans are secured by the balance in the participant's account and bear interest at the prevailing market rate. Principal and interest are paid ratably through regular payroll deductions. All loans are considered a directed investment of the participants account under the Plan. Payments of principal and interest by the participant on the loan will be credited to their account. For the years ended December 31, 2019 and 2018, notes receivable from participants equaled $92,927and $131,327, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through October 14, 2020, which is the date the financial statements were available to be issued. Subsequent events are disclosed in Note K.

Basis of Accounting

The financial statements have been prepared under the accrual method of accounting in conformity with GAAP.

Investment Valuation and Income Recognition

The Plan offers investments in mutual funds and a common collective trust. Mutual funds are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Units of the common collective trust are valued at the Net Asset Value ("NAV") redemption value as determined by the trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Benefit Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Recently Issued Accounting Standards

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-13, Fair Value Measurement (Topic 820): Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement, which modifies the disclosure requirements for fair value measurements by removing, modifying, or adding certain disclosures. ASU 2018-13 is effective for all entities for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date. The adoption of ASU 2018-13 is not expected to have a material impact on the financial statements.

NOTE C - FAIR VALUE MEASUREMENTS

ASC Topic 820 defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and enhances disclosure requirements for fair value measurements.

The Plan has categorized its financial instruments into a three-level hierarchy based on the priority of the inputs to the valuation technique.

The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to inputs that are unobservable in the market place (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument. Certain investments are measured at fair value using the Net Asset Value (NAV) per share as a practical expedient and have not been classified in the fair value hierarchy.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

Financial assets recorded at fair value on the Statements of Net Assets Available for Benefits are categorized as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Quoted prices in markets that are not active or values based on inputs that are observable either directly or indirectly for substantially the full term of the asset or liability: Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These valuations, whether derived internally or obtained from a third party, use critical assumptions that are not widely available to estimate market participant expectations in valuing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following valuation methods and assumptions were used by the Plan in estimating the reported values for the investments described below:

*Mutual funds*: Valued at quoted market prices determined on an active market which represent the NAV of shares held by the Plan at year end.

*Common/collective trust fund*: Valued at the NAV of units of a bank collective trust or its equivalent. The NAV as provided as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of a collective trust, the investment advisor generally reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2019 and 2018:

| December 31, 2019 | Fair Value | Level 1 | Level 2 |
|---|---|---|---|
| Mutual funds | $ 2,331,762 | $ 2,331,762 | $ - |
| | $ 2,331,762 | $ 2,331,762 | $ - |
| Total assets at fair value | 2,331,762 | | |
| December 31, 2018 | | | |
| Mutual funds | $ 2,119,390 | $ 2,119,390 | $ - |
| Total assets at fair value | $ 2,119,390 | $ 2,119,390 | $ - |
| Common/collective trust fund measured at NAV | 32,909 | | |
| Total assets at fair value | 2,152,299 | | |

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Valuation of Financial Assets and Liabilities at Fair Value

Certain assets are measured at estimated fair value on the Plan's Statement of Net Assets Available for Benefits. The Plan defines fair value as the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date.

The exit price and the transaction (or entry) price will be the same at initial recognition in many circumstances. However, in certain cases, the transaction price may not represent fair value. The Plan determines the most appropriate valuation technique to use, given the instrument being measured and the availability of sufficient inputs. The Plan prioritizes the inputs to fair valuation techniques and allows for the use of unobservable inputs to the extent that observable inputs are not available.

NOTE C - FAIR VALUE MEASUREMENTS (continued)

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2019, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE D – TAX STATUS

The Plan obtained its latest determination letter as of March 31, 2014, at which time the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving this determination letter, however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

All administrative, audit, and tax return preparation fees of the Plan are to be paid by the Company. The Plan is not responsible for reimbursing the Company for any fees paid by the Company.

Plan investments include mutual funds managed by Fidelity Investments. Fidelity Investments is the parent company of Fidelity Management Trust Company who is the trustee of the Plan, and therefore, these transactions qualify as parties-in-interest transactions.

NOTE F - PLAN TERMINATION

Although the Company has expressed no such intention, the Plan may be terminated at the Company's election. In the event of plan termination, all plan benefits would become 100% vested and payable to the participants in accordance with plan provisions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE J – DELINQUENT TRANSMITTAL OF EMPLOYEE DEFERRALS

Participant contributions totaling $87,571 were withheld from participants' pay during the year ended December 31, 2019 but were not remitted to the Plan within the time frame required by the Department of Labor. The Company is in the process of determining the lost earnings on these late deposits and the amount will be remitted to the Plan during 2020.

NOTE K – SUBSEQUENT EVENT

As a result of COVID-19, there has been heightened market risk and volatility associated with the pandemic, and this could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the markets during this time, Plan management is unable to estimate the total impact the pandemic could have on the Plan.
