INDEPENDENT AUDITORS' REPORT

To the Willis Towers Watson U.S. Benefit Plans Administration Committee
and Plan Participants

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Willis North America Inc. Pension Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2019 and 2018, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, as of and for the years ended December 31, 2019 and 2018, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee, as of December 31, 2019, and 2018, and for the years then ended, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules listed in the Table of Contents are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the Willis North America Inc. Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s information.

General — The Plan is a defined benefit pension plan sponsored by Willis North America Inc. (the “Company”), a subsidiary of Willis Towers Watson plc, and covers employees of the Company, including employees of adopting subsidiaries, some of which had predecessor defined benefit retirement plans (the “Predecessor Plans”) which have elected to transfer the net assets of their Predecessor Plans to the Plan. The Benefit Plans Administration Committee of the Company controls and manages the operation and administration of the Plan. Wells Fargo Bank, N.A. (the “Trustee”) serves as the Trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective December 1, 2019, 443 retired Plan participants, and assets and accumulated plan benefit obligation of \$23,167,285 and \$22,435,734, respectively, were transferred from the Plan to the Willis Towers Watson Pension Plan for U.S. Employees (“the WTW Plan”).

Contributions and Vesting — Generally, all employees of the Company and its subsidiaries who were at least 21 years old and who were hired by December 31, 2006, and have completed one year of service, were eligible to participate in the Plan. Temporary employees who were at least 21 years old and who had completed 1,000 hours of service prior to January 1, 2007, were also eligible to participate in the Plan.

Effective January 1, 2007, no new employees were permitted to participate in the Plan. All Plan participants are now vested. Contributions are based on the actuarially determined amounts required to provide for participants’ benefits under the Plan, after considering earnings of the Plan’s assets. During September 2020, the Company made a contribution of \$17,700,000 for the 2019 plan year. This amount has been reflected as a receivable to the Plan at December 31, 2019. There was no employer contribution made or required for the 2018 plan year as the Company was in compliance with the minimum funding requirements of ERISA.

Normal retirement age under the Plan is 65, with early retirement permitted if the participant is 55 and has 10 years of vesting service. If participants were hired before January 1, 2005, retirement benefits are calculated as a percentage of compensation for the average of the five consecutive calendar years during the last 15 years of employment which produce the highest average. If participants were hired on or after January 1, 2005, retirement benefits are calculated at 1.75% of eligible compensation for all periods in which benefit service is earned. Participants in the Plan may elect to receive the value of their Plan benefits in the form of one of several annuity methods.

Effective May 15, 2009, the Plan was amended to freeze participants’ plan benefits. As a result, the total benefits for each employee will only reflect benefit service and compensation each employee earned through May 15, 2009. The employees’ service subsequent to this date will continue to count for the purpose of determining the employees’ vested status, eligibility for early retirement, and eligibility for certain death benefits under the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, the disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits and changes therein at the date of the financial statements. Actual results could differ from these estimates.

WILLIS NORTH AMERICA INC. PENSION PLAN
Notes to the Financial Statements
As of and for the Years Ended December 31, 2019 and 2018

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements. The Plan invests in certain commingled trust funds and hedge funds whose respective fair values at December 31, 2019 and 2018 are in excess of 10% of the Plan's respective net assets available for benefits at December 31, 2019 and 2018.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Investment Valuation and Income Recognition — Investments are stated at fair value. The Plan follows the guidance of Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"), which establishes a framework for measuring fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 5 for a discussion of fair value measurements.

Investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes net gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits — Benefit payments to participants are recorded upon distribution.

Contributions Receivable — Contributions receivable are amounts due from the Company as of the date of the financial statements, including legal and contractual obligations or obligations resulting from a formal commitment.

Administrative Expenses — Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. The Plan sponsor provides accounting and other administrative services to the Plan.

Recent Accounting Pronouncements — In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2018-13, *Disclosure Framework — Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU No. 2018-13"), which amends certain disclosure requirements of ASC 820, including the removal of the requirement to disclose the amount of and reasons for transfers of assets between level 1 and level 2 of the fair value hierarchy, as well as the policy for timing of transfers between levels. ASU No. 2018-13 also modifies the disclosure for investments in certain entities that calculate the net asset value to disclose the timing and liquidation of an investee's assets and the date when restrictions from redemption might lapse only if the investee has communicated the timing to the Plan or announced the timing publicly. Additionally, ASU No. 2018-13 clarifies the measurement uncertainty disclosure to communicate information about the uncertainty in measurement as of the reporting date. This ASU became effective for the Plan on January 1, 2020, at which time it adopted it. Certain provisions of the ASU were required to be adopted retrospectively, while others were required to be adopted prospectively. This ASU will not have a material impact on the Plan's financial statements.

3. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the employees' compensation and services employees have rendered as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The following presents the significant actuarial assumptions used in the valuation of the Plan's accumulated plan benefits as of December 31, 2018 and 2017. The actuarial present value of accumulated plan benefits at December 31, 2019 and 2018 are presented using a beginning of year benefit information date. The actuarial present value of accumulated plan benefits below is measured as of January 1, which is a proxy for December 31 for each respective year presented. The effect of Plan amendments on accumulated plan benefits are recognized during the year in which such amendments are adopted. There were no amendments effective January 1 recognized in the actuarial present value of accumulated plan benefits included below. The transfer related to the WTW Plan (see Note 1) became effective on December 1, 2019 and resulted in a decrease to the accumulated plan benefit obligation of \$22,435,734.

	December 31, 2018	December 31, 2017
Mortality	RP-2014 Mortality Table ⁽¹⁾	RP-2014 Mortality Table ⁽¹⁾
Interest discount assumptions	7.25%	7.25%
Average retirement age	62	63

⁽¹⁾ The special disability mortality tables specified in Internal Revenue Service ("IRS") Revenue Ruling 96-7 were used for disabled participants.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue indefinitely. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

WILLIS NORTH AMERICA INC. PENSION PLAN
Notes to the Financial Statements
As of and for the Years Ended December 31, 2019 and 2018

The actuarial present value of accumulated plan benefits as of December 31, 2018 is summarized as follows:

Actuarial present value of accumulated plan benefits -	
Vested benefits:	
Participants currently receiving payments	\$ 415,048,069
Other participants	<u>256,782,061</u>
Total vested accumulated benefits:	671,830,130
Nonvested benefits ⁽¹⁾	<u>3,597,536</u>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 675,427,666</u></u>

⁽¹⁾Nonvested benefits includes the following: (a) early retirement benefits and supplements in excess of standard termination benefits for participants who have not yet satisfied the eligibility requirements for such benefits, and (b) death benefits in excess of the Plan's qualified pre-retirement survivor annuity.

A summary of the change in the accumulated plan benefits for the year ended December 31, 2018, is as follows:

Actuarial present value of accumulated plan benefits as of December 31, 2017	\$ 677,357,010
Changes during the year due to:	
Actuarial gains	(1,665,778)
Increase for interest due to the decrease in the discount period	47,525,175
Benefits paid	(43,674,708)
Assumption changes	<u>(4,114,033)</u>
Net decrease	<u>(1,929,344)</u>
Actuarial present value of accumulated plan benefits as of December 31, 2018	<u><u>\$ 675,427,666</u></u>

Effective May 15, 2009, an amendment was passed which froze the Plan. At the time of the amendment, the projected benefit obligation became equal to the accumulated benefit obligation and will remain so in future years. Another by-product of the freeze on net benefit cost is that gains and losses are now amortized over the expected future lifetime of Plan participants, rather than over expected future service of active participants.

5. FAIR VALUE MEASUREMENTS

The Plan follows the guidance of ASC 820, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability; and
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019.

Short-term Securities — These consist of foreign cash balances which are valued at the amount held and translated on the reporting date based on prevailing exchange rates.

Government Securities — Valued at the closing price reported in the active market in which the individual security is traded.

Hedge Funds — The fair values of these investments are estimated based on the net asset value at year end as provided by the funds' investment managers, as a practical expedient.

Commingled Trust Funds — Valued at the net asset value of shares held by the Plan at year end as a practical expedient. The respective investment manager determines the net asset values of shares by reference to the quoted closing market prices of the underlying investments held in the portfolio.

Notes to the Financial Statements
As of and for the Years Ended December 31, 2019 and 2018

Hedge funds - This category is comprised of investments in three Willis Towers Watson sponsored hedge funds: the TW Alternative Credit Z Shares Unhedged Fund (\$83,834,435), the TW Diversifying Strategy Fund (\$57,168,763), and the TW Hedge Advantage Fund (\$85,149,906), and. This class consists of multi-strategy hedge fund of funds, which invest in a diversified array of funds across a multitude of strategies. The redemption period is generally quarterly, however the Alternative Credit Z Shares Unhedged Fund has an initial lock-up period of one year and requires a 50-day notice, the Diversifying Strategy Fund requires a 50-day notice, and the Hedge Advantage Fund has an initial lock-up period of one year and requires a 185-day notice. There are no unfunded commitments for any of the three funds.

Transfers Between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

6. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated December 4, 2017, that the Plan and related trust are designed in accordance with applicable regulations of the Internal Revenue Code (“IRC”). In December 2016, the IRS began publishing a Required Amendments List for individually designed plans which specifies changes in qualification requirements. The list is published annually and requires plans to be amended for each item on the list, as applicable, to retain its tax-exempt status. The Plan administrator and the Plan’s tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, the net assets of the Plan will be allocated for payment of plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (“PBGC”) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor’s pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan’s termination, subject to a statutory ceiling on the amount of an individual’s monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan’s net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Transactions with parties-in-interest include various funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee and for investment management services were \$950,773 and \$1,210,743 for the years ended December 31, 2019 and 2018, respectively. These amounts are included as part of administrative expenses on the statements of changes in net assets available for benefits. Furthermore, the Plan is invested in certain Willis Towers Watson-sponsored funds. The fair value and related appreciation/(depreciation) of these investments as of and for the years ended December 31, 2019 and 2018 are detailed in the table below:

	Fair Value at December 31,		Net Appreciation/(Depreciation) in Fair Value of Investments For the Year Ended December 31,

10. SUBSEQUENT EVENTS

For the year ended December 31, 2019, subsequent events were evaluated through October 9, 2020, the date the financial statements were available to be issued. Based on this review, no significant events occurred that require adjustment to or disclosure in the Plan's financial statements, except for the events disclosed below and in Notes 1 and 2.

Subsequent to December 31, 2019, there was an outbreak of the novel coronavirus ("COVID-19") which has adversely affected, and may continue to affect, the global financial markets and economy. The outbreak of COVID-19 is still on-going and the extent of its impact on the Plan's net assets available for benefits and changes in net assets available is uncertain. The related financial impact and duration cannot be reasonably estimated at this time.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act provided fast and temporary relief for retirement plan sponsors and their participants. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Plan is currently evaluating the applicable relief provisions included in the CARES Act, and its future effects on the Plan's net assets available for benefits and changes in net assets available for benefits are uncertain. Under the CARES Act, the Plan Sponsor may elect to make contributions designated for the 2019 Plan Year following issuance of the financial statements. Contributions and contributions receivable within the financial statements are presented in accordance with GAAP and may differ from contributions and contributions receivable disclosed on Schedule H of the Form 5500, which are presented based on the plan year for which they are designated.

Effective January 1, 2021, Northern Trust Corporation will serve as the new Trustee of the Plan.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year, as required by regulations under IRC §430.
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation and the dates that are 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings of 7.25% (with such expected earnings limited as described in IRS Notice 2009-22) . The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2018 plan year.)</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.</p>
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with the plan sponsor and, based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

The plan sponsor furnished participant data as of 1/1/2019. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions for Contributions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Administrative expenses	Administrative expenses are estimated by using average historical actual expenses paid from the trust the preceding year plus the expected change in the PBGC premium from the prior year.

Assumptions Rationale - Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Retirement and Termination	<p>Retirement and termination rates were based on an experience study conducted in 2019, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future.</p> <p>Assumed retirement and termination rates differ by age because of observed differences in retirement and termination rates by age.</p>
Form of payment and timing	The timing and form of payment assumptions were based on an experience study conducted in 2019.

Source of Prescribed Methods

Funding methods	The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are “prescribed methods set by law”, as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.
------------------------	--

Change in Assumptions and Methods

Change in assumptions and methods since prior valuation	<p>The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.</p> <p>The required mortality tables used to calculate the funding target and target normal cost were updated to include one additional year of projected mortality improvements, as required by IRC §430.</p> <p>Retirement and termination rates were updated based on an experience study conducted in 2019.</p> <p>Form of payment assumptions have been updated based upon an experience study conducted in 2019.</p>
Change in methods since prior valuation	None.

Statement by Enrolled Actuary
To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

Effective May 15, 2009, benefit accruals were frozen under the legacy Willis benefit formulas.

Covered Employees All non-union employees who were covered employees as of December 31, 2006.

Non-US employees as of December 31, 2006 who subsequently transfer to become US employee shall become a participant as of the date of transfer up to May 15, 2009 when the plan was frozen.

Employees of the Carter Insurance Group ("Carter") who became employees as a result of the acquisition of Carter assets as of December 31, 2006 became a participant as of that date.

Definitions

Vesting Service Number of years and completed months.

Benefit Service All periods of service from the later of the employment commencement date and January 1, 1976. For an employee as of January 1, 1976, Benefit Service also includes the last period of continuous service as of December 31, 1975 that would have been Benefit Service under this plan. Any credited severance periods after February 1, 2006 shall not be included. No Benefit Service shall be provided after May 15, 2009.

Annual Compensation Base pay plus commissions and production incentive pay.

Average Compensation Annual Compensation for the five consecutive years out of the last fifteen which produces the highest average. Effective January 1, 2009, no further increases in compensation are recognized. For participants hired or re-hired in 2005 and 2006, Annual Compensation is not averaged.

Breakpoint \$34,000; the Breakpoint in any year will not exceed a participant's annual Social Security Compensation for that year.

Normal Retirement Date (NRD) Attainment of age 65.

Accrued Benefit Using the Average Compensation and Breakpoint as of the date of termination (or as of May 15, 2009 if earlier), the product of (1) and (2) below:

- (1) 1.2% of Average Compensation plus 0.65% of Average Compensation in excess of the Breakpoint multiplied by the lesser of 30 years of Benefit Service and service at the later of Normal Retirement Date and the date of determination; plus 0.3% of Average Compensation multiplied by service at the later of Normal Retirement Date and date of determination in excess of 30 years
- (2) The ratio of Benefit Service as of the date of determination over Benefit Service at Normal Retirement Date (maximum 1)

Plan Name: Willis North America Inc. Pension Plan

SCHEDULE SB ATTACHMENTS

In no event shall the resulting benefit be less than \$690 times years of benefit service as of the date of determination.

For employees hired or re-hired in 2005 or 2006 1.75% of annual compensation for all periods during which service is earned.

Form of payment

Life annuity with 5 years certain

Eligibility for Benefits

Normal retirement	Retirement on Normal Retirement Date.
Early retirement	Attainment of age 55 with 10 years of vesting service.
Vested termination	Termination for reasons other than death or retirement after completing 5 years of vesting service. At age 60, an actively employed participant is 100% vested regardless of service.
Disability	Disability occurring while actively employed with ten years of vesting service. No participant will become eligible for disability benefits after May 15, 2009.
Preretirement death benefit	Death while actively employed, age 60 or completed 5 years of vesting service or terminated with a vested deferred benefit, but before commencement.

Benefits Paid Upon the Following Events

Normal retirement	Accrued Benefit determined as of NRD.
Early retirement	Participants who retire after age 60 with at least 25 years of benefit service are eligible to begin receiving unreduced benefits commencing immediately. For other participants, the Accrued Benefit as of Early Retirement Date, reduced by 5% for each year by which the Early Retirement Date precedes the Normal Retirement Date
Vested termination	Accrued Benefit as of the date of termination multiplied by the applicable vesting percentage. If commencing prior to Normal Retirement Date, the Accrued Benefit shall be reduced by 5% for each year by which the commencement date (no earlier than age 55) precedes the Normal Retirement Date.
Disablement	Accrued Benefit with Benefit Service calculated as of the later of Normal Retirement Date of the date long-term disability benefits cease (assuming continued employment) and Average Compensation calculated as of date of termination. Benefit payable commencing at later of normal retirement date or date long-term disability benefits cease. Ten years of Vesting Service is required to be eligible for this benefit. No Vesting Service will be earned or imputed after May 15, 2009 towards disability benefits.

SCHEDULE SB ATTACHMENTS

Preretirement death For active participants with ten or more years of Vesting Service or age 65 or over and terminated vested participants who separated from service after attaining age 55 with ten or more years of Vesting Service: 50% of the Accrued Benefit as of the date of death of the participant, commencing immediately and continuing for the remaining lifetime of the spouse.

Effective January 1, 1999, for active participants at least age 55 with at least ten years of vesting service or terminated vested participants who separated from service after attaining age 55 with ten or more years of Vesting Service, an optional benefit is available: the Accrued Benefit, actuarially adjusted for the 100% joint and survivor payment form and early commencement, if applicable, payable upon the participant's death. A participant who elects this optional death benefit will have his or her Accrued Benefit reduced to reflect the period the coverage is effective.

For all other vested participants not yet receiving benefits: 50% of the Accrued Benefit, actuarially adjusted for the 50% joint and survivor payment form and early commencement, if applicable, payable commencing on the earliest date the participant could have retired, to the surviving spouse and continuing for the remaining lifetime of the surviving spouse.

Other Plan Provisions

Pension Increases None

Plan participants' contributions None

Maximum on benefits and pay All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective. Increases in the dollar limits are not assumed for determining minimum and maximum contributions.

For participants who were active and whose Annual Compensation exceeded the applicable maximum pay as of or prior to that date, their Accrued Benefit shall be equal to the greater of the basic Accrued Benefit described above or (1) or (2) below:

- (1) The Accrued Benefit determined above plus the product of (a) and (b) below:
 - (a) 1.5% of Average Compensation multiplied by the number of years at Normal Retirement Date during which Annual Compensation exceeds the applicable pay limit (counting only years after 199e up to a maximum of 15 years).
 - (b) The ratio, not exceeding 1, of years after 1993 as of the date of termination in which Annual Compensation exceeded the applicable pay limit over years as of Normal Retirement Date in which Annual Compensation would exceed the applicable pay limit, assuming a continuation of the current Annual Compensation level.
