Note 1 - Description of Plan

The DCA Profit Sharing 401(k) Plan (the "Plan") is organized as a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers substantially all eligible employees of The Falcon Corporation and Dave Carter & Associates, Inc. (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by trustees appointed by the Board of Directors of the Company. The Plan was established effective September 1, 1993. The Plan has been restated and amended throughout the years, with the most recent restatement effective January 1, 2014 and the most recent amendment effective January 1, 2019 to comply with changes to the hardship distribution rules and regulations. The following is provided only for general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Eligibility

Employees who have attained age 18 and completed at least two months of employment are eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to the maximum amount allowable not to exceed the limits of Code Sections 401(k), 402(g), 404 and 415. Additional profit sharing or matching amounts may be contributed at the option of the Company's Board of Directors. Participants direct the investment of contributions into various investment options offered by the Plan. For 2019 and 2018, the Company elected to match 50% of employee contributions up to the first 2%. The Company did not elect to make any profit sharing contributions for 2019 or 2018.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's discretionary contribution and Plan earnings and may be charged with an allocation of administration expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary and matching contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

A participant will also be 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.

Note 1 - Description of Plan, (Continued)

Vesting, (Continued)

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

Forfeitures

The nonvested portion of a participant's account is forfeited upon termination of their employment with the Company. Forfeitures attributable to matching contributions will be used to reduce the employer's matching contribution. All other forfeitures are allocated to all participants eligible to share in the same proportion that participant's compensation for the Plan year bears to the compensation of all participants for such year. At December 31, 2019 and 2018, there was $776 and $149 in forfeited nonvested accounts, respectively.

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's account. Upon termination for any reason other than death, disability, or retirement a participant shall receive the value of the vested interest in his or her account. Annuities are allowed but are not the normal form of distribution.

Participant Loans

Participant loans are not allowed under the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are managed by Massachusetts Mutual Life Insurance Company (Mass Mutual), which consist of various publicly traded mutual funds, a guaranteed income account, and a fixed account. Mass Mutual served as the intermediary for all asset purchases and redemptions. The Plan's investments are stated at fair market value at December 31, 2019 and 2018, except for fully benefit-responsive investment contracts, which are reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The fixed account and guaranteed income account are considered fully benefit-responsive and are reported at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 - Summary of Significant Accounting Policies, (Continued)

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. The general expenses of the administration of the Plan are paid by the Company and excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were available to be issued, or October 14, 2020. No subsequent events have been recognized or disclosed, except as noted below.

In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the United States (U.S.). On March 11, 2020, the World Health Organization declared COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. declared a state of emergency which caused business disruptions in numerous industries. Additionally, the COVID-19 pandemic has caused significant volatility in the investment and financial markets. The pandemic is expected to impact plan operations and results; however, the future effects and duration are unknown and cannot be reasonably estimated.

As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that included numerous employee benefit plan provisions to assist plan sponsors and participants. The Plan opted to permit coronavirus related distributions up to $50,000 in 2020 as part of the CARES Act.

Note 3 - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified by the custodian of the Plan as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $7,123,222 and $5,364,642 at December 31, 2019 and 2018 respectively, and related gains of $1,089,312 for the year ending December 31, 2019. The related gains of $1,089,312 consist of the appreciation in fair value of the investments of $1,041,622 and interest income of $47,690.

Note 4 - Investment Contracts

The Plan has investment contracts with Hartford Life Insurance Company, which are administered by Mass Mutual. Two investments, a guaranteed income account and fixed account, are held in the insurance company's general account, subject to the group annuity contract and funding agreement.

The fixed account and guaranteed income accounts, valued at contract value, are credited with earnings on the underlying investments and charged for participant withdrawals and administrative

Note 4 - Investment Contracts, (Continued)

expenses and are considered fully benefit-responsive. Participants may direct the investment, withdrawal, or transfer of all or a portion of their investment.

The Plan holds the fixed account and guaranteed income accounts, at December 31, 2019 and 2018, which are considered fully benefit-responsive. The fixed account has a declared interest rate, or minimum guaranteed rate, of 3%, and the guaranteed income account provides $10 in guaranteed monthly income per share for participants starting at age 65. The accounts allow participants to direct permitted withdrawals and/or transfer transactions at contract value, which represents contributions plus credited interest, less participant withdrawals and fees. Employer initiated events, such as premature termination of the contract by the Plan, could limit the funds' ability to transact at contract value with the Plan. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The issuer is contractually obligated to pay the principal and the specified rate of interest that is guaranteed to the fund as stated in the group funding agreement. Contract value approximates fair value. The contract values of the fixed account are $1,725,778 and $1,403,223 at December 31, 2019 and 2018, respectively, and $10,966 and $7,750 for the guaranteed income account at December 31, 2019 and 2018, respectively.

Note 5 - Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

Note 5 - Fair Value Measurements, (Continued)

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2019 and 2018:

	Assets at Fair Value as of December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,386,478	$ 0	$ 0	$ 5,386,478
Total assets at fair value	$ 5,386,478	$ 0	$ 0	$ 5,386,478

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 3,953,669	$ 0	$ 0	$ 3,953,669
Total assets at fair value	$ 3,953,669	$ 0	$ 0	$ 3,953,669

The Plan's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstances that caused the transfer. For the years ending December 31, 2019 and 2018, there were no significant transfers into or out of levels 1, 2, or 3.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is in compliance with the applicable requirements of the Internal Revenue code. The plan has been amended since receiving the determination letter to comply with regulations required by law. However, the Plan administrator and the Plan's trustees believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2016.

Note 8 - Risks and Uncertainties

The Plan invests in a variety of publicly traded funds and a guaranteed income and fixed account. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Related Party and Parties-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties. Transactions during the year with parties-in-interest included the following:

The employer, Dave Carter & Associates, Inc., provided certain accounting, administrative, and investment management services to the Plan for which no fees are charged. Furthermore, the custodian of the Plan charged administrative fees in the amount of $480 and $220 for 2019 and 2018, respectively. The custodian holds the Plan investments and provides investment advisory and recordkeeping services to the Plan.

Note 10 - Excess Contributions Refundable

At December 31, 2019 and 2018, liabilities of $34,202 and $0, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

Note 11 - Reconciliation of Financial Statements to Federal Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements to the Federal Form 5500, Annual Return/Report of Employee Benefit Plan, as of December 31, 2019 and 2018:

	2019	2018
