## ESSENTRA USA DEFERRED SAVINGS PLAN

### Notes to Financial Statements

#### 1. Description of the Plan:

The following description of the Essentra USA Deferred Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering all eligible employees of Essentra Holdings Corporation (the "Company") or participating employers as listed in Appendix A of the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Transfers In:** The Company had a merger with MicroPlastics Savings and Retirement Plan in 2019. The employees of the MicroPlastics Savings and Retirement Plan are administered under the requirements as outlined in the plan documents of the Essentra USA Deferred Savings Plan and became eligible to participate in the Plan on January 1, 2019. Assets totaling \$3,986,561 from the MicroPlastics Savings and Retirement plan were transferred into the Plan in January 2019.

**Divestiture:** In 2019, the Plan divested out the Specialty Tapes business and Pipe Protection Technologies from the Plan. These divestitures provided participants the option to withdrawal their assets from the Plan or to continue participating in the Plan as currently administered. Withdrawals related to this divestiture are included in benefits paid to participants or beneficiaries in the accompanying statements of changes in net assets available for benefits.

**Contributions:** The Plan provides for contributions of pre-tax annual compensation, as defined in the Plan in whole percentages ranging from 2% to 50% of compensation. Participants are automatically enrolled at a contribution rate of 6% of eligible compensation, unless the participant elects otherwise within the 30 day eligibility period. Participants contributing less than 6% of compensation shall have their participant contributions increased by 1% annually, until their annual rate of contribution is 6% of compensation. The Company makes matching contributions equal to 75% of the first 6% of the before-tax contribution withheld from the compensation of participants. Participants of qualifying age may make additional "catch-up" contributions. Participants can direct their contributions to their accounts among many different investment options within the Plan in one percent increments. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations.

**Participant Accounts:** Each participant's account is credited with the participant's and employer's contributions and allocations of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### 1. Description of the Plan, Continued:

**Eligibility:** The Plan covers all employees in covered employment. Employees are eligible for participant contributions and employer matching contributions on the day coincident with or next following 30 days of service.

**Investment Options:** Participants may direct Vanguard Fiduciary Trust Company, the trustee, as to the investment of their account balances in accordance with guidelines established by the Plan. Participants may change their investment elections at any time.

**Vesting:** Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contributions to participant accounts is based on years of continuous service. A participant is vested 34% after one year of service and 33% each of the next two years of service.

**Notes Receivable from Participants:** Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms cannot exceed five years, unless the proceeds are used to acquire a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at the prime rate of interest plus one percent. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a default payment.

**Plan Administration:** Overall responsibility for administering the Plan rests with the Company. Participant accounts are administered by an affiliate of Vanguard Fiduciary Trust Company, the trustee of the Plan.

**Payment of Benefits:** Distribution of the vested portion of a participant's account will occur upon the participant's termination of service, retirement, death, disability, or hardship withdrawal, as defined in the Plan. A participant is entitled to receive a lump-sum payment, in an amount equal to the vested value of his or her account, or installments of reasonably equal amounts over the life expectancy of the participant.

**Forfeitures:** [bs1] Forfeited balances of terminated participants' non-vested accounts are used to reduce employer contributions or to restore recaptured forfeitures. Forfeiture additions were \$241,701 for 2019 and \$159,151 for 2018. During 2019, \$79,603 was used to reduce future contributions. During 2018, \$151,107 was used to reduce future contributions. Forfeited balances available at December 31, 2019 and 2018 were \$593,433 and \$431,328 respectively.

#### 2. Summary of Significant Accounting Policies:

**Basis of Accounting:** The financial statements of the Plan are prepared on the accrual method of accounting.

**Use of Estimates:** The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

**Investment Valuation and Income Recognition:** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits:** Benefits are recorded when paid.

**Subsequent Events:** Management has evaluated subsequent events through October 13, 2020, the date the financial statements were available to be issued, and has determined that except as disclosed below, there are no subsequent events to be reported in the accompanying financial statements.

In March 2020, COVID-19 was declared a worldwide health pandemic and has had a significant impact on the national and global economy. The ultimate impact of COVID-19 on the Plan's Financial Statements is unknown at this time.

#### 3. Fair Value Measurements:

The Financial Accounting Standards Board ("FASB") has issued guidance for measurement and disclosure of fair value and establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- |         |                                                                                                                                                                                                                       |
|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.                                                       |
| Level 2 | Inputs to the valuation methodology are quoted prices for similar instruments in active and inactive markets; and model driven valuations with significant inputs and drivers derived from observable active markets. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement.                                                                                                                   |

Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments carried or disclosed at fair value:

**Mutual funds:** Valued at the net asset value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common/collective trust:** Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determinable to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

#### 3. Fair Value Measurements, Continued:

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of:

\* In accordance with subtopic 820-10, these Plan assets are measured at the net asset value per share (or its equivalent) as a practical expedient and have not been included in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following tables summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2019 and 2018. There are no participant redemption restrictions on their investments, the redemption notice period is applicable only to the Plan.

## ESSENTRA USA DEFERRED SAVINGS PLAN

### Notes to Financial Statements, Continued

#### 4. **Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

#### 5. **Tax Status:**

The Internal Revenue Service has determined and informed the Company by letter dated October 25, 2017 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the effects of accounting guidance related to uncertain income tax positions and concluded that the Plan had no significant financial statement exposure to uncertain income tax positions at December 31, 2019 and 2018. The Plan is not currently under audit by any tax authority.

#### 6. **Risks and Uncertainties:**

The Plan provides for various investments in mutual funds and a common/collective trust. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

#### 7. **Administrative Expenses:**

Although not required by the Plan, a portion of the costs of the Plan administration are absorbed by the Company.

#### 8. **Related-Party Transactions:**

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard Fiduciary Trust Company ("VFTC"). VFTC acts as trustee for only those investments as defined by the Plan. These are related-party transactions and are identified as parties-in-interest in the accompanying schedule of assets (held at end of year). The Plan paid administrative fees to the trustee totaling \$59,349 and \$25,017 during 2019 and 2018, respectively.
