(1) Description of plan

The following description of the Community Medical Center 401(k) Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan established January 1, 1986 to provide retirement benefits for employees of RCHP Billings - Missoula, LLC (the "Plan Sponsor"). The Plan covers substantially all employees ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. During 2019, the Investment Committee of the LifePoint Health, Inc. Retirement Plans is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. During 2018, the RCCH Healthcare Partners 401(k) Investment Committee was responsible for the oversight of the Plan and determined the appropriateness of the Plan's investment offerings and monitored investment performance.

In November 2018, the Plan Sponsor merged with LifePoint Health, Inc. It is expected that the Plan will continue to exist for ongoing employees of RCHP Billings - Missoula, LLC.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan up to 100% of their annual compensation which are deductible for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC"), subject to certain IRC limitations. Participants may also rollover amounts from other qualified defined benefit or defined contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions are invested in the designated default fund until changed by the participants. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

For all participants, except union registered nurse ("RN") participants, who have completed 1,000 or more hours of service during the plan year, are actively employed on the last day of the plan year and have completed a year of service, the Plan Sponsor makes a matching contribution of 50% of the participant deferrals up to the first 6.5% of eligible compensation. For union RN participants who have completed 800 or more hours of service during the plan year, are actively employed on the last day of the plan year and have completed a year of service, the Plan Sponsor makes a matching contribution of 50% of the participant deferrals up to the first 6.5% of eligible compensation as stated in the terms of the collective bargaining agreement.

For applicable employees of IUOE Local 400 CBA, the Plan Sponsor shall contribute on behalf of each such employee an amount equal to fifty cents ($0.50) per compensated hour into the Plan in addition to wages. This contribution will be made with the annual Plan Sponsor contribution, such as the match or non-elective contribution using the same eligibility requirements applicable to such Plan Sponsor contributions.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, the Plan Sponsor's contributions, and an allocation of Plan earnings or losses and administrative expenses. Allocations are based on participant earnings (losses) or account balances, or participant transactions, as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

(d) Payment of benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution. Any distribution from the prior Community Medical Center Employees' Pension Plan is subject to Qualified Joint & Survivor Annuity rules. The Plan allows for in-service distributions if a participant reaches age 59.5 and hardship distributions subject to plan provisions. If a participant terminates employment and the participant's account balance does not exceed $1,000, the plan administrator may authorize the benefit payment without the participant's consent.

(e) Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Plan Sponsor's matching and discretionary contribution portion of their accounts, plus actual earnings (losses) thereon, is based on years of credited service. Notwithstanding the above, a participant is fully vested in discretionary contributions upon reaching normal retirement age, death or permanent disability. Termination of employment before any of the above occurs activates the following vesting schedule:

Years of Service	Vested Percentage
0 - 1	0%
2	20%
3	50%
4	75%
5	100%

(f) Forfeitures

Forfeitures of nonvested accounts can be used to pay Plan expenses or reduce the Plan Sponsor's contributions. Forfeitures were not used to reduce the Plan Sponsor's contributions for the years ended December 31, 2019 and 2018. Forfeitures of $4,500 and $24,150 were used to pay Plan expenses for the year ended December 31, 2019 and 2018, respectively. At December 31, 2019 and 2018, forfeited nonvested accounts totaled $186,184 and $156,211, respectively.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

(h) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Administrative expenses

The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the plan agreement. Expenses paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

Management of the Plan Sponsor has evaluated events and transactions that occurred between December 31, 2019 and October 14, 2020, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Information related to investments reported and disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments held at December 31, 2019 and 2018, net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended December 31, 2019 and 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Vanguard Fiduciary Trust Company ("Vanguard").

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2019 and 2018.

(i) ***Mutual funds*****: Valued at the net asset value ("NAV") of shares held by the Plan at year-end in an active market.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2019 and 2018:

	Fair value measurements as of December 31, 2019 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 74,533,120	$ -	$ -	$ 74,533,120
Investments measured at NAV, as a practical expedient (a)				9,260,753
Investments at fair value				$ 83,793,873

	Fair value measurements as of December 31, 2018 using the following inputs			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 67,136,910	$ -	$ -	$ 67,136,910
Investments measured at NAV, as a practical expedient (a)				589,891
Investments at fair value				$ 67,726,801

(a) Certain investments are measured at NAV as a practical expedient to estimate fair value and, therefore, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which the fair value is measured using the NAV as a practical expedient as of December 31, 2019 and 2018, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to Plan level transactions.

Description	Fair Value 12/31/2019	Fair Value 12/31/2018	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trust funds	$ 9,260,753	$ 589,891	N/A	Daily	Daily

(5) Income tax status

The Plan Sponsor adopted a volume submitter 401(k) plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on March 31, 2014, which stated that the volume submitter plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted volume submitter plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2019 and 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

Certain plan investments are shares of mutual funds and collective trust funds managed by Vanguard and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(7) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Subsequent event

The Plan has implemented certain provisions allowed by the Coronavirus Aid, Relief, and Economies Security Act (the CARES act) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the SECURE Act), which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related distributions of up to $100,000, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts are currently being assessed but have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
